DATES: Effective Date: July 7, 2011.

FOR FURTHER INFORMATION CONTACT: Jeff Pedersen or Rebecca Pandolph, AD/CVD Operations, Office 4, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482–2769 and (202) 482–3627, respectively.

Statutory Time Limits

In antidumping duty administrative reviews, section 751(a)(3)(A) of the Tariff Act of 1930, as amended (“the Act”), requires the Department to make a final determination in an administrative review of an antidumping duty order within 120 days after the date on which the preliminary results are published. However, if it is not practicable to complete the review within this time period, section 751(a)(3)(A) of the Act allows the Department to extend the 120 day period to 180 days after publication of the preliminary results (or 300 days if the Department has not extended the time limit for the preliminary results).

Extension of Time Limit for Final Results

The Department has determined that it is not practicable to complete the review within the 120-day time period because it requires additional time to consider the comments it received on May 25, 2011 concerning Zhangjiagang Zheng Yan Decoration Co., Ltd. Therefore, in accordance with section 751(a)(3)(A) of the Act, the Department is extending the time period for completing the final results of the instant administrative review until August 9, 2011. This notice is published pursuant to sections 751(a)(3)(A) and 777(i) of the Act.

Dated: July 7, 2011.

Christian Marsh,
Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Certain Preserved Mushrooms From the People’s Republic of China; Extension of Time Limit for Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: Effective Date: July 13, 2011.

FOR FURTHER INFORMATION CONTACT: Scott Hoeke or Fred Baker, AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–4947 or (202) 482–2924, respectively.

SUPPLEMENTARY INFORMATION:

Background

On March 8, 2011, the Department of Commerce (Department) published in the Federal Register the preliminary results of the administrative review of the antidumping duty order on certain preserved mushrooms from the People’s Republic of China, covering the period February 1, 2009, to January 31, 2010. See Certain Preserved Mushrooms From the People’s Republic of China: Preliminary Results of Antidumping Duty Administrative Review, Rescission in Part, and Intent To Rescind in Part, 76 FR 12704 (March 8, 2011) (Preliminary Results). The current deadline for the final results of this review is July 6, 2011.

Extension of Time Limits for Final Results of Review

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires that the Department complete the final results of an administrative review within 120 days after the date on which notice of the preliminary results was published in the Federal Register. However, if it is not practicable to complete the review within this time period, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the final results to a maximum of 180 days after the publication date of the preliminary results.

The Department finds that it is not practicable to complete the final results of this review within the original time frame because the Department continues to require additional time to analyze issues raised in recent case and rebuttal briefs. Thus, the Department finds it is not practicable to complete this review within the original time limit (i.e., July 6, 2011). Accordingly, the Department is extending the time limit for completion of the final results of this administrative review by 60 days (i.e., until September 4, 2011), in accordance with section 751(a)(3)(A) of the Act and 19 CFR 351.213(b)(2). However, because September 4, 2011, falls on a weekend, and the following day is a federal holiday, the time limit for completion of our final results will be September 6, 2011.

This extension is issued and published in accordance with sections 751(a)(3)(A) and 777(i) of the Act.

Atlantic Highly Migratory Species; Environmental Assessment for Amendment 4 to the 2006 Consolidated Atlantic Highly Migratory Species Fishery Management Plan

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of intent.

SUMMARY: NMFS announces its intent to prepare an Environmental Assessment (EA) for Amendment 4 to the 2006 Consolidated Atlantic Highly Migratory Species (HMS) Fishery Management Plan (FMP) instead of an Environmental Impact Statement (EIS) as previously announced through publication of a Notice of Intent published on May 27, 2008 (73 FR 30381). NMFS intends to prepare the EA under the National Environmental Policy Act (NEPA) to assess the potential environmental impacts of various alternatives to permitting and reporting requirements for commercial HMS fisheries in U.S. waters of the Caribbean as well as examine management alternatives to improve catch reporting and data collection in Puerto Rico and the U.S. Virgin Islands consistent with the Magnuson-Stevens Act and the Atlantic Tunas Convention Act (ATCA), and other relevant Federal laws.

After consideration of substantive comments received through formal scoping and other means, NMFS has determined that an EA would provide an appropriate level of NEPA review for Amendment 4 to the Consolidated HMS FMP and preparation of an EIS is not necessary. NMFS anticipates that the proposed action would have a low level of potential adverse environmental impacts due to the limited geographic area of the Caribbean HMS fishery, small size of the vessels involved, the relatively low number of known participants, and the use of traditional handgears. Additionally, the potential adverse impacts to protected species would be expected to be minimal.

Dated: July 7, 2011.

Margo Schulze-Haugen,
Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

[AR 0648–XA561]
New England Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; public meeting.

SUMMARY: The New England Fishery Management Council (Council) Research Steering Committee (Committee) will hold a webinar.

DATES: The meeting will be held on Tuesday, August 2, 2011, at 3 p.m.

ADDRESSES: Meeting address: The webinar will be held at the New England Fishery Management Council, 50 Water Street, Mill 2, Newburyport, MA 01950; telephone: (978) 465–0492; fax: (978) 465–3116.

Council address: New England Fishery Management Council, 50 Water Street, Mill 2, Newburyport, MA 01950.

FOR FURTHER INFORMATION CONTACT: Paul J. Howard, Executive Director, New England Fishery Management Council; telephone: (978) 465–0492.

SUPPLEMENTARY INFORMATION: The purpose of the meeting is to respond to NMFS’ request for additional information regarding adoption of the new eliminator trawl. The RSC will answer the following questions in the form of a recommendation to be reviewed by the Council’s Executive Committee at its August 9th meeting:

1. Is the Council’s intent that the gear be available to both sector and non-sector vessels for use in the Haddock SAP and as a specified gear for the purpose of discard estimation? 2. Does the committee feel there is sufficient information to warrant treating the new eliminator trawl the same as the Ruhle trawl for the purpose of discard estimation, or does it recommend creating a new gear code due to potential for catch performance differences? 3. How does the committee evaluate the gear with respect to the applicability of the Haddock SAP and Regular B-day program gear performance standards in the regulations?

The research report on the gear in question is available at http://www.nefmc.org under Research Steering Committee meeting materials for the April 14th meeting. The public may obtain information about accessing the webinar by visiting the New England Council’s Web site at http://www.nefmc.org.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under
