SUPPLEMENTARY INFORMATION: DOI published a notice on February 25, 2011, asking the public for ideas and information as it prepared a preliminary plan for retrospective regulatory review to comply with President Obama's Executive Order 13563, "Improving Regulation and Regulatory Review." DOI received helpful information in response to this request, which it considered in preparing the preliminary plan. DOI published a preliminary plan on May 18, 2011. DOI is now finalizing the plan. The preliminary plan is available on DOI's Open Government Web site at: <http://www.doi.gov/open/regsreview/>. This Web site provides links to the plan, the Department's regulations, and an e-mail in-box at RegsReview@ios.doi.gov that interested parties may use to suggest, on an ongoing basis, improvements to DOI's regulations.

Questions for the Public

DOI specifically asks the public to provide comments related to the questions that follow to help the Department finalize the plan to review its significant regulations.

(1) DOI seeks to establish a culture of retrospective review that will produce regulations that accomplish the Department's mission in a way that works best for the American public. Are there any changes to DOI's plan for retrospective regulatory review that would further this goal? DOI encourages those submitting comments to include specific ideas that would improve DOI's

process for systematically reviewing its regulations.

(2) DOI has proposed specific rules to review over the next two years. Are there other rules that could benefit from retrospective review in the near future? If so, please specifically identify the rules and suggest ways DOI can streamline, consolidate, or make these regulations work better. Please suggest specific language that would make these rules or guidance more efficient and less burdensome where possible.

(3) Are there ways DOI can better scale its regulations to lessen the burdens imposed on small entities within the existing statutory requirements? Please identify any specific regulations that, under the applicable laws, could exempt small entities or provide more flexible or less burdensome requirements.

(4) Are DOI regulations and guidance written in language that is clear and easy to understand? Please identify specific regulations and guidance that are good candidates for a plain language re-write.

(5) What are some suggestions that DOI can use to assure that its regulations promote its mission in ways that are most efficient and least burdensome?

The Department is issuing this request solely to seek useful information as it finalizes its plan to review its existing significant regulations. While responses to this request do not bind DOI to any further actions related to the response, all submissions will be made available to the public on <http://www.regulations.gov>.

Before including your address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from the public review, we cannot guarantee that we will be able to do so.
