The NRC is proposing to amend its regulations by adding additional requirements for source material licensees who possess significant quantities of UF6. The proposed amendments would require such licensees to conduct integrated safety analyses (ISAs) similar to the ISAs performed by 10 CFR Part 70 licensees; set possession limits for UF6 for determining licensing authority (NRC or Agreement States); add defined terms; add an additional evaluation criterion for applicants who submit an evaluation in lieu of an emergency plan; require the NRC to perform a backfit analysis under specified circumstances; and make administrative changes to the structure of 10 CFR Part 40. The proposed rule was published in the FR on May 17, 2011 (76 FR 28336) for a 75 day public comment period ending on August 1, 2011. An administrative correction to 76 FR 28336 was published in the FR on June 1, 2011 (76 FR 31507).

In a letter dated June 21, 2011, the NEI requested the NRC to hold a public meeting on the proposed rule and draft guidance document and to extend the public comment period. Based on NEI’s request, the NRC plans to hold a public meeting on August 17, 2011, to solicit public comments on the proposed rule and its associated draft guidance document. In addition, the NRC is extending the public comment period for the proposed rule from 75 days to 115 days. The public comment period on the proposed rule and the proposed guidance document will now end on September 9, 2011.

Summary: NCUA proposes to amend its credit union service organization (CUSO) regulation to address certain safety and soundness concerns. Specifically, this proposal expands the requirements of the CUSO regulation that apply to federally insured state-chartered credit unions (FISCUs) to include investment limits for FISCUs that are “less than adequately capitalized” and requirements related to accounting and reporting by CUSOs owned by FISCUs. This proposal also adds two new requirements that would apply to both federal credit unions (FCUs) and FISCUs. These new items would include requiring CUSOs to file financial reports directly with NCUA and the appropriate state supervisory authority and requiring subsidiary CUSOs to follow all applicable laws and regulations. Finally, this proposal makes conforming amendments to NCUA’s regulation on the requirements for insurance to address the items discussed above that apply to FISCUs.
