Disclosure

The Department will disclose calculations performed for these preliminary results to the parties within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

Public Comment

Interested parties may submit written comments no later than 30 days after the date of publication of these preliminary results of review. See 19 CFR 351.309(c). Rebuttals to written comments must be limited to the issues raised in the written comments and may be filed no later than five days after the deadline for filing case briefs. See 19 CFR 351.309(d). Further, parties submitting written comments and rebuttal comments are requested to provide the Department with an additional copy of those comments on a compact disk. Any interested party may request a hearing within 30 days of publication of these preliminary results. See 19 CFR 351.310(c). If requested, a hearing normally will be held two days after the scheduled date for submission of rebuttal comments. See 19 CFR 351.310(d). Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

The Department will issue the final results of this new shipper review, which will include the results of its analysis of any issues raised in written comments, within 90 days of the date on which these preliminary results are issued, in accordance with 19 CFR 351.214(i)(1), unless the time limit is extended. See 19 CFR 351.214(i)(2).

Assessment Rates

Upon issuance of the final results, the Department will determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review. The Department intends to issue assessment instructions to CBP 15 days after the publication date of the final results of this review. In accordance with 19 CFR 351.212(b)(1), we are calculating importer- (or customer-) specific assessment rates for the merchandise subject to this review. Where the respondent has reported reliable entered values, we calculate importer- (or customer-) specific *ad valorem* rates by aggregating the

dumping margins calculated for all U.S. sales to each importer (or customer) and dividing this amount by the total entered value of the sales to each importer (or customer). Where an importer- (or customer-) specific *ad valorem* rate is greater than *de minimis*, we will apply the assessment rate to the entered value of the importers'/customers' entries during the POR, pursuant to 19 CFR 351.212(b)(1).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this new shipper review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) For the exporter listed above, the cash deposit rate will be the rate established in the final results of this review (except, if the rate is zero or *de minimis*, i.e., less than 0.5 percent, a zero cash deposit rate will be required for that company); (2) for previously investigated or reviewed PRC and non-PRC exporters not listed above that have separate rates, the cash deposit rate will continue to be the exporter-specific rate published for the most recent period; (3) for all PRC exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the PRC-wide rate of 216.01 percent; and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporter(s) that supplied that non-PRC exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Interested Parties

This notice serves as a reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

The Department is issuing and publishing this determination in accordance with sections 751(a)(2)(B) and 777(i) of the Act, and 19 CFR 351.214(h) and 351.221(b)(4).

Dated: August 3, 2011.

Ronald K. Lorentzen,
Deputy Assistant Secretary for Import Administration.

Continuation of Antidumping Duty Order on Solid Fertilizer Grade Ammonium Nitrate From the Russian Federation

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determinations by the Department of Commerce ("the Department") and the International Trade Commission ("ITC") that termination of the suspended antidumping duty investigation on solid fertilizer grade ammonium nitrate ("ammonium nitrate") from the Russian Federation ("Russia") would likely lead to continuation or recurrence of dumping, and material injury to an industry in the United States, the Department is publishing notice of the continuation of this antidumping duty order.

DATES: *Effective Date:* August 10, 2011.

FOR FURTHER INFORMATION CONTACT: Julie Santoboni or Judith Wey Rudman, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone (202) 482-3063 or (202) 482-0192, respectively.

SUPPLEMENTARY INFORMATION:

Background

On March 1, 2011, the Department initiated and the ITC instituted a second sunset review of the ammonium nitrate suspended investigation. See *Initiation of Five-Year ("Sunset") Review*, 76 FR 11202 (March 1, 2011) and *Ammonium Nitrate from Russia*, Investigation No. 731-TA-856 (Second Review), 76 FR 11273 (March 1, 2011).

On March 3, 2011, the Department received a letter from the Ministry of Economic Development ("MED") dated February 22, 2011, that had been sent to the United States Embassy in Moscow for transmittal to the Department concerning the suspension agreement. In that letter, the MED stated that it was withdrawing from the suspension agreement, effective 60 days after notice of termination. Effective May 2, 2011,

the Department terminated the suspension agreement and issued an antidumping duty order. *See Termination of the Suspension Agreement on Solid Fertilizer Grade Ammonium Nitrate From the Russian Federation and Notice of Antidumping Duty Order*, 76 FR 23569 (April 27, 2011).

As a result of its review, the Department determined that termination of the antidumping duty order on ammonium nitrate from Russia would likely lead to a continuation or recurrence of dumping and notified the ITC of the magnitude of the margins likely to prevail, should the order be terminated. *See Solid Fertilizer Grade Ammonium Nitrate From the Russian Federation; Final Results of the Expedited Sunset Review of Antidumping Duty Order*, 76 FR 39847 (July 7, 2011).

On August 4, 2011, pursuant to section 751(c) of the Act, the ITC published its determination that termination of the order on ammonium nitrate from Russia would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time. *See Ammonium Nitrate from Russian*, 76 FR 47238 (August 4, 2011). Therefore, pursuant to section 351.218(f)(4) of the Department's regulations, the Department is publishing this notice of the continuation of the order on ammonium nitrate from Russia.

Scope

The products covered by the order on ammonium nitrate from Russia include solid, fertilizer grade ammonium nitrate products, whether prilled, granular or in other solid form, with or without additives or coating, and with a bulk density equal to or greater than 53 pounds per cubic foot. Specifically excluded from this scope is solid ammonium nitrate with a bulk density less than 53 pounds per cubic foot (commonly referred to as industrial or explosive grade ammonium nitrate). The merchandise subject to the order is classified in the Harmonized Tariff Schedule of the United States ("HTSUS") at subheading 3102.30.00.00. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise within the scope of the order is dispositive.

Continuation

As a result of the respective determinations by the Department and the ITC that termination of the order on

ammonium nitrate from Russia would likely lead to continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, the Department hereby gives notice of the continuation of the order on ammonium nitrate from Russia. U.S. Customs and Border Protection will continue to collect cash deposits at the rates in effect at the time of entry for all imports of subject merchandise. The effective date of continuation will be the date of publication in the **Federal Register** of this Continuation Notice. Pursuant to sections 751(c)(2) of the Act, the Department intends to initiate the next five-year sunset review of the order on ammonium nitrate from Russia not later than July 2016.

This five-year (sunset) review and notice are in accordance with section 751(c) of the Act and published pursuant to section 777(i)(1) of the Act.

Dated: August 5, 2011.

Ronald K. Lorentzen,

Deputy Assistant Secretary for Import Administration.

Stainless Steel Sheet and Strip in Coils From Germany, Italy, and Mexico: Revocation of Antidumping Duty Orders

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On June 2, 2010, the Department of Commerce (the Department) initiated its second sunset reviews of the antidumping duty orders on stainless steel sheet and strip (SSSS) in coils from Germany, Italy, and Mexico. Pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act), the U.S. International Trade Commission (ITC) determined that revocation of the existing antidumping duty orders on SSSS in coils from Germany, Italy, and Mexico would not be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time. Therefore, pursuant to section 751(d)(2) of the Act, and 19 CFR 351.222(i)(1)(iii), the Department is revoking the antidumping duty orders on SSSS in coils from Germany, Italy, and Mexico.

DATES: *Effective Date:* July 25, 2010.

FOR FURTHER INFORMATION CONTACT: David Cordell or Angelica Mendoza, AD/CVD Operations Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; *telephone:* (202) 482-0408 and (202) 482-3019, respectively.

SUPPLEMENTARY INFORMATION:

Background

On June 8, 1999, the Department published its final results of sales at less than fair value on SSSS in coils from Germany,¹ Italy,² and Mexico.³ On June 2, 2010, the Department initiated its second five-year sunset reviews of the antidumping duty orders on SSSS in coils from Germany, Italy, and Mexico. *See Initiation of Five-Year ("Sunset") Review*, 75 FR 30777 (June 2, 2010).

As a result of these sunset reviews, the Department determined that revocation of the antidumping duty orders on SSSS in coils from Germany, Italy, and Mexico would be likely to lead to the continuation or recurrence of dumping. *See Certain Stainless Steel Sheet and Strip in Coils From Germany, Japan, the Republic of Korea, and Taiwan: Final Results of the Expedited Second Sunset Reviews of the Antidumping Duty Orders*, 75 FR 62104 (October 7, 2010); *Stainless Steel Sheet and Strip in Coils From Mexico: Final Results of the Five-Year ("Sunset") Review of the Antidumping Duty Order*, 76 FR 25668 (May 5, 2011) and *Stainless Steel Sheet and Strip in Coils From Italy: Final Results of the Full Five-Year ("Sunset") Review of the Antidumping Duty Order*, 76 FR 25670 (May 5, 2011). The Department notified the ITC of the magnitude of the margins likely to prevail should the antidumping duty orders be revoked.

On August 2, 2011, the ITC published its determination that, pursuant to section 751(c) of the Act, revocation of the antidumping duty orders on SSSS in coils from Germany, Italy, and Mexico would not be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time. *See Stainless Steel Sheet and Strip From Germany, Italy, Japan, Korea,*
