

Notice of Antidumping Duty Orders: Pure Magnesium From the People's Republic of China, the Russian Federation and Ukraine; Notice of Amended Final Determination of Sales at Less Than Fair Value: Antidumping Duty Investigation of Pure Magnesium From the Russian Federation, 60 FR 25691 (May 12, 1995). The scope of this order excludes pure magnesium that is already covered by the existing order on pure magnesium in ingot form, and currently classifiable under item numbers 8104.11.00 and 8104.19.00 of the Harmonized Tariff Schedule of the United States ("HTSUS").

The scope of this order includes imports of pure magnesium products, regardless of chemistry, including, without limitation, raspings, granules, turnings, chips, powder, and briquettes, except as noted above.

Pure magnesium includes: (1) Products that contain at least 99.95 percent primary magnesium, by weight (generally referred to as "ultra pure" magnesium); (2) products that contain less than 99.95 percent but not less than 99.8 percent primary magnesium, by weight (generally referred to as "pure" magnesium); (3) chemical combinations of pure magnesium and other material(s) in which the pure magnesium content is 50 percent or greater, but less than 99.8 percent, by weight, that do not conform to an "ASTM Specification for Magnesium Alloy"⁸ (generally referred to as "off specification pure" magnesium); and (4) physical mixtures of pure magnesium and other material(s) in which the pure magnesium content is 50 percent or greater, but less than 99.8 percent, by weight. Excluded from this order are mixtures containing 90 percent or less pure magnesium by weight and one or more of certain non-magnesium granular materials to make magnesium-based reagent mixtures. The non-magnesium granular materials of which the Department is aware used to make such excluded reagents are: lime, calcium metal, calcium silicon, calcium carbide, calcium carbonate, carbon, slag coagulants, fluor spar, nepheline syenite, feldspar, aluminum, alumina (Al₂O₃), calcium aluminate, soda ash, hydrocarbons, graphite, coke, silicon, rare earth metals/mischmetal, cryolite, silica/fly ash, magnesium oxide, periclase, ferroalloys, dolomitic lime, and colemanite. A party importing a magnesium-based reagent which includes one or more materials not on this list is required to seek a scope

clarification from the Department before such a mixture may be imported free of antidumping duties.

The merchandise subject to this order is currently classifiable under item 8104.30.00 of the HTSUS. Although the HTSUS subheading is provided for convenience and customs purposes, our written description of the scope of this order is dispositive.

Rescission of the Administrative Review

Based upon the certifications and the evidence on the record, the Department finds CMN's claim of no shipments of subject merchandise to the United States during the POR to be substantiated. Pursuant to 19 CFR 351.213(d)(3), the Department may rescind an administrative review, in whole or with respect to a particular exporter or producer, if it concludes that, during the period covered by the review, there were no entries, exports, or sales of the subject merchandise. Because there were no entries, exports, or sales of the subject merchandise by CMN, the Department is rescinding this review in accordance with 19 CFR 351.213(d)(3). The Department intends to issue assessment instructions to CBP fifteen days after the publication of this notice. Antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(2).

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i) of the Act and 19 CFR 351.213(d)(4).

Dated: July 27, 2011.

Initiation of Five-Year (“Sunset”) Review: Correction

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* August 4, 2011

Correction

On July 21, 2011, the Department of Commerce (“Department”) issued a notice of initiation of five-year reviews (“Sunset Reviews”) of certain antidumping and countervailing duty orders (“*Initiation Notice*”) for publication in the **Federal Register**. See *Initiation of Five-Year (“Sunset”) Review* (signed July 21, 2011, expected publication in the **Federal Register** on August 1, 2011). The Department inadvertently included two revoked antidumping duty orders, Ball Bearings and Parts Thereof from Japan (A–588–804) (third review) and Ball Bearings and Parts Thereof from the United Kingdom (A–412–801) (third review), in the list of antidumping duty proceedings for which the Department is initiating Sunset Reviews in August 2011. See *Ball Bearings and Parts Thereof From Japan and the United Kingdom: Revocation of Antidumping Duty Orders*, 76 FR 41761 (July 15, 2011). The Department is not initiating Sunset Reviews of the antidumping duty orders on Ball Bearings and Parts Thereof from Japan or Ball Bearings and Parts Thereof from the United Kingdom because those antidumping duty orders have been revoked.

The *Initiation Notice* is hereby corrected to exclude any reference to the initiation of Sunset Reviews of the proceedings concerning Ball Bearings and Parts Thereof from Japan (A–588–804) (third review) and Ball Bearings and Parts Thereof from United Kingdom (A–412–801) (third review).

Dated: July 29, 2011.

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.
