#### SUPPLEMENTARY INFORMATION:

*Status:* The meeting will be open to the public.

*Purpose:* The purpose of the Negotiated Rulemaking Committee on Designation of Medically Underserved Populations and Health Professional Shortage Areas is to establish a criteria and a comprehensive methodology for Designation of Medically Underserved Populations and Primary Care Health Professional Shortage Areas, using a Negotiated Rulemaking (NR) process. It is hoped that use of the NR process will yield a consensus among technical experts and stakeholders on a new rule for designation of medically underserved populations and primary care health professions shortage areas, which would be published as an Interim Final Rule in accordance with Section 5602 of the Affordable Care Act, Public Law 111–148.

*Agenda:* The meeting will be held on Tuesday, September 20; Wednesday, September 21; and Thursday, September 22. It will include a review of previous decisions and analyses regarding the proposed methodologies for identifying areas of shortage and underservice that are based on the recommendations of the Committee in the previous meeting. The Committee will seek to make final recommendations based on these analyses and deliberations. The Committee's final report is due to the Secretary by the end of October.

Members of the public will have the opportunity to provide comments during the meeting on Friday afternoon. Requests from the public to make oral comments or to provide written comments to the Committee should be sent to Jessica Sitko at the contact address above at least 10 days prior to the first day of the meeting, Wednesday, September 20. The meetings will be open to the public as indicated above, with attendance limited to space available.
