#### Preliminary Rescission of Review

The Department has analyzed all of the information on the record regarding alleged U.S. entries of subject merchandise during the POR by Baosteel. As noted above, the Department placed information on the record from CBP that indicated that subject merchandise produced by Baosteel may have entered the United States during the POR. Because the information found in the CBP documentation is proprietary, for further discussion of this issue please see the Memorandum to the File, through Scot T. Fullerton, Program Manager, from Steven Hampton, International Trade Analyst, "Certain Hot-Rolled Carbon Steel Flat Products from the People's Republic of China: Analysis of CBP Entry Documentation," ("Analysis of CBP Entry Documentation") dated concurrently with this notice. Based on its analysis of the record information, the Department preliminarily finds that the merchandise from the entry documentation is not subject to the scope of the antidumping duty order on hot-rolled carbon steel flat products from the PRC.<sup>4</sup>

Because there is no information on the record which indicates that Baosteel made sales, shipments, or entries to the United States of subject merchandise during the POR, and because Baosteel is the only company subject to this administrative review, in accordance with 19 CFR 351.213(d)(3) and consistent with our practice, we are preliminarily rescinding this review of the antidumping duty order on hot-rolled from the PRC for the period of November 1, 2009, through October 31, 2010.<sup>5</sup> If the Department adopts these preliminary results for its final results, the cash deposit rate for Baosteel will

continue to be the rate established in the most recently completed segment of this proceeding. If the Department continues to find for its final results that the merchandise is not subject to the scope of the antidumping duty order on certain hot-rolled carbon steel flat products from the PRC, we will refer this matter to CBP to determine the appropriate Customs classification for the merchandise in question.

#### Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice is published in accordance with sections 751 and 777(i)(1) of the Tariff Act of 1930, as amended, and 19 CFR 351.213(d)(4).

**SUPPLEMENTARY INFORMATION:** Chapter 19 of the North American Free-Trade Agreement ("Agreement") established a mechanism to replace domestic judicial review of final determinations in antidumping and countervailing duty cases involving imports from a NAFTA country with review by independent binational panels.
