SUPPLEMENTARY INFORMATION:

Title: Submission of Aviation Consumer Protection Division Webpage On-Line Aviation Complaint Form.

OMB Control Number: To Be Determined.

Type of Request: Request for approval of a new information collection.

Abstract: The Department of Transportation's (Department) Office of the Assistant General Counsel for Aviation Enforcement and Proceedings (Enforcement Office) has broad authority under 49 U.S.C., Subtitle VII, to investigate and enforce consumer protection and civil rights laws and regulations related to air transportation. The Enforcement Office, including its Aviation Consumer Protection Division (ACPD), monitors compliance with and investigates violations of the Department of Transportation's aviation economic, consumer protection, and civil rights requirements.

Among other things, the office is responsible for receiving and investigating service-related consumer complaints filed against air carriers. Once received, the complaints are reviewed by the office to determine the extent to which carriers are in compliance with federal aviation consumer protection and civil rights laws and what, if any, action should be taken.

The key reason for this request is to enable consumers to file their complaints to the Department using an on-line form. If the information collection form is not available, the Department may receive fewer complaints from consumers. The lack of information could inhibit the Departments' ability to improve airline consumer satisfaction, effectively investigate individual complaints against an air carrier, and/or determine patterns and practices that may develop with an air carrier's services in violation of our rules. The information collection also furthers the objectives of 49 U.S.C. 41712, 40101, 40127, 41702, and 41705 to protect consumers from unfair or deceptive practices, to protect the civil rights of air travelers, and to ensure safe and adequate service in air transportation.

Filing a complaint using a web-based form is voluntary and minimizes the burden on the public. Consumers can also choose to file a complaint with the Department by sending a letter using regular mail or by phone message. The type of information requested on the on-line form includes complainant's name, address, daytime phone number (including area code) and e-mail address, name of the airline or company about which she/he is complaining, flight date, flight number, and origin and destination cities of complainant's trip. A consumer may also use the form to give a description of a specific problem or to ask for air-travel related information from the ACPD. The Department has limited its informational request to only that information necessary to meet its program and administrative monitoring and enforcement requirements.

Respondents: Consumers that Choose to File an On-Line Complaint with the Aviation Consumer Protection Division.

Estimated Number of Respondents: 12,899 (based on CY 2010 data).

Estimated Total Burden on

Respondents: 3224.75 (hours), 193,485 (minutes). The information collection is available for inspection in regulations.gov, as noted in the

ADDRESSES section of this document.

Comments are Invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (b) the accuracy of the Department's estimate of the burden of the proposed information collection; (c) ways to enhance the quality, utility and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record on the docket.

Issued in Washington, DC on August 17, 2011.

Patricia Lawton,

DOT PRA Clearance Officer.
