SUPPLEMENTARY INFORMATION: *Title:* Averaging of Farm Income.

OMB Number: 1545-1662.

Form Number: REG-121063-97; TD 8972 (Final).

Abstract: Section 1301 of the Internal Revenue Code allows an individual engaged in a farming business to elect to reduce his or her regular tax liability by treating all or a portion of the current year's farming income as if it had been earned in equal proportions over the prior three years. To take advantage of income averaging, § 1301 requires that the taxpayer calculate the § 1 tax using the three prior year's tax tables and, if applicable, Schedule D, Capital Gains and Losses, (to apply the maximum capital gains tax rates), as well as the current year's tax tables or tax rate schedules. The regulation requires the taxpayer to use Schedule J of Form 1040 to record and total the amount of tax for each year of the four year calculation.

Current Actions: There are no changes to this existing regulation.

Type of Review: Extension of a currently approved collection.

The burden for this requirement is reflected in the burden estimate for Schedule J of Form 1040.

The following paragraph applies to all of the collections of information covered by this notice:

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection of information displays a valid OMB control number. Generally, tax returns and tax return information are confidential, as required by 26 U.S.C. 6103.
