Duty-Free Treatment of Certain Visual and Auditory Materials

AGENCY: U.S. Customs and Border Protection, Department of Homeland Security; Department of the Treasury.

ACTION: Notice of proposed rulemaking.

SUMMARY: This document proposes to amend the U.S. Customs and Border Protection (CBP) regulations pertaining to the filing of documentation related to free entry of certain merchandise under Chapter 98 of the Harmonized Tariff Schedule of the United States (HTSUS). The proposed amendment would permit an applicant to file the documentation required for duty-free treatment of certain visual and auditory materials of an educational, scientific, or cultural character under subheading 9817.00.40, HTSUS, at any time prior to the liquidation of the entry. The regulation currently requires the filing of this documentation within 90 days of the date of entry. The proposed change would provide more time for the importer to provide the necessary certification documentation to CBP and would serve to align the filing of required certification documentation with a change in CBP policy that extended the liquidation cycle for entries in the ordinary course of business from 90 days to 314 days after the date of entry. The change is consistent with other regulations that govern the duty-free treatment of merchandise under Chapter 98, HTSUS.

SUPPLEMENTARY INFORMATION:

Public Participation

Interested persons are invited to participate in this rulemaking by submitting written data, views, or arguments on all aspects of this proposed rule. U.S. Customs and Border Protection (CBP) also invites comments that relate to the economic, environmental, or federalism effects that might result from this proposed rule. See **ADDRESSES** above for information on how to submit comments.

Background

The United States signed the "Agreement for Facilitating the International Circulation of Visual and Auditory Materials of an Educational, Scientific, and Cultural Character" made at Beirut, Lebanon (also referred to as the "Beirut Agreement") in 1948. By Public Law 89-634, 80 Stat. 879, 19 U.S.C. 2501 (October 8, 1966), which amended the Tariff Schedules of the United States, and Executive Order 11311, 31 FR 13413 (Oct. 18, 1966), the United States implemented its obligations under the Agreement to

allow certain qualifying visual and auditory materials to be imported into the United States duty-free. The provision for duty-free treatment for these materials is now set forth under subheading 9817.00.40 of the Harmonized Tariff Schedule of the United States (HTSUS).

CBP coordinates with the U.S. Department of State in administering the obligations of the United States under the Beirut Agreement. The Department of State is the agency responsible for determining whether articles qualify under the Agreement for duty-free treatment under subheading 9817.00.40 of the HTSUS, and CBP is responsible for ensuring that duty-free treatment for merchandise entered under that HTSUS subheading is provided only if the Department of State has certified that the articles qualify. The relevant regulations of the Department of State are set forth in 22 CFR part 61 and the regulation detailing the Department of State's issuance of the certification document is set forth at 22 CFR 61.8. The relevant CBP regulation is 19 CFR 10.121. As the program currently is administered, an applicant is required to file the Department of State's certification document in connection with an entry covering articles for which duty-free treatment is sought. *See* 19 CFR 10.121(a).

This document proposes to amend the CBP regulation regarding the time period in which a party seeking duty-free treatment under subheading 9817.00.40 of the HTSUS must provide certification from the Department of State. If the required documentation has not been filed with CBP at the time of entry for merchandise entered under subheading 9817.00.40, HTSUS, section 10.121(b) of the CBP regulations permits liquidation to be suspended for 90 days after entry to allow an applicant time to obtain the certifying Department of State document. This proposed amendment would permit more time for the importer to provide the necessary certification documentation to CBP.

This document proposes to amend 19 CFR 10.121(b) by removing the language which provides for the suspension of liquidation of an entry for 90 days and to provide, instead, that the required documentation may be filed with CBP any time prior to liquidation. This 90-day suspension provision was promulgated in 1966 and section 10.121(b) does not reflect the subsequent amendments to 19 U.S.C. 1504 or changes to CBP policy regarding liquidation. Under current law, CBP has up to one year to liquidate an entry before it is deemed liquidated by operation of law. *See* 19 U.S.C. 1504.

Historically, the majority of entries were liquidated within 90 days in the ordinary course of business; however, this policy was changed by the agency when the volume of trade increased by extending the liquidation cycle from 90 days after entry to 314 days after entry. *See* 314-Day Liquidation Cycle-Trade Notice, CSMS #97-000727 (Aug. 3, 1997). It is noted that there is no statutory provision preventing CBP from liquidating an entry at any time during the one-year period after entry of the merchandise and prior to the conclusion of the 314-day liquidation cycle if all the required documentation has been filed.

Section 10.112 of title 19 CFR (19 CFR 10.112) permits the filing of documentation related to free entry of merchandise under Chapter 98, HTSUS, at any time prior to liquidation of an entry or, if liquidated, before the liquidation becomes final. Section 10.121(b) is proposed to be amended to be consistent with 19 CFR 10.112 and the change in CBP's current liquidation practice. Therefore, the suspension of liquidation of an entry for a period of 90 days from the date of entry to allow an applicant to file the required documentation in order to qualify for an exemption from duty under subheading 9817.00.40, HTSUS, would be replaced with a suspension of liquidation of an entry for a period of 314 days from the date of entry.

Lastly, we note that this proposed change to 19 CFR 10.121(b) is also consistent with other CBP regulations that govern the duty free treatment of merchandise under Chapter 98, HTSUS. For instance, the regulations implementing the Florence Agreement on scientific instruments and apparatus were amended to merely require that the Department of Commerce's certifying documentation be submitted to CBP prior to liquidation. *See* 19 CFR 10.112 and 15 CFR 301.8 (74 FR 30462, June 26, 2009).

Other Changes

This document also proposes to make a non-substantive change to a listing in the Appendix to part 163—Interim (a)(1)(A) List. The listing “§ 10.121 Certificate from USIA for visual/auditory materials” currently references USIA (United States Information Agency). Since USIA was abolished in 1999 by the Foreign Affairs Reform and Restructuring Act of 1998, and its functions were transferred to the U.S. Department of State, this listing is outdated. This document will amend the listing in the Appendix to Part 163 to reflect the State Department rather than USIA.

Regulatory Flexibility Act

Under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*), we have considered whether this proposed rule would have a significant impact on a substantial number of small entities. A small entity may be a small business (defined as any independently owned and operated business not dominant in its field that qualifies as a small business per the Small Business Act); a small not-for-profit organization; or a small governmental jurisdiction (locality with fewer than 50,000 people).

As this proposed amendment would provide more time for an importer to obtain the State Department certificate, CBP certifies under 5 U.S.C. 605(b) that the proposed amendments, if adopted, will not have a significant economic impact on a substantial number of small entities. CBP welcomes any comments regarding this finding.

Executive Order 12866

This proposed rule is not a “significant regulatory action” as defined by Executive Order 12866.

Paperwork Reduction Act

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3507), an agency may not conduct, and a person is not required to respond to, a collection of information unless the collection of information displays a valid control number assigned by Office of Management and Budget (OMB). The information collected under 19 CFR 10.121 is included under OMB control number 1651-0067. There are no new collections of information proposed in this document.

Signing Authority

This regulation is being issued in accordance with 19 CFR 0.1(a)(1) pertaining to the authority of the Secretary of the Treasury (or his/her delegate) to approve regulations pertaining to certain customs revenue functions.

Procurement of Commodities and Services Financed by USAID

AGENCY: Agency for International Development (USAID).

ACTION: Proposed rule.

SUMMARY: This proposed rule implements the statutory requirement that funds made available by the United States Congress (Congress) to USAID under the authority of the Foreign Assistance Act of 1961, as amended (FAA), be used for procurement in the United States (U.S.), the recipient country, or developing countries. It does so by revising USAID’s current source, origin and nationality (S/O/N) regulation to track more closely the statutory procurement authority provided under the FAA and referenced above; by establishing a single code for procurements from the U.S., recipient country and developing countries; by deleting the concept of “origin,” which is increasingly obsolete and difficult to apply in today’s globalized economy; and by simplifying the concepts of “source” and “nationality” in order to reflect better Congress’s directive to procure from the U.S., recipient or developing countries.
