SUPPLEMENTARY INFORMATION: President Obama recognized the importance of economically vibrant and prosperous cities, towns and regions to our national economy when he asserted that "strong cities are the building blocks of strong regions, and strong regions are essential for a strong America." To create Federal-local synergies that will help strengthen economically distressed communities, the Administration has developed the SC2 Pilot Challenge. In the **Federal Register** notice published on July 11, 2011 (76 FR 40686), EDA requested public feedback on the structure of the SC2 Pilot Challenge to assist with the formulation of the FFO announcement for the Challenge. Due to significant interest in this initiative and to ensure stakeholders have ample time to comment, EDA is extending the deadline for the submission of comments from August 9, 2011, to September 7, 2011. Please see the July 11, 2011 notice and request for comments, and EDA's Web site at <http://www.eda.gov> for more information. Although EDA welcomes public comments on the structure of the SC2 Pilot Challenge, the agency specifically requests input on the effective use of authority to conduct prize competitions under the America Creating Opportunities to Meaningfully Promote Excellence in Technology, Education, and Science (COMPETES) Reauthorization Act of 2010 (Pub. L. 111-358 (2011)) as a tool to implement the SC2 Pilot Challenge.

Comments should be submitted to EDA as described in the **ADDRESSES** section of this notice. EDA will consider all comments submitted in response to this notice that are received by 5 p.m. Eastern Time on September 7, 2011, as referenced under **DATES**.
