Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The purpose of the Technical Assistance and Dissemination to Improve Services and Results for Children with Disabilities program is to promote academic achievement and to improve results for

children with disabilities by providing technical assistance (TA), supporting model demonstration projects, disseminating useful information, and implementing activities that are supported by scientifically based research.

Priority: In accordance with 34 CFR 75.105(b)(2)(v), this priority is from allowable activities specified in the statute or otherwise authorized in the statute (see sections 663 and 681(d) of the Individuals with Disabilities Education Act (IDEA), 20 U.S.C. 1463 and 1481(d)).

Absolute Priority: For FY 2011 and any subsequent year in which we make awards based on the list of unfunded applicants from this competition, this priority is an absolute priority. Under 34 CFR 75.105(c)(3) we consider only applications that meet this priority.

This priority is:

Model Demonstration Projects for English Learners With or At Risk of Having a Disability (84.326M).

Background:

By the year 2030, English Learners¹ will comprise an estimated 40 percent of the K-12 student population in the United States (National Symposium on Learning Disabilities in English Language Learners, 2003). While total enrollment of students in schools has increased by 20 percent over 15 years, there has been a 160-percent growth of English Learners enrolled in schools

¹ States use the definition of *Limited English Proficient (LEP)* from Section 9101(25) of the Elementary and Secondary Education Act, as amended (ESEA), 20 U.S.C. 7801(25), as a basis for their definition of LEP students or English Learners. This definition is as follows:

The term "limited English proficient," when used with respect to an individual, means an individual—(A) Who is aged 3 through 21; (B) who is enrolled or preparing to enroll in an elementary school or secondary school; (C)(i) Who was not born in the United States or whose native language is a language other than English; (ii)(I) Who is a Native American or Alaska Native, or a native resident of the outlying areas; and (II) who comes from an environment where a language other than English has had a significant impact on the individual's level of English language proficiency; or (iii) who is migratory, whose native language is a language other than English, and who comes from an environment where a language other than English is dominant; and (D) whose difficulties in speaking, reading, writing, or understanding the English language may be sufficient to deny the individual—(i) The ability to meet the State's proficient level of achievement on State assessments described in section 1111(b)(3); (ii) the ability to successfully achieve in classrooms where the language of instruction is English; or (iii) the opportunity to participate fully in society.

For purposes of this priority, the term *English Learners* refers to those students considered to be Limited English Proficient (LEP) students or English Learners, as those terms are defined under ESEA and in the State in which the grantee implements its model demonstration projects under this priority.
