[Release No. 34-65077; File No. SR-BYX-2011-017]

Self-Regulatory Organizations; BATS Y-Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Extend Pilot Program Related to Clearly Erroneous Execution Reviews

August 9, 2011.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on August 8, 2011, BATS Y-Exchange, Inc. (the "Exchange" or "BYX") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is filing with the Commission a proposal to extend a pilot program related to Rule 11.17, entitled "Clearly Erroneous Executions."

The text of the proposed rule change is available at the Exchange's Web site at <http://www.batstrading.com>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this filing is to extend the effectiveness of the Exchange's

current rule applicable to Clearly Erroneous Executions, Rule 11.17. The rule, explained in further detail below, is currently operating as a pilot program set to expire on the earlier of August 11, 2011 or the date on which a limit up/limit down mechanism to address extraordinary market volatility, if adopted, applies.³ The Exchange proposes to extend the pilot program to January 31, 2012.

On October 4, 2010, the Exchange filed an immediately effective filing to adopt various rule changes to bring BYX Rules up to date with the changes that had been made to the rules of BATS Exchange, Inc., the Exchange's affiliate, while BYX's Form 1 Application to register as a national security exchange was pending approval. Such changes included changes to the Exchange's Rule 11.17, on a pilot basis, to provide for uniform treatment: (1) Of clearly erroneous execution reviews in multi-stock events involving twenty or more securities; and (2) in the event transactions occur that result in the issuance of an individual stock trading pause by the primary market and subsequent transactions that occur before the trading pause is in effect on the Exchange.⁴ The Exchange also adopted additional changes to Rule 11.17 that reduced the ability of the Exchange to deviate from the objective standards set forth in Rule 11.17.⁵ The Exchange believes the benefits to market participants from the more objective clearly erroneous executions rule should be approved to continue on a pilot basis.

2. Statutory Basis

The Exchange believes that its proposal is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6(b) of the Act.⁶ In particular, the proposal is consistent with Section 6(b)(5) of the Act,⁷ because it would promote just and equitable principles of trade, remove impediments to, and perfect the mechanism of, a free and open market and a national market system. The Exchange believes that the pilot program promotes just and equitable principles of trade in that it promotes

transparency and uniformity across markets concerning review of transactions as clearly erroneous.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change imposes any burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁸ and Rule 19b-4(f)(6)(iii) thereunder.⁹ The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because such waiver will allow the pilot program to continue uninterrupted and help ensure uniformity among the national securities exchanges and FINRA with respect to the treatment of clearly erroneous transactions.¹⁰ Accordingly, the Commission waives the 30-day operative delay requirement and designates the proposed rule change as operative upon filing with the Commission.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such

⁹ 17 CFR 240.19b-4(f)(6)(iii). In addition, Rule 19b-4(f)(6)(iii) requires that a self-regulatory organization submit to the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the filing of the proposed rule change, or such shorter time as designated by the Commission. The Commission notes that the Exchange has satisfied this requirement.

¹⁰ For purposes only of waiving the 30-day operative delay, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

[Release No. 34-65086; File No. SR-FINRA-2011-036]

Self-Regulatory Organizations; Financial Industry Regulatory Authority, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Increase the Position Limit for Options on the Standard and Poor's Depository Receipts Trust

August 10, 2011.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that, on July 29, 2011, the Financial Industry Regulatory Authority, Inc. ("FINRA") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by FINRA. FINRA has designated the proposed rule change as constituting a "non-controversial" rule change under paragraph (f)(6) of Rule 19b-4 under the Act,³ which renders the proposal effective upon receipt of this filing by the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of the Substance of the Proposed Rule Change

FINRA is proposing to amend FINRA Rule 2360 (Options), Supplementary Material .03 to increase the position limit for options on the Standard and Poor's Depository Receipts Trust ("SPY").

The text of the proposed rule change is available on FINRA's Web site at <http://www.finra.org>, at the principal office of FINRA and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, FINRA included statements concerning

the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. FINRA has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to amend FINRA Rule 2360, Supplementary Material .03 to increase the position limit applicable to options on the Standard and Poor's Depository Receipts Trust, which trade under the symbol SPY, from 300,000 to 900,000 contracts⁴ to conform to a recent rule change by other self-regulatory organizations⁵ as well as [sic] the reasons discussed below.

Currently, SPY options have a position limit of only 300,000 contracts on the same side of the market while Power Shares QQQ Trust, based on the Nasdaq 100 Index[®] ("QQQ") options, which are comparable to SPY options but have lesser volume,⁶ have a position limit of 900,000 contracts on the same side of the market. Given the high volume and continuous demand for trading SPY options, FINRA believes that the current position limit of 300,000 contracts is inadequate, and that such options should, like options on QQQ, have a position limit of 900,000 contracts.

The position limit on SPY options has remained flat for more than five years,

⁴ The exercise limits on SPY options set forth in FINRA Rule 2360(b)(4), which is not amended by this filing, but which incorporate by reference options position limits, would correspondingly increase to 900,000 contracts.

⁵ See Securities Exchange Act Release No. 64695 (June 17, 2011) 76 FR 36942 (June 23, 2011) (SEC order approving File No. SR-Phlx-2011-58); Securities Exchange Act Release No. 64760 (June 28, 2011) 76 FR 39143 (July 5, 2011) (Notice of Filing and Immediate Effectiveness of File No. SR-ISE-2011-34); Securities Exchange Act Release No. 64928 (July 20, 2011) (File No. SR-CBOE-2011-065); Securities Exchange Act Release No. 64966 (July 26, 2011) (File No. SR-NYSEAmex-2011-50); and Securities Exchange Act Release No. 64945 (July 21, 2011) (File No. SR-NYSEArca-2011-47).

⁶ For example, options on SPYs, the most actively traded options in the U.S. in terms of volume, traded a total of 33,341,698 contracts across all exchanges from March 1, 2011 through March 16, 2011. In contrast, over the same time period options on the QQQ traded a total of 8,730,718 contracts (less than 26.2% of the volume of options on SPYs). In addition, for 2010, options on SPY had an average daily trading volume of 3.63 million contracts, while options on QQQs had an average daily trading volume of 963,502.
