SUPPLEMENTARY INFORMATION: The National Assessment Governing Board (Board) is established under section 412 of the National Education Statistics Act of 1994, as amended.

The Board is established to formulate policy guidelines for the National Assessment of Educational Progress (NAEP). The Board's responsibilities include the following: selecting subject areas to be assessed, developing assessment frameworks and specifications, developing appropriate student achievement levels for each grade and subject tested, developing standards and procedures for interstate and national comparisons, developing guidelines for reporting and disseminating results, and releasing initial NAEP results to the public.

On August 4, from 9:30 a.m. to 11:00 a.m., the Ad Hoc Committee on Parent Engagement will meet in open session. From 11:30 a.m. to 4:15 p.m. the Assessment Development Committee will meet in closed session to review secure test items for the 2012 Economics assessment at grade 12 and the 2013 Pilot Writing computer-based assessment at grade 4. The Assessment Development Committee will also review secure task outlines for the 2013 Pilot of the Technology and Engineering Literacy assessment at grade 8. The Board will be provided with specific test materials/questions for review that cannot be discussed/disclosed in an open meeting. Premature disclosure of these secure test items and materials would significantly impede implementation of the NAEP assessments, and is therefore protected by exemption 9(B) of section 552b(c) of Title 5 of the United States Code.

On August 4, from 4:30 p.m. to 5:30 p.m., the Executive Committee will meet in open session and thereafter in closed session from 5:30 p.m. to 6:00 p.m. During the closed session, the Committee will receive a briefing from the National Center for Education

Statistics (NCES) on options for NAEP contracts covering assessment years beyond 2011 and address budget implications for the NAEP assessment schedule. The discussion of contract options and costs will address the congressionally mandated goals and Board policies on NAEP assessments. This part of the meeting must be conducted in closed session because public discussion of this information would disclose independent government cost estimates and contracting options, adversely impacting the confidentiality of the contracting process. Public disclosure of information discussed would significantly impede implementation of the NAEP contracts, and is therefore protected by exemption 9(B) of section 552b(c) of Title 5 of the United States Code.

On August 5, the full Board will meet in open session from 8:30 a.m. to 10:00 a.m. The Board will review and approve the meeting agenda and meeting minutes from the May 2011 Board meeting, followed by the Chairman's remarks. The Executive Director of the Governing Board will then provide a report to the Board, followed by updates from the Commissioner of the National Center for Education Statistics (NCES) and the Director of the Institute of Education Sciences (IES). The Board will then discuss ways of improving student achievement and closing achievement gaps. Following these sessions, the Board will recess for Committee meetings from 10:15 a.m. to 12:30 p.m.

The Governing Board's standing committees, the Assessment Development Committee, and the Reporting and Dissemination Committee and the Committee on Standards, Design and Methodology will meet on August 5 from 10:15 a.m. to 12:30 p.m. The Reporting and Dissemination Committee will meet in open session from 10:15 a.m. to 12:30 p.m.

The Assessment Development Committee (ADC) will meet in closed session from 10:15 a.m. to 12:30 p.m. During the closed meeting the ADC will complete their review of secure NAEP test items for the 2012 Economics assessment at grade 12 and the 2013 Pilot Writing computer-based assessment at grade 4 which the Committee began to review on Thursday, August 4 in closed session. In addition, the ADC will receive a closed session briefing on embargoed data from cognitive lab studies of 4th grade students in preparation for the 2012 computer-based Writing Pilot assessment. Following that writing briefing, the ADC will receive an update
