preliminary permit, pursuant to section 4(f) of the Federal Power Act (FPA), proposing to study the feasibility of the Potholes East Canal Water Power Project (East Canal Project or project) to be located on the Potholes East Canal, near Othello, Franklin County, Washington. The sole purpose of a preliminary permit, if issued, is to grant the permit holder priority to file a license application during the permit term. A preliminary permit does not authorize the permit holder to perform any land-disturbing activities or otherwise enter upon lands or waters owned by others without the owners’ express permission.

The proposed project would consist of the following: (1) An approximately 400-foot-long intake structure installed on the Potholes East Canal to divert flow from the canal to the turbines, which would be 120 feet wide at the intersection with the canal and would narrow to 75 feet wide before entering the powerhouse, and would include a 120-foot-wide, 15-foot-high intake grate and a 75-foot-wide, 15-foot-high trash rack; (2) an approximately 100-foot-long, 20-foot-wide powerhouse containing five low-head turbine/generator units rated for approximately 400 kilowatts each (total capacity of 2,020 kilowatts) at an average head of 18 feet; (3) a 600-foot-long, 11-foot-high bypass weir, constructed in parallel to the west bank of the existing Potholes East Canal, to function as a project spillway; (4) a discharge canal returning flows from the powerhouse to the Potholes East Canal; (5) a 20-foot-long, 50-foot-wide substation at the powerhouse which will connect with the existing distribution line at the project site; and (6) appurtenant facilities. The project will be located on federal lands, and would operate as run-of-release using irrigation flows upon lands or waters owned by others.

Deadline for filing comments, motions to intervene, notices of intent to file competing applications: 60 days from the issuance of this notice. Competing applications and notices of intent must meet the requirements of 18 CFR 4.36. Comments, motions to intervene, notices of intent, and competing applications may be filed electronically via the Internet. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission’s Web site http://www.ferc.gov/docs-filing/elibrary.asp. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at http://www.ferc.gov/docs-filing/ecomment.asp. You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support at FERCONlineSupport@ferc.gov or toll free at 1–866–208–3676, or for TTY, (202) 502–8659. Although the Commission strongly encourages electronic filing, documents may also be paper-filed. To paper-file, mail an original and seven copies to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

More information about this project, including a copy of the application, can be viewed or printed on the “eLibrary” link of the Commission’s Web site at http://www.ferc.gov/docs-filing/elibrary.asp. Enter the docket number (P–14208–000) in the docket number field to access the document. For assistance, contact FERC Online Support.

Dated: August 10, 2011.
Kimberly D. Bose,
Secretary.

DEPARTMENT OF ENERGY
Federal Energy Regulatory Commission

[Project No. 2503–147—South Carolina and North Carolina Keowee-Toxaway Hydroelectric Project]

Duke Energy Carolinas, LLC; Notice of Proposed Restricted Service List for a Programmatic Agreement

Rule 2010 of the Federal Energy Regulatory Commission’s (Commission’s) Rules of Practice and Procedure, 18 CFR 385.2010, provides that, to eliminate unnecessary expense or improve administrative efficiency, the Secretary may establish a restricted service list for a particular phase or issue in a proceeding. The restricted service list should contain the names of persons on the service list who, in the judgment of the decisional authority establishing the list, are active participants with respect to the phase in issue in the proceeding for which the list is established.

The Commission staff is consulting with the South Carolina State Historic Preservation Officer (SHPO), the North Carolina SHPO, and the Advisory Council on Historic Preservation (Advisory Council) pursuant to the Advisory Council’s regulations, 36 CFR Part 800, implementing section 106 of the National Historic Preservation Act, as amended, (16 U.S.C. section 470f), to prepare a Programmatic Agreement for managing properties included in, or eligible for inclusion in, the National Register of Historic Places at the existing Keowee-Toxaway Hydroelectric Project.

The Programmatic Agreement, when executed by the Commission, the South Carolina SHPO, the North Carolina SHPO, and the Advisory Council, would satisfy the Commission’s section 106 responsibilities for all individual undertakings carried out in accordance with the license until the license expires or is terminated (36 CFR section 800.13(e)). The Commission’s responsibilities pursuant to section 106 for the project would be fulfilled through the Programmatic Agreement, which the Commission staff proposes to draft in consultation with certain parties listed below.

Duke Energy Carolinas, LLC, as licensee for Project No. 2503–147, is invited to participate in consultations to develop the Programmatic Agreement and to sign as a concurring party to the Programmatic Agreement. For purposes of commenting on the Programmatic Agreement, we propose to restrict the service list for Project No. 2503–147 as follows:

[Commission’s rules and regulations]
Any person on the official service list for the above-captioned proceedings may request inclusion on the restricted service list, or may request that a restricted service list not be established, by filing a motion to that effect within 15 days of this notice date. An original plus seven copies of any such motion must be filed with the Secretary of the Commission (888 First Street, NE., Washington, DC 20426) and must be served on each person whose name appears on the official service list. If no such motions are filed, the restricted service list will be effective at the end of the 15 day period. Otherwise, a further notice will be issued ruling on the motion.

Dated: August 11, 2011.

Kimberly D. Bose, Secretary.

[Docket No. CP11–530–000]

National Fuel Gas Supply Corporation; Notice of Request Under Blanket Authorization

Take notice that on August 5, 2011, National Fuel Gas Corporation (National Fuel), 6363 Main Street, Williamsville, New York 14221–5887, filed in Docket No. CP11–530–000, an application pursuant to sections 157.205, 157.208 and 157.213 of the Commission’s Regulations under the Natural Gas Act (NGA) as amended, to drill two new horizontal injection/withdrawal wells within the Colden Storage Field in Erie, New York, under National Fuel’s blanket certificate issued in Docket No. CP33–4–000, all as more fully set forth in the application which is on file with the Commission and open to public inspection. The new wells are proposed to restore and maintain field deliverability. National Fuel will also construct two new well lines to connect the wells to the existing storage pipelines. Each new well line will consist of approximately 150 feet of 8-inch storage pipelines. The filing may also be viewed on the web at http://www.ferc.gov using the “eLibrary” link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERC Online Support at FERConLineSupport@ferc.gov or toll free at (866) 206–3676, or TTY, contact (202) 502–8659.

Any questions concerning this application may be directed to Janet R. Bayer, Regulatory Analyst, National Fuel Gas Supply Corporation, 6363 Main Street, Williamsville, New York 14221–5887 at telephone (716) 857–7429, facsimile (716) 857–7206 or email: jrjbferc@natfuel.com.

Any person or the Commission’s staff may, within 60 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission’s Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to section 157.205 of the regulations under the NGA (18 CFR 157.205), a protest to the request. If no protest is filed within the time allowed therefore, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the allowed time for filing a protest, the instant request shall be treated as an application for authorization pursuant to section 7 of the NGA.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission’s environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission’s environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commentary will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission’s final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the “eFiling” link at http://www.ferc.gov. Persons unable to file electronically should submit an original and 7 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

Dated: August 10, 2011.

Kimberly D. Bose, Secretary.
