*OMB Control Number:* 0535-0235.

*Expiration Date of Approval:* 12/31/2011.

*Type of Request:* To revise and extend a currently approved information collection for a period of three years.

*Abstract:* The National Childhood Injury and Adult Occupational Injury Survey of Farm Operators is designed to: (1) Provide estimates of childhood nonfatal injury incidence and description of injury occurring to children less than 20 years of age who reside, work, or visit farms and (2) describe the occupational injury experience of farm operators. These surveys are being conducted as part of a cooperative agreement between the Center for Disease Control (CDC) and the National Agricultural Statistics Service (NASS). In 2012 the survey will concentrate on farm operations that have access to all terrain vehicles (ATVs) and any injuries associated with these vehicles. In 2013 NASS will not be conducting an injury survey, since we will be concentrating on the Census of Agriculture survey (OMB # 0535-0226). In 2014 NASS plans to conduct the General Adult and Child Injury Survey.
