

of the total amount of antidumping duties calculated for the examined sales and the total entered value of the examined sales. We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review if the importer-specific assessment rate calculated in the final results of this review is above *de minimis* (*i.e.*, at or above 0.50 percent). Pursuant to 19 CFR 351.106(c)(2), we intend to instruct CBP to liquidate without regard to antidumping duties any entries for which the assessment rate is zero or *de minimis* (*i.e.*, less than 0.50 percent). See 19 CFR 351.106(c)(1).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this new shipper review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for subject merchandise that is manufactured by Enzo Juan Garaventa or Villamora and exported by Enzo Juan Garaventa or Villamora will be the rate established in the final results of this new shipper review, except no cash deposit will be required if its weighted-average margin is *de minimis* (*i.e.*, less than 0.5 percent); (2) if the exporter is not a firm covered in this review, but was covered in a previous review or the original less-than-fair-value (LTFV) investigation, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a previous review, or the original LTFV investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers and/or exporters of this merchandise, shall be 30.24 percent, the all-others rate established in the LTFV investigation. See *Notice of Antidumping Duty Order; Honey From Argentina*, 66 FR 63672 (December 10, 2001). These requirements, when imposed, shall remain in effect until further notice.

Further, effective upon publication of the final results, we intend to instruct CBP that importers may no longer post a bond or other security in lieu of a cash deposit on imports of honey from Argentina, manufactured by Enzo Juan Garaventa or Villamora and exported by Enzo Juan Garaventa or Villamora. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Disclosure and Public Hearing

The Department will disclose to parties the calculations performed in connection with these preliminary results within five days of the date of public announcement. See 19 CFR 351.224(b). Unless notified by the Department, pursuant to 19 CFR 351.309(c)(ii), interested parties may submit cases briefs not later than 30 days after the date of publication of this notice. Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than five days after the deadline for filing the case briefs. See 19 CFR 351.309(d). Parties who submit case briefs or rebuttal briefs in this proceeding are requested to submit with each argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities. Additionally, parties are requested to provide their case briefs and rebuttal briefs in electronic format (*e.g.*, WordPerfect, Microsoft Word, Adobe Acrobat, *etc.*).

Interested parties who wish to request a hearing or to participate if one is requested must submit a written request to the Assistant Secretary for Import Administration within 30 days of the date of publication of this notice. Requests should contain: (1) The party's name, address and telephone number; (2) the number of participants; and (3) a list of issues to be discussed. Issues raised in the hearing will be limited to those raised in the case and rebuttal briefs. See 19 CFR 351.310(c).

Beginning August 5, 2011, with certain limited exceptions, interested parties are required to file electronically all submissions for all proceedings using Import Administration's Antidumping and Countervailing Duty Centralized Electronic Service System (IA ACCESS). An electronically-filed document must be successfully received in its entirety by the Department's electronic records system, IA ACCESS, by the time and date of the above-referenced deadline for the submission of case briefs. Documents excepted from the electronic submission requirements, must be filed manually (*i.e.*, in paper form) with the APO/Dockets Unit in Room 1870 and stamped with the date and time of receipt by the deadline. The Department will issue the final results of this review, including the results of its analysis of issues raised in

any written briefs, within 90 days of signature of these preliminary results, unless the final results are extended. See section 751(a)(2)(B)(iv) of the Act.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This new shipper review is issued and published in accordance with sections 751(a)(2)(B)(iv) and 777(i)(1) of the Act, as well as 19 CFR 351.214(i).³

SUPPLEMENTARY INFORMATION:

Background

On May 2, 2011, the Department published the notice of initiation of the third sunset review of the antidumping duty order on gray portland cement and clinker from Japan¹ pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). See *Initiation of Five-Year ("Sunset") Review*, 76 FR 24459 (May 2, 2011) (*Notice of Initiation*).

The Department received notice of intent to participate in this third sunset review from the domestic interested party, Committee for Fairly Traded Japanese Cement (domestic interested party), within the 15-day period specified in 19 CFR 351.218(d)(1)(i). The domestic interested party claimed interested-party status under section 771(9)(E) of the Act as a trade or business association, a majority of whose members manufacture, produce or wholesale a domestic like product in the United States.

The Department received a complete substantive response to the *Notice of Initiation* from the domestic interested party within the 30-day period specified in 19 CFR 351.218(d)(3)(i). The Department received no responses from any respondent interested parties. In accordance with section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), the Department is conducting an expedited (120-day) third sunset review of the antidumping duty order on gray portland cement and clinker from Japan.

Scope of the Order

The products covered by the order are cement and cement clinker from Japan. Cement is a hydraulic cement and the primary component of concrete. Cement clinker, an intermediate material produced when manufacturing cement, has no use other than grinding into finished cement. Microfine cement was specifically excluded from the antidumping duty order. Cement is currently classifiable under the Harmonized Tariff Schedule (HTS) item number 2523.29 and cement clinker is currently classifiable under HTS item number 2523.10. Cement has also been

entered under HTS item number 2523.90 as "other hydraulic cements." The HTS item numbers are provided for convenience and customs purposes. The written product description remains dispositive as to the scope of the product covered by the order.²

Analysis of Comments Received

All issues raised in this review are addressed in the "Issues and Decision Memorandum for the Final Results of the Expedited Third Sunset Review of the Antidumping Duty Order on Gray Portland Cement and Clinker from Japan" from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, to Ronald K. Lorentzen, Deputy Assistant Secretary for Import Administration, dated concurrently with this notice (I&D Memo), which is hereby adopted by this notice. The issues discussed in the I&D Memo include the likelihood of continuation or recurrence of dumping and the magnitude of the dumping margins likely to prevail if the order was revoked. Parties can find a complete discussion of all issues raised in this review and the corresponding recommendations in this public memorandum which is on file in the Central Records Unit, room 7046 of the main Department of Commerce building.

In addition, a complete version of the I&D Memo can be accessed directly on the Web at <http://ia.ita.doc.gov/frn>. The paper copy and electronic version of the I&D Memo are identical in content.

Final Results of Review

The Department determines that revocation of the antidumping duty order on gray portland cement and clinker from Japan would be likely to lead to continuation or recurrence of dumping at the following weighted-average dumping margins:

Company	Weighted-Average dumping margin (percent)
Onoda Cement Company, Ltd ...	70.52
Nihon Cement Company, Ltd	69.89
All Other Manufacturers/Producers/Exporters	70.23

¹ See *Antidumping Duty Order and Amendment to Final Determination of Sales at Less Than Fair Value: Gray Portland Cement and Clinker From Japan*, 56 FR 21658 (May 10, 1991), and *Amended Final Determination of Sales at Less Than Fair Value and Antidumping Order: Gray Portland Cement and Clinker From Japan*, 60 FR 39150 (August 1, 1995).

² The Department has made two scope rulings regarding subject merchandise. See *Scope Rulings*, 57 FR 19602 (May 7, 1992) (classes G and H of oil well cement are within the scope of the order), and *Scope Rulings*, 58 FR 27542 (May 10, 1993) ("Nittetsu Super Fine" cement is not within the scope of the order).

Notification Regarding APO

This notice serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a). Timely written notification of the destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

The Department is issuing and publishing the final results and notice in accordance with sections 751(c), 752(c), and 777(i)(1) of the Act.

Dated: August 18, 2011.

Acting Deputy Assistant Secretary for Import Administration.

Stainless Steel Plate in Coils From Italy: Revocation of Antidumping Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On June 2, 2010, the Department of Commerce (the Department) initiated a second sunset review of the antidumping duty order on stainless steel plate in coils (SSPC) from Italy. See *Initiation of Five-Year ("Sunset") Review*, 75 FR 30777 (June 2, 2010) (*Initiation*). Pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act), the International Trade Commission (ITC) determined that revocation of this order would not be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time. See *Stainless Steel Plate From Belgium, Italy, Korea, South Africa, and Taiwan*, 76 FR 50495 (August 15, 2011) (ITC Final). Therefore, pursuant to section 751(d)(2) of the Act and 19 CFR 351.222(i)(1)(iii), the Department is revoking the antidumping duty order on SSPC from Italy.

DATES: *Effective Date:* July 18, 2010.
