By the authority vested in me as President by the Constitution and the laws of the United States of America, and in order to establish an interagency working group to coordinate the efforts of Federal agencies responsible for overseeing the safe and responsible development of onshore and offshore energy resources and associated infrastructure in Alaska and to help reduce our dependence on foreign oil, it is hereby ordered as follows:

(a) facilitate orderly and efficient decisionmaking regarding the issuance of permits and conduct of environmental reviews for onshore and offshore energy development projects in Alaska;
