SUPPLEMENTARY INFORMATION:

I. Background

In accordance with the Privacy Act of 1974, 5 U.S.C. 552a, the Department of Homeland Security (DHS) United States Coast Guard (USCG) proposes to update and reissue an existing DHS system of records titled, “DHS/USCG–020 Substance Abuse Prevention and Treatment Program System of Records.” This system allows the USCG to collect and maintain the USCG’s Substance Abuse Prevention and Treatment Program records.

As a result of the biennial review of this system, records have been updated in the categories of individuals covered by the system section to specifically identify Coast Guard personnel, active duty and reserve receiving substance abuse treatment (inpatient or outpatient), and those requiring follow-up or aftercare substance abuse treatment services. Records in the categories of records in the system have been updated to include member responses to alcohol screening questions. The purpose of the system has been updated to reflect the fact the Coast Guard will use prevalence

samples, an estimate of how common substance abuse is in the service.

II. Privacy Act

The Privacy Act embodies fair information practice principles in a statutory framework governing the means by which the U.S. Government collects, maintains, uses, and disseminates individuals’ records. The Privacy Act applies to information that is maintained in a “system of records.” A “system of records” is a group of any records under the control of an agency for which information is retrieved by the name of an individual or by some identifying number, symbol, or other identifying particular assigned to the individual. In the Privacy Act, an individual is defined to encompass U.S. citizens and lawful permanent residents. As a matter of policy, DHS extends administrative Privacy Act protections to all individuals where systems of records maintain information on U.S. citizens, lawful permanent residents, and visitors.

Below is the description of the DHS/ United States Coast Guard—020 Substance Abuse Prevention and Treatment Program System of Records.

In accordance with 5 U.S.C. 552a(r), DHS has provided a report of this system of records to the Office of Management and Budget (OMB) and to Congress.

III. Health Insurance Portability and Accountability Act

This system of records contains individually identifiable health information. The Health Insurance Portability and Accountability Act of 1996, applies to most of such health information. Department of Defense 6025.18–R may place additional procedural requirements on the uses and disclosures of such information beyond those found in the Privacy Act of 1974 or mentioned in this system of records notice.
