Protocol Gas Verification Program and Minimum Competency Requirements for Air Emission Testing; Corrections

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to correct certain portions of the Protocol Gas Verification Program and Minimum Competency Requirements for Air Emission Testing rule. EPA published in the Federal Register of March 28, 2011 (76 FR 17288), a final rule that amends the Agency’s Protocol Gas Verification Program (PGVP) and the minimum competency requirements for Air Emission Testing Bodies (AETBs), and makes a number of other changes to the regulation. After the final rule was published, it was brought to our attention that there are some incorrect and incomplete statements in the preamble, some potentially confusing statements in a paragraph of the rule text, and the title of Appendix D to Part 75 was inadvertently changed and is incorrect.
