This review covers the period November 1, 2009, through October 31, 2010.

DATES: Effective Date: July 18, 2011.

FOR FURTHER INFORMATION CONTACT:

Administrative Determination Deadlines Pursuant to the Tariff Act of 1930, as Amended, 70 FR 24533 (May 10, 2005). Accordingly, the deadline for completion of the preliminary results is October 3, 2011.

The 60 day extension falls on October 1, 2011 which is a Saturday. It is the Department’s practice to issue a determination on the next business day when the statutory deadline falls on a weekend, federal holiday, or any other day when the Department is closed. See Notice of Clarification: Application of “Next Business Day” Rule for
Background

On April 12, 2011, the Department published the preliminary results of this review in the Federal Register. See Preliminary Results. We invited parties to comment on the Preliminary Results. We received no comments or requests for a hearing.

Scope of the Order

The merchandise covered by the order is all purified carboxymethylcellulose (CMC), sometimes also referred to as purified sodium CMC, polyanionic cellulose, or cellulose gum, which is a white to off-white, non-toxic, odorless, biodegradable powder, comprising sodium CMC that has been refined and purified to a minimum assay of 90 percent. Purified CMC does not include unpurified or crude CMC, CMC Fluidized Polymer Suspensions, and CMC that is cross-linked through heat treatment. Purified CMC is CMC that has undergone one or more purification operations which, at a minimum, reduce the remaining salt and other by-product portion of the product to less than ten percent. The merchandise subject to this order is classified in the Harmonized Tariff Schedule of the United States at subheading 3912.31.00. This tariff classification is provided for convenience and customs purposes; however, the written description of the scope of the order is dispositive.

Final Results of Review

As noted above, the Department received no comments concerning the Preliminary Results. As there have been no changes from or comments on the Preliminary Results, there is no decision memorandum accompanying this Federal Register notice. For further details of the issues addressed in this proceeding, see Preliminary Results. The final weighted-average dumping margin for the period July 1, 2009, through June 30, 2010, is as follows:

Assessment

The Department shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries. The Department intends to issue assessment instructions to CBP 15 days after the date of publication of these final results of review. We will instruct CBP to liquidate without regard to antidumping duties any entries for which the assessment rate is de minimis (i.e., less than 0.50 percent). Pursuant to 19 CFR 351.106(c)(2), we will instruct CBP to liquidate without regard to antidumping duties any entries for which the assessment rate is de minimis (i.e., less than 0.50 percent). Pursuant to 19 CFR 351.106(c)(2), we will instruct CBP to liquidate without regard to antidumping duties any entries for which the assessment rate is de minimis (i.e., less than 0.50 percent).

The Department clarified its “automatic assessment” regulation on May 6, 2003. See Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties, 68 FR 23954 (May 6, 2003). This clarification will apply to entries of subject merchandise during the POR produced by companies included in these final results of review for which the reviewed companies did not know their merchandise was destined for the United States. This clarification will also apply to POR entries of subject merchandise produced by companies for which we rescind the review based on certifications of no shipments, because these companies certify that they made no POR shipments of subject merchandise for which they had knowledge of U.S. destination. In such instances, we will instruct CBP to liquidate unreviewed entries at the “all-others” rate established in the less-than-fair value (LTFV) investigation if there is no rate for the intermediate company(ies) involved in the transaction.

Cash Deposit Requirements

Because we revoked the order with an effective date of July 11, 2010, no cash deposits for estimated antidumping duties are required.¹

Notification to Importers

This notice serves as a final reminder to importers of their responsibility, under 19 CFR 351.402(f)(2), to file a certificate indicating the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of propriety information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This administrative review and notice are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: July 11, 2011.

Ronald K. Lorentzen,
Deputy Assistant Secretary for Import Administration.
