

Road in the Jefferson County Industrial Park (Site 1), Watertown, New York. The facility is used to produce pressure-sensitive adhesive athletic tape (e.g., trainers, hockey) with textile backing material for the U.S. market and export. The manufacturing process under FTZ procedures would involve blending, calendaring/laminating, winding, slitting, and packaging. The activity uses production inputs purchased from domestic and foreign sources. The sole material inputs sourced from abroad (representing about 30% of the finished tape's value) are woven cotton and polyester/cotton textile fabrics (duty rates: 10.5, 14.9%). The facility can produce up to 12.5 million square meters of finished athletic tape annually.

FTZ procedures could exempt NAT from customs duty payments on the foreign fabrics used in export production. The company anticipates that some 58 percent of the plant's shipments will be exported. On its domestic sales, NAT would be able to choose the duty rate during customs entry procedures that applies to athletic tape (duty rate: 2.9%) for the foreign-origin textile fabrics noted above. FTZ designation would further allow NAT to realize logistical benefits through the use of weekly customs entry procedures. Customs duties also could possibly be deferred or reduced on foreign status production equipment. NAT would also be exempt from duty payments on foreign fabric that becomes scrap during the production process. The application indicates that the savings from FTZ procedures would help improve the facility's international competitiveness.

In accordance with the Board's regulations, Pierre Duy of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the Board.

The closing period for receipt of comments is September 19, 2011. **SUPPLEMENTARY INFORMATION:****Background**

On October 28, 2010, the Department of Commerce (the Department) initiated an administrative review of the antidumping duty order on freshwater crawfish tail meat from the People's Republic of China (PRC) for the period September 1, 2009, through August 31, 2010. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 75 FR 66349 (October 28, 2010). We initiated an administrative review of six companies. On February 28, 2011, we rescinded the review of the order with respect to Yancheng Hi-King. See *Freshwater Crawfish Tail Meat From the People's Republic of China: Rescission of Antidumping Duty Administrative Review in Part*, 76 FR 10879 (February 28, 2011). On June 6, 2011, we extended the time period for issuing the preliminary results of this review by 46 days until July 18, 2011. See *Freshwater Crawfish Tail Meat From the People's Republic of China: Extension of Time Limit for Preliminary Results of Antidumping Duty Administrative Review*, 76 FR 32357 (June 6, 2011).

**Extension of Time Limit for Preliminary Results**

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department to complete the preliminary results within 245 days after the last day of the anniversary month of an order for which a review is requested and the final results within 120 days after the date on which the preliminary results are published. If it is not practicable to complete the review within these time periods, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the preliminary results to a maximum of 365 days after the last day of the anniversary month.

We determine that it is not practicable to complete the preliminary results of this review within the extended time limit because we require additional time to analyze the allegation of middleman dumping and the record information pertaining to the allegation. In addition, the numerous extensions requested by, and granted to, the interested parties for filing various responses has contributed to the Department's need for additional time to complete the preliminary results. Therefore, we are extending the time period for issuing the preliminary results of this review by an additional 74 days until September 30, 2011.

This notice is published in accordance with section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2).

Dated: July 13, 2011.
