This notice advises the public of the updated timeline for the test and announces that applications are still being accepted.

DATES: The test will commence no earlier than August 1, 2011 and will run for no less than 90 days. CBP is currently accepting applications to participate and will continue to accept applications throughout the duration of the test. FOR FURTHER INFORMATION CONTACT:

Interested parties should direct any questions to their assigned Client Representative. Interested parties without an assigned Client Representative should direct their questions to the Client Representative Branch at 571-468-5500.

SUPPLEMENTARY INFORMATION:

Background

Certain ocean and rail data is required to be transmitted in advance of arrival through a CBP-approved electronic data interchange (EDI). The data includes the advance cargo information required by section 343 of the Trade Act of 2002, as amended by the Maritime Transportation Security Act of 2002 (See 68 FR 68140, December 5, 2003), and the advance data ocean carriers are required to provide pursuant to the importer security filing and additional carrier requirements interim final rule, commonly known as 10+2 (See 73 FR 71730, November 25, 2008).¹ Currently, the Automated Commercial System (ACS) is the CBP-approved EDI through which this required data must be transmitted.

New Start Date for NCAP Test

On October 20, 2010, CBP issued a **Federal Register** notice announcing a National Customs Automation Program (NCAP) test to allow ocean and rail data to be transmitted through the Automated Commercial Environment (ACE) and scheduled the test to commence no earlier than December 22, 2010. See 75 FR 64737. Due to programming delays, the test will begin no earlier than August 1, 2011.

For complete information on the test, including specifics on eligibility criteria, test procedures, and the application process, which is still ongoing, please refer to the October 20, 2010 notice.

¹ For specific information about the requirements to provide advance cargo information to CBP, please see the following sections of title 19 of the Code of Federal Regulations (CFR): 4.7 Inward foreign manifest; production on demand; contents and form; advance filing of cargo declaration; 4.7a Inward manifest; information required; alternative forms; 4.7c Vessel stow plan; 4.7d Container status messages, 123.91 Electronic information for rail cargo required in advance of arrival; and part 149 Importer Security Filing.

Next Steps

After the successful completion of the test, CBP plans to publish a document in the **Federal Register** announcing that ACE will be the only CBP-approved EDI for transmitting required advance ocean and rail data. CBP plans to provide an appropriate transitional period to allow all affected users adequate time to transition to ACE.

Dated: July 13, 2011.

Thomas Winkowski,
Assistant Commissioner, Office of Field Operations.
