Compatibility of Underground Storage Tank Systems With Biofuel Blends; Correction

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice; correction.

SUMMARY: This document contains a typographical correction to the guidance which was published in the **Federal Register** of Tuesday, July 5, 2011. The guidance described how owners and operators of underground storage tanks (USTs) can demonstrate compliance with the Federal compatibility requirement for UST systems storing gasoline greater than 10 percent ethanol or diesel containing greater than 20 percent biodiesel. That guidance contained a typographical error which this action corrects. The complete, corrected version of the guidance can be found on EPA's Web site.

FOR FURTHER INFORMATION CONTACT: Andrea Barbary, (703) 603-7137.

Correction

In the **Federal Register** of July 5, 2011, in 76 FR 39095, on page 39100, in the second column, correct the fourth paragraph under "IV. Final Guidance" to read:

The discussion in this document is intended solely as guidance. The statutory provisions and EPA regulations described in this document contain legally binding requirements. This document is not a regulation itself, nor does it change or substitute for those provisions and regulations. Thus, it does not impose legally binding requirements on EPA, states, or the regulated community.

Dated: July 28, 2011.

Mathy Stanislaus,

Assistant Administrator, Office of Solid Waste and Emergency Response.

Cross-Media Electronic Reporting: Authorized Program Revision Approvals, Commonwealth of Kentucky

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA's approval of the Commonwealth of Kentucky's request to revise certain of its EPA-authorized programs to allow electronic reporting.

DATES: EPA's approval is effective August 3, 2011.

FOR FURTHER INFORMATION CONTACT: Evi Huffer, U.S. Environmental Protection Agency, Office of Environmental Information, Mail Stop 2823T, 1200 Pennsylvania Avenue, NW., Washington, DC 20460, (202) 566-1697, huffer.evi@epa.gov, U.S. Environmental Protection Agency, Office of Environmental Information, Mail Stop 2823T, 1200 Pennsylvania Avenue, NW., Washington, DC 20460, or Karen Seeh, U.S. Environmental Protection Agency, Office of Environmental Information, Mail Stop 2823T, 1200 Pennsylvania Avenue, NW., Washington, DC 20460, (202) 566-1175, seeh.karen@epa.gov.

SUPPLEMENTARY INFORMATION: On October 13, 2005, the final Cross-Media Electronic Reporting Rule (CROMERR) was published in the **Federal Register** (70 FR 59848) and codified as part 3 of title 40 of the CFR. CROMERR establishes electronic reporting as an acceptable regulatory alternative to paper reporting and establishes requirements to assure that electronic documents are as legally dependable as their paper counterparts. Under subpart D of CROMERR, state, tribe or local government agencies that receive, or wish to begin receiving, electronic reports under their EPA-authorized programs must apply to EPA for a revision or modification of those programs and obtain EPA approval. Subpart D also provides standards for such approvals based on consideration of the electronic document receiving systems that the state, tribe, or local government will use to implement the electronic reporting. Additionally, in § 3.1000(b) through (e) of 40 CFR part 3, subpart D provides special procedures for program revisions and modifications to allow electronic reporting, to be used at the option of the state, tribe or local government in place of procedures

available under existing program-specific authorization regulations. An application submitted under the subpart D procedures must show that the state, tribe or local government has sufficient legal authority to implement the electronic reporting components of the programs covered by the application and will use electronic document receiving systems that meet the applicable subpart D requirements.

On December 20, 2010, the Kentucky Department for Environmental Protection (KY DEP) submitted an application for its Net Discharge Monitoring Report (NetDMR) electronic document receiving system for revision/modification of its EPA-authorized programs under title 40 CFR. EPA reviewed KY DEP's request to revise its EPA-authorized programs and, based on this review, EPA determined that the application met the standards for approval of authorized program revisions/modifications set out in 40 CFR part 3, subpart D. In accordance with 40 CFR 3.1000(d), this notice of EPA's decision to approve Kentucky's request for revision to its 40 CFR Part 123- National Pollutant Discharge Elimination System (NPDES) State Program Requirements and part 403- General Pretreatment Regulations For Existing And New Sources Of Pollution EPA-authorized programs for electronic reporting of discharge monitoring report information submitted under 40 CFR parts 122 and 403 is being published in the **Federal Register**.

KY DEP was notified of EPA's determination to approve its application with respect to the authorized programs listed above.

Dated: July 28, 2011.

Arnold E. Layne,

Acting Director, Office of Information Collection.
