SUPPLEMENTARY INFORMATION:
I. Abstract
The USPTO has undertaken a revitalization of the Patent and Trademark Depository Library Program to reflect the new 21st Century electronic approach to customer services. As a part of this revitalization, the name will change to Patent and Trademark Resource Center Program and the nationwide network of libraries will be known as Patent and Trademark Resource Centers (PTRCs). In addition to enable the USPTO to more effectively train the PTRCs and the public to better use the tools and data available to them and to ascertain what types of new and different services the PTRCs should offer, the USPTO is requiring the centers to provide metrics on the PTRC outreach services and use of the patent and trademark services.

Recognition as a PTRC is authorized under the provisions of 35 U.S.C. 2(a)(2), which provides that the USPTO shall be responsible for disseminating to the public information with respect to patents and trademarks. In order to be designated as a PTRC, libraries must fulfill the following requirements: assist the public in the efficient use of patent and trademark information resources; provide free access to patent and trademark resources provided by the USPTO; provide metrics on the use of patent and trademark services provided by the member library as stipulated by the USPTO; provide metrics on outreach efforts conducted by the member library as stipulated by the USPTO; and send representatives to attend the USPTO-hosted PTRC training seminars.

Since the PTRC requirements stipulate that the participating libraries must submit information (metrics) in order to be designated as a PTRC, the USPTO is submitting this new information collection for review under the PRA. The information collected will enable the USPTO to more effectively train the PTRC staff who, in turn, provide assistance and training to public customers in the areas of patent and trademarks. As the PTRCs continue to move away from the physical distribution of hard copy information, the USPTO is interested in what types of new and different services the PTRC of the future should offer its customers. Collection of this information will enable the USPTO to more effectively service its current customers while planning for the future.

The USPTO has developed a worksheet to collect the metrics concerning the use of the patent and trademark services and the public outreach efforts from the libraries. On the USPTO’s behalf, the metrics will be collected on a quarterly basis through a third-party vendor. The information will only be collected electronically. The PTRCs will be given a password to input their information.

II. Method of Collection
The metrics will be submitted electronically to the USPTO.

III. Data
OMB Number: 0651–00xx.
Form Number(s): N/A.
Type of Review: New information collection.
Affected Public: Non-profit organizations.

Estimated Number of Respondents: 81 libraries, for 324 responses per year. The USPTO estimates that there will be 81 libraries reporting their metrics once per quarter, for a total of 324 responses per year.

Estimated Time per Response: The USPTO estimates that it will take the public approximately 30 minutes (0.50 hours) to gather the necessary information, prepare the worksheet, and submit it to the USPTO.

Estimated Total Annual Respondent Burden Hours: 162 hours.

Estimated Total Annual Respondent Cost Burden: $4,374. The USPTO expects that the information in this collection will be prepared by librarians, at an estimated hourly rate of $27. This is the mean hourly wage for librarians as reported in the 2009 Bureau of Labor Statistics. Therefore, the USPTO estimates that the respondent cost burden for this collection will be approximately $4,374 per year.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency’s estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, e.g., the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: August 24, 2011.

Susan K. Fawcett,
Records Officer, USPTO, Office of the Chief Information Officer.

Defense Acquisition Regulations System

Information Collection Requirement; Defense Federal Acquisition Regulation Supplement; Special Contracting Methods

AGENCY: Defense Acquisition Regulations System, Department of Defense (DoD).

ACTION: Notice and request for comments.

SUMMARY: In compliance with Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), DoD announces the proposed extension of a public information collection requirement and seeks public comment on the provisions thereof. DoD invites comments on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the estimate of the burden of the proposed information collection; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the information collection on respondents, including the use of automated collection techniques or other forms of information technology. The Office of Management and Budget (OMB) has approved this information collection requirement for use through December 31, 2011. DoD proposes that OMB extend its approval for three additional years.

DATES: DoD will consider all comments received by October 31, 2011.

ADDRESSES: You may submit comments, identified by OMB Control Number 0704–0214, using any of the following methods:

○ Email: dfars@osd.mil. Include OMB Control Number 0704–0214 in the subject line of the message.

○ Fax: (703) 602–0350.

Comments received will be posted without change to http://www.regulations.gov, including any personal information provided. To confirm receipt of your comment(s), please check http://www.regulations.gov approximately two to three days after submission to verify posting (except allow 30 days for posting of comments submitted by mail).

SUPPLEMENTARY INFORMATION:

Needs and Uses: DFARS Part 217 prescribes policies and procedures for acquiring supplies and services by special contracting methods. Contracting officers use the required information as follows:

The clause at DFARS 252.217–7012 is used in master agreements for repair and alteration of vessels. Contracting officers use the information required by paragraph (d) of the clause to determine that the contractor is adequately insured. This requirement supports prudent business practice, because it limits the Government’s Liability as a related party to the work the contractor performs. Contracting officers use the
