Abstract: The Food Distribution Programs of the Department of Agriculture (USDA) assist American farmers and needy people by purchasing and delivering food to State agencies that, in turn, distribute them to

organizations that assist those in need. Effective administration of Food Distribution Programs is dependent on the collection and submission of information from State and local agencies to FNS. This information includes, for example, the number of households served in the programs; the quantities of foods ordered; and where the food is to be delivered; verification of the receipt of a food order; and the amounts of USDA foods in inventory. FNS employs this information collection activity to obtain the data necessary to make those calculations. This is a revision of an information collection based on a final rule titled *Food Distribution Program on Indian Reservations (FDPIR): Amendments Related to the Food, Conservation, and Energy Act of 2008* published in 76 FR 18861 on April 6, 2011. This final rule codifies several policy changes to ensure FDPIR regulations are consistent with changes made by the 2008 Farm Bill to the Supplemental Nutrition Assistance Program (SNAP).

SUPPLEMENTARY INFORMATION:

Title: Equal Opportunity Compliance Review Record.

OMB Number: 0596-0215 renewal.

Type of Request: Renewal.

Abstract:

All Federal agencies must comply with equal opportunity laws:

- Title VI of the Civil Rights Act of 1964, as amended.
- Title IX of the Education Amendments Act of 1972.
- The Age Discrimination Act of 1975, as amended.
- Section 504 of the Rehabilitation Act of 1973, as amended.
- Executive orders prohibiting discrimination in the delivery of all programs and services to the public.

Federal agencies and entities receiving Federal financial assistance are prohibited from discriminating. Federal financial assistance is defined as, "Federal monies given by grants, cooperative agreements, commercial special use permits, training, loan/temporary assignment of Federal personnel, or loan/use of Federal property at below market value."

The equal opportunity laws require agencies to conduct compliance reviews to ensure that entities receiving Federal Financial Assistance from the government are adhering to the nondiscrimination statutes. The statutes require that prior to awarding support or issuing permits, the Federal government shall conduct pre-award reviews to ensure that potential recipients understand their responsibilities to provide services equitable pursuant to the law. Thereafter, during the partnership with the agency, ongoing monitoring will take place to ensure the public is being served without any barriers or discrimination.

Forest Service employees will use form FS-1700-6, Equal Opportunity Compliance Review Record, to collect information regarding actions taken by recipients of Federal financial assistance to ensure the public receives services without discrimination or barriers to access, and that recipients' employees understand their customer service role. Collection will occur during face-to-face meetings or telephone interviews conducted by Forest Service employees as part of the pre-award and post award process. The pre-award interview will take place prior to the award of a grant, signing of a cooperative agreement, letting of commercial special use permit, or similar activity. The post award interview will take place once every 5 years, or upon report/discovery of discrimination.

The information collected will only be shared with other Federal agencies who share in the financial assistance activities with the Forest Service. Monitoring reviews have been a responsibility of the Federal government since 1964. Without the ability to monitor recipients of Federal financial assistance, the Forest Service would not be able to ensure compliance with laws and statutes. The agency would not be aware of potential violations, thereby resulting in potential discriminatory practices.

Estimate of Annual Burden: 1 hour.

Type of Respondents: Recipients of Federal financial assistance.

Estimated Annual Number of Respondents: 11,000.

Estimated Annual Number of Responses per Respondent: One.

Estimated Total Annual Burden on Respondents: 11,000.

Comment is invited on: (1) Whether this collection of information is necessary for the stated purposes and the proper performance of the functions of the Agency, including whether the
