[FRL-9435-6]

Data Availability Concerning Transport Rule Allowance Allocations to Existing Units

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notification of data availability (NODA).

SUMMARY: In the Transport Rule Federal Implementation Plans (FIPs), EPA finalized allowance allocations for 2012 and thereafter to existing units subject to the Transport Rule FIP trading programs in Alabama, Arkansas, Florida, Georgia, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maryland, Michigan, Minnesota, Mississippi, Missouri, Nebraska, New Jersey, New York, North Carolina, Ohio, Pennsylvania, South Carolina, Tennessee, Texas, Virginia, West Virginia, and Wisconsin. As required in the Transport Rule, this NODA notifies the public of the availability of data on these allowance allocations for existing units. Through this NODA, EPA is also making available to the public the data upon which the allocations were based.

FOR FURTHER INFORMATION CONTACT: Questions concerning this action should be addressed to Brian Fisher, telephone (202) 343-9633, and e-mail fisher.brian@epa.gov, Michael Cohen, telephone (202) 343-9497 and e-mail cohen.michael@epa.gov, or Robert Miller, telephone (202) 343.9077, and e-mail miller.robertl@epa.gov. The mailing address for the aforementioned contacts is U.S. Environmental Protection Agency, CAMD (6204J), 1200 Pennsylvania Ave., NW., Washington, DC 20460.

SUPPLEMENTARY INFORMATION: The detailed unit-by-unit data, calculations, and allowance allocation determinations are set forth in a technical support document in an Excel spreadsheet format titled "Unit Level Allocations Under the Transport Rule FIP" and available on EPA's Web site at <http://www.epa.gov/airtransport/actions.html>.

EPA is not requesting responses to the data made available through this NODA, which makes available data on allowance allocations finalized in the Transport Rule. Providing an allocation to an existing unit does not constitute a determination that the unit is a covered unit, and not providing an existing-unit allocation to a unit does not constitute a determination that the unit is not a covered unit. See §§ 97.411(a)(1), 97.511(a)(1), 97.611(a)(1), and 97.711(a)(1) of the Transport Rule.

Under the Transport Rule FIPs, EPA must record allowance allocations by certain deadlines. In particular, allowance allocations addressed by this NODA for existing units for 2012 must be recorded, within 90 days of the publication of the Transport Rule in the **Federal Register**, in the compliance accounts of existing units. See

§§ 97.421(a), 97.521(a), 97.621(a), and 97.721(a) of the Transport Rule.

For 2013 and beyond, the Administrator must record, by certain specified deadlines, allowance allocations for existing units. See §§ 97.421(b) through (f), 97.521(b) through (f), 97.621(b) through (f), and 97.721(b) through (f) of the Transport Rule.

Under certain circumstances, the allowance allocations addressed in this NODA to existing units are subject to termination or correction, and the provisions establishing these allocations may be replaced by a SIP revision. See §§ 97.411(a)(2), 97.511(a)(2), 97.611(a)(2), and 97.711(a)(2) (concerning termination of allocations of non-operating units) and 97.411(c), 97.511(c), 97.611(c), and 97.711(c) (concerning incorrect allocations) of the Transport Rule and §§ 52.38(a)(3) through (5) and (b)(3) through (5) and 52.39(d) through (i) of the Transport Rule (concerning SIP revisions).

Dated: July 6, 2011.

DEPARTMENT OF THE TREASURY

48 CFR Chapter 10

RIN 1505-AC04

Department of the Treasury Acquisition Regulation

AGENCY: Office of the Procurement Executive, Treasury.

ACTION: Final rule.

SUMMARY: The Department of the Treasury is issuing this final rule amending the Department of the Treasury Acquisition Regulation (DTAR) to: update, revise, or remove, as applicable, outdated text and references; add new text to maintain consistency with the Federal Acquisition Regulation (FAR); incorporate Treasury-specific policy associated with current FAR requirements; reflect the Treasury’s organization and delegation of authorities; and make minor editorial changes. This final rule adopts the provisions in the December 17, 2010, proposed rule with a minor change, thus renumbering one paragraph in the DTAR.

DATES: *Effective date:* August 17, 2011.

FOR FURTHER INFORMATION CONTACT: Mr. Fernando T. Tonolet, Procurement Analyst, at (202) 622-6416 for clarification of content or information pertaining to status or publication schedules.

SUPPLEMENTARY INFORMATION: On December 17, 2010, the Department of the Treasury published a proposed rule (75 FR 78953) to update the Department of the Treasury Acquisition Regulation (DTAR) 2002 Edition, first published on June 14, 2002, and available at: <http://www.access.gpo.gov/nara/cfr/>. The DTAR will be maintained separately and combined with Department of the Treasury Acquisition Procedures (DTAP) for expediency of use by Treasury staff. The DTAR and combined DTAR/DTAP will be posted at: <http://www.treasury.gov/about/organizational-structure/offices/Mgt/Pages/ProcurementPolicy-Regulations.aspx>.

www.treasury.gov/about/organizational-structure/offices/Mgt/Pages/ProcurementPolicy-Regulations.aspx.

The December 17, 2010 proposed rule invited public comments on several changes to the DTAR. Among other changes, the proposed changes included revised definitions and scope of the DTAR. In addition, the proposal included new sections that address Treasury’s Mentor-Protégé program, new provisions concerning contractor publicity, and new provisions on types of contracts (specifying that Bureaus must appoint a Task and Delivery Ombudsman). Finally, several editorial and grammatical changes were made in order to make the DTAR easier to read. See the December 17, 2010, proposed rule for further information.

The comment period closed on February 15, 2011. No comments were received and the Department adopts the proposed rule without change.

Procedural Matters

Executive Order 12866

This rule is not a significant regulatory action under Executive Order 12866, Regulatory Planning and Review, dated September 30, 1993.

Regulatory Flexibility Act

The Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, applies to this rule. It is hereby certified that the changes included in this rule will not have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act.

The revisions are not considered substantive; revisions only update and reorganize existing coverage. Further, the revisions to the Mentor-Protégé program, although having some economic impact on participating small entities, are not expected to affect a substantial number of small entities. The program is designed for mentoring firms to provide developmental assistance to protégés in the areas of management, personnel, organization, technical capability, financial strength, and training/certifications. As a result, the approximately 44 participating small entities may experience short-term gains including an increase in the areas of revenue, number of contract awards, personnel, technical capabilities, and business relationships. Long-term, program participation should provide increased access to prime or subcontractor opportunities at the Treasury. Subsequently, this program serves to improve the Department of the Treasury’s small business goal attainment.
