SOCIAL SECURITY ADMINISTRATION

20 CFR Part 416
[Docket No. SSA–2009–0027]
RIN 0960–AH02
Electronic Substitutions for Form SSA–538

AGENCY: Social Security Administration.

ACTION: Final rule with request for comments.

SUMMARY: We are revising our regulations to reflect our use of electronic case processing at the initial and reconsideration levels of our administrative review process. Our prior rule required adjudicators at these levels to complete a Form SSA–538, Childhood Disability Evaluation Form, in all cases of children alleging disability or continuing disability under title XVI of the Social Security Act (Act). However, we developed and now use a Web-based tool that assists our adjudicators in making disability determinations in several States, and we plan to expand its use to other States. We are revising our regulation to reflect the new tool. We are not changing the requirement that State agency medical and psychological consultants must affirm the accuracy and completeness of their findings of fact and discussion of the supporting evidence, only the manner in which they may provide the required findings and affirmation. We expect that this revision will improve our efficiency by increasing our use of electronic resources.

DATES: These rules are effective on July 15, 2011. Comment Date: To ensure that your comments are considered, we must receive them no later than September 13, 2011.

ADDRESSES: You may submit comments by any one of three methods—Internet, fax, mail. Do not submit the same comments multiple times or by more than one method. Regardless of which method you choose, please state that your comments refer to Docket No. SSA–2009–0027 so that we may associate your comments with the correct regulation.

Caution: You should be careful to include in your comments only information that you wish to make publicly available. We strongly urge you not to include in your comments any personal information, such as Social Security numbers or medical information.

• Internet: We strongly recommend that you submit your comments via the Internet. Please visit the Federal eRulemaking portal at http://www.regulations.gov. Use the Search function to find docket number SSA–2009–0027. The system will issue a tracking number to confirm your submission. You will not be able to view your comment immediately because we must post each comment manually. It may take up to a week for your comment to be viewable.

• Fax: Fax comments to (410) 966–2830.
• Mail: Address your comments to the Office of Regulations, Social Security Administration, 107 Altmeyer Building, 6401 Security Boulevard, Baltimore, Maryland 21235–6401.

Comments are available for public viewing on the Federal eRulemaking portal at http://www.regulations.gov or in person, during regular business hours, by arranging with the contact person identified below.

SUPPLEMENTARY INFORMATION:
What revision are we making?

We are making this revision because we list on form SSA–538.1 although it does not include an exact copy of all of the essential elements of the SSA–538; it simply does not include an electronic version of a “Form SSA–538” or contain web pages that look exactly like the paper form.

For the same reason, we also find good cause for dispensing with the 30-day delay in the effective date of a final rule under 5 U.S.C. 553(d). The change represents merely another option for recording and affirming our findings and does not change the substance of what we require adjudicators to record. Therefore, we find that it is unnecessary to delay the effective date of these rules.

Executive Order 12866, as supplemented by Executive Order 13563

We consulted with the Office of Management and Budget (OMB) and determined that this final rule meets the criteria for a significant regulatory action under Executive Order 12866, as supplemented by Executive Order 13563. Therefore, OMB reviewed it.

Regulatory Flexibility Act

We certify that this final rule does not have a significant economic impact on a substantial number of small entities because it affects only persons or States. Thus, a regulatory flexibility analysis as provided in the Regulatory Flexibility Act, as amended, is not required.

Paperwork Reduction Act

This rule does not create any new or affect any existing collections and, therefore, does not require Office of Management and Budget approval under the Paperwork Reduction Act. (Catalog of Federal Domestic Program No. 96.006, Supplemental Security Income.)

Michael J. Astrue,
Commissioner of Social Security.

For the reasons set out in the preamble, we amend title 20 of the Code of Federal Regulations, chapter III, part 416, subpart I as follows:

1 In some cases, adjudicators still complete the paper Form SSA–538 and include a scanned copy of the form in the electronic case record. We plan eventually to end this practice and to use only the electronic tool.

2 We list the same factors in the web-based tool that we list on form SSA–538.

SUPPLEMENTARY INFORMATION:

I. Background

In a notice published in the Federal Register of April 8, 2010 (75 FR 17928), FDA announced that Nisso America Inc., 45 Broadway, Suite 2120, New York, NY 10006, filed a food additive petition (FAP 0A4780). The petition proposed to amend the food additive regulations in § 172.870 (21 CFR 172.870), by lowering the minimum permitted viscosity of hydroxypropyl cellulose (HPC) identified in § 172.870(a)(1) from 145 cPs to 10 cPs and to permit its use as a binder in dietary supplements.

Section 172.870 includes both high-substituted HPC, which contains not more than 4.6 hydroxypropyl groups per anhydroglucose unit (§ 172.870(a)(1)), and low-substituted HPC, which contains on average 0.1 to 0.4 hydroxypropyl groups per anhydroglucose unit (§ 172.870(a)(2)). High-substituted HPC can be used, in accordance with good manufacturing practice, as an emulsifier, film former, protective colloid, stabilizer, suspending agent and thickener (§ 172.870(b)(1)). Low-substituted HPC can be used, in accordance with good manufacturing practice, as a binder and disintegrator in tablets or wafers containing dietary supplements (§ 172.870(b)(2)). It is the high-substituted HPC regulated under § 172.870(a)(1) and (b)(1) that is the subject of this petition.

II. Evaluation of Safety

Under the general safety standard in section 409 of the Federal Food, Drug, and Cosmetic Act (the FD&C Act) (21 U.S.C. 348), a food additive cannot be approved for a particular use unless a fair evaluation of the data available to FDA establishes that the additive is safe for that use. FDA’s food additive regulations (21 CFR 170.3(i)) define safe as “a reasonable certainty in the minds of competent scientists that the substance is not harmful under the intended conditions of use.” To establish with reasonable certainty that
