Appendix I

Scope of Investigation

The scope of this investigation covers large liquid dielectric power transformers (LPTs) having a top power handling capacity greater than or equal to 60,000 kilovolt amperes (60 megavolt amperes), whether assembled or unassembled, complete or incomplete.

Incomplete LPTs are subassemblies consisting of the active part and any other parts attached to, imported with or invoiced with the active parts of LPTs. The "active part" of the transformer consists of one or more of the following when attached to or otherwise assembled with one another: the steel core or shell, the windings, electrical insulation between the windings, the mechanical frame for an LPT.

The product definition encompasses all such LPTs regardless of name designation, including but not limited to step-up transformers, step-down transformers, autotransformers, interconnection transformers, voltage regulator transformers, rectifier transformers, and power rectifier transformers.

The LPTs subject to this investigation are currently classifiable under subheadings 8504.23.0040, 8504.23.0080 and 8504.90.9540 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of this investigation is dispositive.

SUPPLEMENTARY INFORMATION:

Postponement of Preliminary Determinations

On April 20, 2011, the Department of Commerce (the Department) initiated the antidumping duty investigations on certain stilbenic optical brightening agents from the People's Republic of China and Taiwan. See *Certain Stilbenic Optical Brightening Agents From the People's Republic of China and Taiwan: Initiation of Antidumping Duty Investigations*, 76 FR 23554 (April 27, 2011). The notice of initiation stated that the Department would issue its preliminary determinations for these investigations no later than 140 days after the issuance of the initiation in accordance with section 733(b)(1)(A) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.205(b)(1) unless postponed.

On July 29, 2011, Clariant Corporation (the petitioner) made a timely request pursuant to 19 CFR 351.205(b)(2) and (e) for postponement of the preliminary determinations in these investigations. The petitioner requested a 50-day postponement of the preliminary determinations in order to allow the Department additional time to resolve a number of complex issues in these investigations.

The petitioner submitted a request for postponement of the preliminary determinations more than 25 days before the scheduled date of the preliminary determinations. Therefore, because the petitioner provided reasons for its request and the Department finds no compelling reasons to deny the request, the Department is postponing the deadline for the preliminary determinations in accordance with section 733(c)(1)(A) of the Act and 19 CFR 351.205(b)(2) and (e) by 50 days to October 27, 2011. The deadline for the final determinations will continue to be 75 days after the date of the preliminary determinations unless extended.

This notice is issued and published pursuant to section 733(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: August 4, 2011.

Christian Marsh,

Acting Deputy Assistant Secretary for Import Administration.
