

Number 001203–00011) that was canceled by voluntary request on May 11, 2010. Any distribution, sale, or use of this product in a manner inconsistent with this order, including the provisions below regarding the disposition of existing stocks, will be considered a violation of section 12(a)(2)(K) and/or 12(a)(1)(A) of FIFRA. This order will remain in effect unless and until it is amended.

VI. Provisions for Existing Stocks

For purposes of this order, the term “existing stocks” is defined, pursuant to EPA’s existing stocks policy that published in the **Federal Register** of June 26, 1991 (56 FR 29362) (FRL–3846–4) as those stocks of registered pesticide products which are currently in the United States and which were packaged, labeled, and released for shipment prior to the effective date of the original cancellation order (*i.e.*, May 11, 2010). Pursuant to section 6(a)(1) of FIFRA, this cancellation order includes the following existing stocks provisions.

1. Distribution or sale by the registrant of existing stocks of Foremost 4809–ES Insect-O-Fog (EPA Registration Number 001203–00011) is permitted through May 11, 2013.

2. All provisions of the May 11, 2010 original cancellation order that are not in conflict with today’s amended cancellation order, including all provisions relating to sale, distribution, and use of existing stocks of Foremost 4809–ES Insect-O-Fog by persons other than the registrant, are unaffected by this amended order and remain in effect.

Cancellation of Pesticides for Non-Payment of Year 2011 Registration Maintenance Fees

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: Since the amendments of October 1988, the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA)

has required payment of an annual maintenance fee to keep pesticide registrations in effect. The fee due last January 15, 2011, has gone unpaid for 254 registrations. Section 4(i)(5)(G) of FIFRA provides that the EPA Administrator may cancel these registrations by order and without a hearing; orders to cancel all 254 of these registrations have been issued within the past few days.

DATES: A cancellation is effective on the date the cancellation order is signed.

FOR FURTHER INFORMATION CONTACT: John Jamula, Information Technology and Resources Management Division (7502P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460–0001; *telephone number:* (703) 305–6426; *e-mail address:* jamula.john@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

This action is directed to the public in general. Although this action may be of particular interest to persons who produce or use pesticides, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the information in this notice, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. How can I get copies of this document and other related information?

EPA has established a docket for this action under docket identification (ID) number EPA–HQ–OPP–2011–0558. Publicly available docket materials are available either in the electronic docket at <http://www.regulations.gov>, or, if only available in hard copy, at the Office of Pesticide Programs (OPP) Regulatory Public Docket in Rm. S–4400, One Potomac Yard (South Bldg.), 2777 S. Crystal Dr., Arlington, VA. The hours of operation of this Docket Facility are from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The Docket Facility telephone number is (703) 305–5805.

II. Background

Section 4(i)(5) of FIFRA, as amended in October 1988 (Pub. L. 100–532), December 1991 (Pub. L. 102–237), and again in August 1996 (Pub. L. 104–170), requires that all pesticide registrants pay an annual registration maintenance fee, due by January 15 of each year, to keep their registrations in effect. This requirement applies to all registrations granted under FIFRA section 3 as well as those granted under FIFRA section

24(c) to meet special local needs. Registrations for which the fee is not paid are subject to cancellation by order and without a hearing.

The Food, Agriculture, Conservation, and Trade Act Amendments of 1991, Public Law 102–237, amended FIFRA to allow the EPA Administrator to reduce or waive maintenance fees for minor agricultural use pesticides when she determines that the fee would be likely to cause significant impact on the availability of the pesticide for the use. The Agency has waived the fee for 194 minor agricultural use registrations at the request of the registrants.

In fiscal year 2011, maintenance fees were collected in one billing cycle. The Pesticide Registration Improvement Renewal Act (PRIRA) was passed by Congress in October 2007. PRIRA authorized the Agency to collect \$22 million in maintenance fees in fiscal year 2011. In late 2010, all holders of either FIFRA section 3 registrations or FIFRA section 24(c) registrations were sent lists of their active registrations, along with forms and instructions for responding. They were asked to identify which of their registrations they wished to maintain in effect, and to calculate and remit the appropriate maintenance fees. Most responses were received by the statutory deadline of January 15. A notice of intent to cancel was sent in February, 2011, to companies who did not respond and to companies who responded, but paid for less than all of their registrations. Since mailing the notices of intent to cancel, EPA has maintained a toll-free inquiry number through which the questions of affected registrants have been answered.

Maintenance fees have been paid for about 15,327 FIFRA section 3 registrations, or about 95% of the registrations on file in December 2010. Fees have been paid for about 2,053 FIFRA section 24(c) registrations, or about 90% of the total on file in December 2010. Cancellations for non-payment of the maintenance fee affect about 238 FIFRA section 3 registrations and about 16 FIFRA section 24(c) registrations.

The cancellation orders generally permit registrants to continue to sell and distribute existing stocks of the canceled products until January 15, 2012, 1 year after the date on which the fee was due. Existing stocks already in the hands of dealers or users, however, can generally be distributed, sold, or used legally until they are exhausted. Existing stocks are defined as those stocks of a registered pesticide product which are currently in the United States and which have been packaged, labeled, and released for

shipment prior to the effective date of the cancellation order.

The exceptions to these general rules are cases where more stringent restrictions on sale, distribution, or use of the products have already been imposed, through special reviews or other Agency actions. These general provisions for disposition of stocks should serve in most cases to cushion

the impact of these cancellations while the market adjusts.

III. Listing of Registrations Canceled for Non-Payment

Table 1 of this unit lists all of the FIFRA section 24(c) registrations, and Table 2 of this unit lists all of the FIFRA section 3 registrations which were canceled for non-payment of the 2011

maintenance fee. These registrations have been canceled by order and without hearing. Cancellation orders were sent to affected registrants via certified mail in the past several days. The Agency is unlikely to rescind cancellation of any particular registration unless the cancellation resulted from Agency error.

IV. Provisions for Disposition of Existing Stocks

The effective date of cancellation will be the date the cancellation order is signed. The orders effecting these requested cancellations will generally permit a registrant to sell or distribute existing stocks until January 15, 2012, 1 year after the date on which the fee was due.

Existing stocks are those stocks of registered pesticide products which are currently in the United States and which have been packaged, labeled, and released for shipment prior to the effective date of the cancellation order. Unless the provisions of an earlier order apply, existing stocks already in the hands of dealers or users can be distributed, sold, or used legally until

they are exhausted, provided that such further sale and use comply with the EPA-approved label and labeling of the affected product. Exception to these general rules will be made in specific cases when more stringent restrictions on sale, distribution, or use of the products or their ingredients have already been imposed, as in a special review action, or where the Agency has

identified significant potential risk concerns associated with a particular chemical.

V. Docket

Complete lists of registrations canceled for non-payment of the maintenance fee will also be available for reference during normal business hours in the OPP Regulatory Public Docket, Rm. S-4400, One Potomac Yard (South Bldg.), 2777 S. Crystal Dr., Arlington, VA. Product-specific status inquiries may be made by calling toll-free, 1-800-444-7255.

Science Advisory Board Staff Office; Notification of Closed Meetings of the Science Advisory Board's Scientific and Technological Achievement Awards Committee

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency's (EPA), Science Advisory Board (SAB) Staff Office announces a meeting and teleconference of the SAB's Scientific and Technological Achievement Awards (STAA) Committee to develop draft recommendations regarding the recipients of the Agency's 2011 Scientific and Technological Achievement Awards for consideration by the SAB. The meetings will be closed to the public.

DATES: The meeting dates are Tuesday and Wednesday, August 9 and 10, 2011, from 8 a.m. to 6 p.m. (Eastern Time).

ADDRESSES: The closed meeting will be held at the Madison Hotel, 1177 15th St., NW., Washington, DC 20005.

FOR FURTHER INFORMATION CONTACT:

Members of the public who wish to obtain further information regarding this announcement may contact Mr. Edward Hanlon, Designated Federal Officer, by telephone: (202) 564-2134 or e-mail at hanlon.edward@epa.gov. The SAB Mailing address is: U.S. EPA Science

Advisory Board (1400R), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue, NW., Washington, DC 20460. General information about the SAB concerning the meeting and teleconference announced in this notice may be found on the SAB Web site at <http://www.epa.gov/sab>.

SUPPLEMENTARY INFORMATION: Pursuant to Section 10(d) of the Federal Advisory Committee Act (FACA), 5 U.S.C. App.2, and section (c)(6) of the Government in the Sunshine Act, 5 U.S.C. 552b(c)(6), EPA has determined that the meeting and teleconference will be closed to the public. The purpose of the meeting and teleconference is for the Committee to discuss recommendations for the SAB regarding the recipients of the Agency's 2011 Scientific and Technological Achievement Awards. These awards are established to honor and recognize EPA employees who have made outstanding contributions in the advancement of science and technology through their research and development activities, as exhibited in publication of their results in peer reviewed journals. I have determined that the SAB meeting and teleconference will be closed to the public because it is concerned with selecting employees deserving of awards. In making these recommendations, the Agency requires full and frank advice from the EPA Science Advisory Board. This advice will involve professional judgments on the relative merits of various employees and their respective work. Such personnel matters involve the discussion of information that is of a personal nature and the disclosure of which would be a clearly unwarranted invasion of personal privacy and, therefore, are protected from disclosure by section (c)(6) of the Government in the Sunshine Act, 5 U.S.C. 552b(c)(6). Minutes of the meeting and teleconference will be kept and certified by the Chair.

Dated: July 21, 2011.

Lisa P. Jackson,

Administrator.
