DEPARTMENT OF HOMELAND SECURITY

Transportation Security Administration

Intent To Request Renewal From OMB of One Current Public Collection of Information: Law Enforcement Officer Flying Armed Training

AGENCY: Transportation Security Administration, DHS.

ACTION: 60-day Notice.

SUMMARY: The Transportation Security Administration (TSA) invites public comment on one currently approved Information Collection Request (ICR), Office of Management and Budget (OMB) control number 1652–0034, abstracted below that we will submit to OMB for renewal in compliance with the Paperwork Reduction Act (PRA). The ICR describes the nature of the information collection and its expected burden. The collection involves the maintenance of a database of all Federal, State and local law enforcement agencies that have received the Law Enforcement Officer (LEO) Flying Armed Training course.

DATES: Send your comments by October 11, 2011.

ADDRESS: Comments may be e-mailed to TSAPRA@dhs.gov or delivered to the TSA/FAMS, Office of Information Technology (OIT), TSA–11, Transportation Security Administration, 601 South 12th Street, Arlington, VA 20598–6011.

FOR FURTHER INFORMATION CONTACT: Joanna Johnson at the above address, or by telephone (571) 227–3651.

SUPPLEMENTARY INFORMATION:

Comments Invited

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation is available at http://www.reginfo.gov. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

1. Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency’s estimate of the burden;
3. Enhance the quality, utility, and clarity of the information to be collected; and
4. Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Information Collection Requirement

OMB Control Number 1652–0034: Law Enforcement Officer (LEO) Flying Armed Training. TSA is requesting approval for the renewal of the collection of this information to comply with 49 CFR 1544.219, which requires Federal LEOs or full-time territorial, tribal, municipal, county or state LEOs who are direct employees of government agencies, or authorized railroad police officers, to complete the LEO Flying Armed training course in order to fly armed. This course is non-tactical in nature, conducted by telephone (571) 227–3651.

Information will be gathered from law enforcement agencies who have requested the LEO Flying Armed training course. The information would be gathered to confirm that the agencies are eligible for this program (i.e., that they are active law enforcement agencies whose officers have an operational need to fly armed). Law enforcement agencies will be required to contact the TSA/FAMS via phone or e-mail and provide the full name of the agency’s designated point of contact, agency name, and agency address, telephone number, and e-mail address to obtain the LEO Flying Armed training course. The FAMS will maintain a record of law enforcement agencies and their point of contact that have received the training materials. If an issue arises during the screening and verification process regarding the authenticity of an agency that requests training materials, no training materials will be supplied until that issue has either been confirmed or resolved and a record of such will be maintained.

Upon completion of the training, the LEO who has been authorized by his or her agency to fly armed will present his or her credentials, and other required documentation at the airport in order to fly armed. A Transportation Security Officer will verify all pertinent information onsite. TSA estimates there will be approximately 2,000 respondents on an annual basis, for a total annual hour burden of 167 hours.

DEPARTMENT OF JUSTICE
Notice of Lodging of a Consent Decree Under the Clean Water Act

Notice is hereby given that on August 4, 2011, a proposed Consent Decree in United States, State of Missouri, and the Missouri Coalition for the Environment Foundation v. Metropolitan St. Louis Sewer District, No. 4:07–CV–01120, was lodged with the United States District Court for the Eastern District of Missouri.

In this action the United States sought civil penalties and injunctive relief for violations of the Clean Water Act ("CWA"), 33 U.S.C. 1251, et seq., in connection with the Metropolitan St. Louis Sewer District’s ("MSD’s") operation of its sewer system in the City of St. Louis and St. Louis County, Missouri. The Complaint alleged that MSD’s discharges of raw sewage from its sanitary sewer system—discharges that often are referred to as Sanitary Sewer Overflows or "SSOs"—and from MSD’s combined storm water and sanitary sewer system—discharges that often are referred to as Combined Sewer Overflows or "CSOs"—violate MSD’s National Pollutant Discharge Elimination System ("NPDES") permits and Section 301 of the CWA, 33 U.S.C. 1311. The Complaint also alleged that the chronic and repeated backups of raw sewage into homes, yards, playgrounds, parks, and streets from MSD’s sewer system pose an “imminent and substantial endangerment” to human health under Section 504(a) of the CWA 33 U.S.C. 1364(a). The Missouri Coalition for the Environment Foundation moved to intervene as a co-plaintiff in the federal action, and when its motion was granted by the Court, filed its Complaint in Intervention, alleging similar CWA claims against MSD.

The proposed Consent Decree will resolve the United States’ CWA claims. Under the proposed Consent Decree, MSD will be required to implement comprehensive injunctive relief to expand and rehabilitate both its combined sewer system and its sanitary sewer system to reduce or eliminate unlawful SSOs and CSOs into various rivers and streams, as well as discharges to basements and from manholes or other discharge points in the St. Louis area. This injunctive relief will be performed over a 23-year period at a project cost of $4.7 billion. MSD will pay a total civil penalty of $1.2 million to the United States, and spend $1.6 million to carry out a program that will enable low income residents to elect to close their septic tanks and connect to the public sewer or to replace leaking private sewer lines. The consent decree also contains provisions pertaining to the claims of the Missouri Coalition for the Environment Foundation against MSD. The proposed Consent Decree has been signed by the United States, the Missouri Coalition for the Environment Foundation, and MSD.

For thirty (30) days after the date of this publication, the Department of Justice will receive comments relating to the proposed Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and either e-mailed to pubcomment-ees.enrd.usdoj.gov or mailed to P.O. Box 7611, U.S. Department of Justice, Washington, DC 20044–7611. The comments should refer to United States, et al. v. Metropolitan St. Louis Sewer District, D.J. Ref. 90–5–1–1–08111.

During the public comment period, the proposed Consent Decree may be examined on the Department of Justice Web site, http://www.usdoj.gov/enrd/Consent_Decrees.html. A copy of the proposed consent decree may be obtained by mailing a request to the Consent Decree Library, P.O. Box 7611,
