**SUPPLEMENTARY INFORMATION:** We are soliciting public comments to permit the Department to:

- Evaluate whether the proposed information collection is necessary to properly perform our functions.
- Evaluate the accuracy of our estimate of the burden of the proposed collection, including the validity of the methodology and assumptions used.
- Enhance the quality, utility, and clarity of the information to be collected.

- Minimize the reporting burden on those who are to respond.

Abstract of proposed collection:

The Intelligence Reform and Terrorism Prevention Act requires the Secretary of Homeland Security, in discussion with the Secretary of State, to develop and implement a plan to require U.S. Citizens and U.S. Nationals to present a passport and/or other sufficient documentation of identity and citizenship when entering the United States.

The plan to require U.S. Citizens and U.S. Nationals to present a passport has

required the Office of Passport Services to obtain regular statistical data on issues that focus on, and are related to, travel and passport applications. This data will be used to monitor, assess, and forecast U.S. passport demand on a continuous basis. In support of these efforts, the Office of Passport Services will conduct monthly and incremental forecasts of national passport demand. This data will provide the ability for the Office of Passport Services to refine volume and timing estimates about passport demand, and will also provide the ability to gauge public reaction to economic and socio-demographic changes.

**Methodology:**

The Office of Passport Services will conduct monthly Passport Demand Forecasting Studies using multiple methodologies. Methodologies can include mail, Web/Internet, telephone, and mixed mode surveys to ensure that the Office of Passport Services reaches the appropriate audience and leverages the best research method to obtain valid responses. The survey data will cover an estimated 48,000 respondents annually and will include variables covering passport, travel, and socio-demographic variables of interest to the Office of Passport Services.

Dated: August 22, 2011.
