EO 13175 Consultations and Coordination With Indian Tribal Governments

To introduce tribes and tribal leaders in the Delta Region to this program USDA hosted a teleconference on December 7, 2010. USDA extended an invitation to Tribal Leaders of the six Federally recognized Tribes in Mississippi, Louisiana, and Alabama on November 30, 2010. Through this call USDA aimed to review, discuss, and open the door for consultation on this program, in case the tribes brought forward any unanticipated concerns regarding the draft NOFA provisions of the Delta Health Care Services Grant Program, authorized under Section 379G of the Consolidated Farm and Rural Development Act. Three of the six tribes participated on the teleconference on December 7, 2010. It was explained that eligible grant applicants are limited to consortiums or groups of regional institutions of higher education, academic health and research institutes, and economic development entities located in the Delta Region that have experience in addressing the health care issues in the region. It was also articulated that eligible consortiums may include participation with Indian Tribes. The Tribal Leaders did not express any perceived negative impact regarding the draft, and were given

appropriate Rural Development contact information should they have any future concerns regarding the NOFA. As a result of this teleconference, USDA has assessed the impact of this NOFA on Indian Tribal Governments in the Delta Region, and has concluded that this NOFA will not negatively affect the Federally recognized Tribes in the region, or impose substantial direct compliance costs on Indian Tribal Governments, nor preempt tribal law.

Paperwork Reduction Act

The Paperwork Reduction Act requires Federal Agencies to seek and obtain Office of Management and Budget (OMB) approval before undertaking a collection of information directed to ten or more persons. In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. It was determined that the eligible number of entities in the Delta Region was fewer than nine and in accordance with 5 CFR part 1320 the agency has not obtained OMB approval of the information collection associated with this NOFA.

VI. Application Review Information

A. Criteria

1. Grant applications are scored competitively and subject to the criteria listed below.

2. Grant application scoring criteria are detailed in the Delta Health Care

Services Grant Application Guide. There are 100 points available, broken down as follows:

a. The Rurality of the Project area and communities served. (up to 40 points);

b. The Community Needs and Benefits Derived from the project. (up to 45 points); and

c. The Project Management and Organization capability. (up to 15 points).

B. Grant Review standards

1. All applications for grants must be delivered to RUS at the address specified in this notice, or submitted electronically to <http://www.grants.gov/> (Grants.gov) to be eligible for funding. RUS will review each application for conformance with the provisions of this part. RUS may contact the applicant for additional information or clarification.

2. Applications conforming with this part will be evaluated competitively by RUS employees, and will be awarded points as described in the Delta Health Care Services Grant Application Guide. Applications will be ranked and grants awarded in rank order until all grant funds are expended.

3. Regardless of the score an application receives, if RUS determines that the Project is technically or financially infeasible, the Agency will notify the applicant, in writing, and the application will be returned and will not be considered for funding.

C. Scoring Guidelines

1. The applicant's self scores in Rurality will be checked and, if necessary, corrected by RUS.

2. The Community Needs and Benefits derived from the project score will be determined by RUS based on information presented in the application. The Community Needs and Benefits score is a subjective score based on the reviewer's assessment of the supporting arguments made in the application. The score aims to assess how the project's purpose and goals benefit the residents in the Delta Region.

3. The Project Management and Organization Capability score will be determined by RUS based on information presented in the application. RUS will evaluate the applicant's experience, past performance, and accomplishments addressing health care issues to ensure effective project implementation.

D. Selection Process

Grant applications are ranked by final score. RUS selects applications based on those rankings, subject to availability of funds. Rural Development has the authority to limit the number of

applications selected in any one state, or from any applicant.

VII. Award Administration Information

A. Award Notices

RUS recognizes that each funded project is unique, and therefore may attach conditions to different projects' award documents. The Agency generally notifies applicants whose projects are selected for awards by faxing an award letter. The Agency follows the award letter with a grant agreement that contains all the terms and conditions for the grant. An applicant must execute and return the grant agreement, accompanied by any additional items required by the grant agreement.

B. Administrative and National Policy Requirements

The items listed in Section V of this notice and the Delta Health Care Services Grant Application Guide and accompanying materials implement the appropriate administrative and national policy requirements.

C. Performance Reporting

All recipients of Delta Health Care Services Grant Program financial assistance must provide annual performance activity reports to RUS until the project is complete and the funds are expended. A final performance report is also required; the final report may serve as the last annual report. The final report must include an evaluation of the success of the project.

D. Recipient and Subrecipient Reporting

The applicant must have the necessary processes and systems in place to comply with the reporting requirements for first-tier sub-awards and executive compensation under the Federal Funding Accountability and Transparency Act of 2006 in the event the applicant receives funding unless such applicant is exempt from such reporting requirements pursuant to 2 CFR part 170, § 170.110(b). The reporting requirements under the Transparency Act pursuant to 2 CFR part 170 are as follows:

1. First Tier Sub-Awards of \$25,000 or more in non-Recovery Act funds (unless they are exempt under 2 CFR part 170) must be reported by the Recipient to <http://www.fsrs.gov> no later than the end of the month following the month the obligation was made.

2. The Total Compensation of the Recipient's Executives (5 most highly compensated executives) must be reported by the Recipient (if the Recipient meets the criteria under 2 CFR part 170) to <http://www.ccr.gov> by the

end of the month following the month in which the award was made.

FOR FURTHER INFORMATION CONTACT: Mahnaz Khan or Yasmin Nair, AD/CVD Operations, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-0914 and (202) 482-3813, respectively.

See *Initiation of Five-Year ("Sunset") Review*, 75 FR 67082 (November 1, 2010).

As a result of its review, the Department determined that revocation of the antidumping duty order on certain cased pencils from the PRC would likely lead to a continuation or recurrence of dumping and, therefore, notified the ITC of the magnitude of the margins likely to prevail should the order be revoked.
