

Note to paragraph (d): Biobased interior latex and waterborne alkyd paints and coatings products within this subcategory can compete with similar reprocessed latex paint and consolidated latex paint products with recycled content. Under the Resource Conservation and Recovery Act of 1976, section 6002, the U.S. Environmental Protection Agency designated reprocessed latex paints and consolidated latex paints containing recovered materials as items for which Federal agencies must give preference in their purchasing programs. The designation can be found in the Comprehensive Procurement Guideline, 40 CFR 247.12.

§ 2902.72 Oven and grill cleaners.

(a) *Definition.* Liquid or gel cleaning agents used on high temperature cooking surfaces such as barbecues, smokers, grills, stoves, and ovens to soften and loosen charred food, grease, and residue.

(b) *Minimum biobased content.* The Federal preferred procurement product must have a minimum biobased content of at least 66 percent, which shall be based on the amount of qualifying biobased carbon in the product as a percent of the weight (mass) of the total organic carbon in the finished product.

(c) *Preference compliance date.* No later than July 23, 2012, procuring agencies, in accordance with this part, will give a procurement preference for qualifying biobased oven and grill cleaners. By that date, Federal agencies that have the responsibility for drafting or reviewing specifications for items to be procured shall ensure that the relevant specifications require the use of biobased oven and grill cleaners.

§ 2902.73 Slide way lubricants.

(a) *Definition.* Products used to provide lubrication and eliminate stick-slip and table chatter by reducing friction between mating surfaces, or slides, found in machine tools.

(b) *Minimum biobased content.* The Federal preferred procurement product must have a minimum biobased content of at least 74 percent, which shall be based on the amount of qualifying biobased carbon in the product as a percent of the weight (mass) of the total organic carbon in the finished product.

(c) *Preference compliance date.* No later than July 23, 2012, procuring agencies, in accordance with this part, will give a procurement preference for

qualifying biobased slide way lubricants. By that date, Federal agencies that have the responsibility for drafting or reviewing specifications for items to be procured shall ensure that the relevant specifications require the use of biobased slide way lubricants.

§ 2902.74 Thermal shipping containers.

(a) *Definitions.* (1) Insulated containers designed for shipping temperature-sensitive materials.

(2) Thermal shipping containers for which Federal preferred procurement applies are:

(i) *Durable thermal shipping container.* These are thermal shipping containers that are designed to be reused over an extended period of time.

(ii) *Non-durable thermal shipping containers.* These are thermal shipping containers that are designed to be used once.

(b) *Minimum biobased content.* The minimum biobased content for all thermal shipping container products shall be based on the amount of qualifying biobased carbon in the product as a percent of the weight (mass) of the total organic carbon in the finished product. The applicable minimum biobased contents for the Federal preferred procurement products are:

(1) Durable thermal shipping containers—21 percent.

(2) Non-durable thermal shipping containers—82 percent.

(c) *Preference compliance date—(1) Durable thermal shipping containers.* Determination of the preference compliance date for durable thermal shipping containers is deferred until USDA identifies two or more manufacturers of biobased durable thermal shipping containers. At that time, USDA will publish a document in the **Federal Register** announcing that Federal agencies have one year from the date of publication to give procurement preference to biobased durable thermal shipping containers.

(2) *Non-durable thermal shipping containers.* Determination of the preference compliance date for non-durable thermal shipping containers is deferred until USDA identifies two or more manufacturers of biobased non-durable thermal shipping containers. At that time, USDA will publish a document in the **Federal Register** announcing that Federal agencies have one year from the date of publication to give procurement preference to biobased

non-durable thermal shipping containers.

Dated: July 15, 2011.

Pearlie S. Reed,

Assistant Secretary for Administration, U.S. Department of Agriculture.

BILLING CODE 3410-93-P

DEFENSE NUCLEAR FACILITIES SAFETY BOARD

10 CFR Part 1703

FOIA Fee Schedule Update

AGENCY: Defense Nuclear Facilities Safety Board.

ACTION: Establishment of FOIA Fee Schedule.

SUMMARY: The Defense Nuclear Facilities Safety Board is publishing its Freedom of Information Act (FOIA) Fee Schedule Update pursuant to the Board's regulations.

DATES: *Effective Date:* July 29, 2011.

FOR FURTHER INFORMATION CONTACT: Brian Grosner, General Manager, Defense Nuclear Facilities Safety Board, 625 Indiana Avenue, NW., Suite 700, Washington, DC 20004-2901, (202) 694-7060.

SUPPLEMENTARY INFORMATION: The FOIA requires each Federal agency covered by the Act to specify a schedule of fees applicable to processing of requests for agency records. 5 U.S.C. 552(a)(4)(A)(i). On May 16, 2011 the Board published for comment in the **Federal Register** its Proposed FOIA Fee Schedule, 76 FR 28194. In response to the notice, one comment was received regarding excessive fees. The Board's 2010 and 2011 FOIA fee schedules are the same; there is no proposed increase.

The Board is now establishing the Fee Schedule. Pursuant to 10 CFR 1703.107(b)(6) of the Board's regulations, the Board's General Manager will update the FOIA Fee Schedule once every 12 months. The previous Fee Schedule Update was published in the **Federal Register** and went into effect on June 15, 2010, 75 FR 39629.

Board Action

Accordingly, the Board issues the following schedule of updated fees for services performed in response to FOIA requests:

DEFENSE NUCLEAR FACILITIES SAFETY BOARD SCHEDULE OF FEES FOR FOIA SERVICES
 [Implementing 10 CFR 1703.107(b)(6)]

Search or Review Charge	\$77.00 per hour.
Copy Charge (paper)	\$.12 per page, if done in-house, or generally available commercial rate (approximately \$.10 per page).
Electronic Media	\$5.00.
Copy Charge (audio cassette)	\$3.00 per cassette.
Duplication of DVD	25.00 for each individual DVD; \$16.50 for each additional individual DVD.
Copy Charge for large documents (e.g., maps, diagrams)	Actual commercial rates.

Dated: July 18, 2011.
Brian Grosner,
 General Manager.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2010-0609; Airspace
 Docket No. 10-AGL-9]

**Amendment of Class E Airspace;
 Drummond Island, MI**

AGENCY: Federal Aviation
 Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action amends Class E airspace for Drummond Island, MI, to accommodate new Area Navigation (RNAV) Standard Instrument Approach Procedures at Drummond Island Airport. The FAA is taking this action to enhance the safety and management of Instrument Flight Rule (IFR) operations at the airport.

DATES: *Effective date:* 0901 UTC, October 20, 2011. The Director of the Federal Register approves this incorporation by reference action under 1 CFR part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

FOR FURTHER INFORMATION CONTACT: Scott Enander, Central Service Center, Operations Support Group, Federal Aviation Administration, Southwest Region, 2601 Meacham Blvd., Fort Worth, TX 76137; telephone (817) 321-7716.

SUPPLEMENTARY INFORMATION:

History

On April 19, 2011, the FAA published in the **Federal Register** a notice of proposed rulemaking to amend Class E airspace for Drummond Island, MI, creating additional controlled airspace at Drummond Island Airport (76 FR 21826) Docket No. FAA-2010-0609.

Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received. Class E airspace designations are published in paragraph 6005 of FAA Order 7400.9U dated August 18, 2010, and effective September 15, 2010, which is incorporated by reference in 14 CFR part 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

The Rule

This action amends Title 14 Code of Federal Regulations (14 CFR) part 71 by creating additional Class E airspace extending upward from 700 feet above the surface for new standard instrument approach procedures at Drummond Island Airport, Drummond Island, MI. This action is necessary for the safety and management of IFR operations at the airport. Geographic coordinates are also being updated to coincide with the FAA's aeronautical database.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the U.S. Code. Subtitle 1, Section 106, describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's

authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it amends controlled airspace for Drummond Island Airport, Drummond Island, MI.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (Air).

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR Part 71.1 of the Federal Aviation Administration Order 7400.9U, Airspace Designations and Reporting Points, dated August 18, 2010, and effective September 15, 2010, is amended as follows:

Paragraph 6005 Class E airspace areas extending upward from 700 feet or more above the surface of the earth.

* * * * *

AGL MI E5 Drummond Island, MI [Amended]

Drummond Island Airport, MI
 (Lat. 46°00'34" N., long. 83°44'38" W.)

That airspace extending upward from 700 feet above the surface within a 7-mile radius of Drummond Island Airport, and within 4 miles each side of the 072° bearing from the airport extending from the 7-mile radius to 8.5 miles east of the airport; that airspace extending upward from 1,200 feet above the
