

Deepwater Horizon oil spill in the Gulf of Mexico had fundamentally different characteristics than previous near-shore oil spills creating new research needs for oil spill treatment methods (e.g., in-situ burning, bioremediation, and the use of dispersants), and potential human health and ecological impacts. ORD requested SAB advice on its draft Oil Spill Research Strategy. The SAB Oil Spill Research Strategy Review Panel has considered ORD's strategy and prepared an advisory report that will undergo quality review by the chartered SAB.

Background information about the SAB advisory activity can be found on the SAB Web site at http://yosemite.epa.gov/sab/sabproduct.nsf/fedrgr_activites/Oil%20Spill%20Research%20Strategy?OpenDocument.

Availability of Meeting Materials: The agenda and other materials in support of the teleconference will be placed on the SAB Web site at <http://www.epa.gov/sab> in advance of the teleconference.

Procedures for Providing Public Input: Public comment for consideration by EPA's federal advisory committees and panels has a different purpose from public comment provided to EPA program offices. Therefore, the process for submitting comments to a federal advisory committee is different from the process used to submit comments to an EPA program office.

Federal advisory committees and panels, including scientific advisory committees, provide independent advice to EPA. Members of the public can submit comments for a federal advisory committee to consider as it develops advice for EPA. Input from the public to the SAB will have the most impact if it provides specific scientific or technical information or analysis for SAB panels to consider or if it relates to the clarity or accuracy of the technical information. Members of the public wishing to provide comment should contact the Designated Federal Officer directly. **Oral Statements:** In general, individuals or groups requesting an oral presentation at a teleconference will be limited to three minutes. Those interested in being placed on the public speakers list for the July 28, 2011 teleconference should contact Dr. Nugent at the contact information provided above no later than July 21, 2011. **Written Statements:** Written statements should be supplied to the DFO via email at the contact information noted above by July 21, 2011 for the teleconference so that the information may be made available to the Panel members for their consideration. Written statements

should be supplied in one of the following electronic formats: Adobe Acrobat PDF, MS Word, MS PowerPoint, or Rich Text files in IBM-PC/Windows 98/2000/XP format. It is the SAB Staff Office general policy to post written comments on the web page for the advisory meeting or teleconference. Submitters are requested to provide an unsigned version of each document because the SAB Staff Office does not publish documents with signatures on its web sites. Members of the public should be aware that their personal contact information, if included in any written comments, may be posted to the SAB Web site.

Copyrighted material will not be posted without explicit permission of the copyright holder.

Accessibility: For information on access or services for individuals with disabilities, please contact Dr. Nugent (202) 564-2188 or nugent.angela@epa.gov. To request accommodation of a disability, please contact Dr. Nugent preferably at least ten days prior to the teleconference to give EPA as much time as possible to process your request.

Dated: July 6, 2011.

Pesticide Program Dialogue Committee, Pesticide Registration Improvement Act Process Improvement Workgroup; Notice of Public Meeting

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Pesticide Program Dialogue Committee (PPDC) provides a forum for a diverse group of stake holders to provide advice to the pesticide program on various pesticide regulatory, policy, and program implementation issues. In meeting its Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) and Endangered Species Act (ESA) obligations, EPA continues to seek advice from the PPDC and its workgroup, the Pesticide Registration Improvement Act (PRIA) Process Improvement Work Group. EPA plans to meet its ESA consultation obligations through the pesticide registration review

program. EPA seeks input on improving the current process for stake holder input on endangered species' consultations, such as when and where stake holders should provide information regarding a pesticide during the registration review process. This meeting of the PRIA Process Improvement Work Group continues the dialogue between EPA and interested stake holders on improving opportunities for stake holder involvement on endangered species' consultations. The agenda will be available on the Web at <http://www.epa.gov/oppfeed1/cb/ppdc/pria/index.html>.

DATES: The meeting will be held on July 27, 2011 from 9 a.m. to 12 p.m.

Requests to participate in the meeting must be received on or before July 22, 2011.

To request accommodation of a disability, please contact the person listed under **FOR FURTHER INFORMATION CONTACT**, preferably at least 10 days prior to the meeting, to give EPA as much time as possible to process your request.

ADDRESSES: The meeting will be held at Room 12100, One Potomac Yard (South Building), 2777 S. Crystal Drive, Arlington, VA.

FOR FURTHER INFORMATION CONTACT: Elizabeth Leovey, Immediate Office, Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; *telephone number:* (703) 305-7328; *fax number:* (703) 308-4776; *e-mail address:* leovey.elizabeth@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

You may be potentially affected by this action if you are concerned about the re-evaluation of registered pesticides and the information used to assess risks to endangered species under FIFRA, and the Federal Food, Drug and Cosmetic Act (FFDCA). Other potentially affected entities may include but are not limited to:

- Crop production (NAICS code 111).
- Animal production (NAICS code 112).
- Food manufacturing (NAICS code 311).
- Pesticide manufacturing (NAICS code 32532), agricultural workers and farmers; pesticide industry trade associations; environmental, consumer and farmworker groups; pesticide users and growers; pest consultants; State, local and Tribal governments; academia;

public health organizations; and the public. Since other entities may also be interested, the Agency has not attempted to describe all specific entities that may be affected by this action.

This listing is not intended to be exhaustive, but rather provides a guide for readers regarding entities likely to be affected by this action. Other types of entities not listed in this unit could also be affected. The North American Industrial Classification System (NAICS) codes have been provided to assist you and others in determining whether this action might apply to certain entities. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. How can I get copies of this document and other related information?

EPA has established a docket for this action under docket ID number EPA-HQ-OPP-2007-0191. Publicly available docket materials are available either in the electronic docket at <http://www.regulations.gov>, or, if only available in hard copy, at the Office of Pesticide Programs (OPP) Regulatory Public Docket in Rm. S-4400, One Potomac Yard (South Bldg.), 2777 S. Crystal Dr., Arlington, VA. The hours of operation of this Docket Facility are from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The Docket Facility telephone number is (703) 305-5805.

II. Background

The Office of Pesticide Programs (OPP) is entrusted with the responsibility of ensuring the safety of the American food supply, protection and education of those who apply or are exposed to pesticides occupationally or through use of products, and the general protection of the environment and special ecosystems from potential risks posed by pesticides. The PPDC was established under the Federal Advisory Committee Act (FACA), Public Law 92-463, in September 1995 for a 2 year-term and has been renewed every 2 years since that time. The PPDC provides advice and recommendations to OPP on a broad range of pesticide regulatory, policy, and program implementation issues that are associated with evaluating and reducing risks from the use of pesticides. The following sectors are represented on the PPDC: Pesticide industry and trade associations; environmental/public interest and consumer groups; farm worker organizations; pesticide user, grower and commodity groups; Federal and

State/local/Tribal governments; the general public; academia; and public health organizations. Copies of the PPDC charter are filed with appropriate committees of Congress and the Library of Congress and are available upon request. Copies of the minutes of past meetings of this workgroup are available on the internet at <http://www.epa.gov/pesticides/ppdc/pria/index.html>.

III. How can I request to participate in this meeting?

You may submit a request to participate in this meeting to the person listed under **FOR FURTHER INFORMATION CONTACT**. Do not submit any information in your request that is considered CBI. Requests to participate in the meeting, identified by docket ID number EPA-HQ-OPP-2007-0191, must be received on or before July 22, 2011.

List of Subjects

Product Cancellation Order for Certain Pesticide Registrations; Correction

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice; correction.

SUMMARY: EPA issued a cancellation order in the **Federal Register** of February 25, 2011, concerning the voluntary cancellation of multiple pesticide products. This document is being issued to correct the cancellations of two Phaeton Corporation pesticide products.

FOR FURTHER INFORMATION CONTACT: Maia Tatinclaux, Pesticide Re-evaluation Division (7508P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (703) 347-0123; fax number: (703) 308-8090; e-mail address: tatinclaux.maia@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

The Agency included in the notice a list of those who may be potentially affected by this action. If you have questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. How can I get copies of this document and other related information?

EPA has established a docket for this action under docket identification (ID) number EPA-HQ-OPP-2009-1017. Publicly available docket materials are available either in the electronic docket at <http://www.regulations.gov>, or, if only available in hard copy, at the Office of Pesticide Programs (OPP) Regulatory Public Docket in Rm. S-4400, One Potomac Yard (South Bldg.), 2777 S. Crystal Dr., Arlington, VA. The hours of operation of this Docket Facility are from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The Docket Facility telephone number is (703) 305-5805.

II. Background

The cancellation of Phaeton Corporation's pesticide products, EPA Reg. Nos. 28293-160 and 28293-215 was published in the **Federal Register** of February 25, 2011 (76 FR 10587) (FRL-8833-4). The Cancellation Order was issued following a Notice announcing the requests to voluntarily cancel these products published in the **Federal Register** of November 10, 2010. This Notice was subject to a 30-day comment period during which no comments were received regarding the subject product registrations.

These products were cancelled in error because Phaeton Corporation did not request their voluntary cancellation. The Agency mistakenly included these products in the Cancellation Order and notification was not received during the comment period prior to issuance of the final Cancellation Order. Therefore, EPA Reg. Nos. 28293-160 and 28293-215 should not have been included in the Cancellation Order published in the **Federal Register** of February 25, 2011, and these products maintain active registrations at this time.

III. What does this correction do?

The preamble for FR Doc. 2011-4140 published in the **Federal Register** of February 25, 2011 (76 FR 10587) (FRL-8863-4) is corrected as follows:

1. On page 10588, in Table 1, remove the entries for EPA Reg. No. 028293-00160, for Unicorn House and Carpet Spray 11, and EPA Reg. No. 028293-
