Filing Information

As a courtesy, we are making information related to Sunset proceedings, including copies of the pertinent statute and Department’s regulations, the Department schedule for Sunset Reviews, a listing of past revocations and continuations, and current service lists, available to the public on the Department’s Internet Web site at the following address: http://ia.ita.doc.gov/sunset/. All submissions in these Sunset Reviews must be filed in accordance with the Department’s regulations regarding format, translation, and service of documents. These rules can be found at 19 CFR 351.303.

This notice serves as a reminder that any party submitting factual information in an AD/CVD proceeding must certify to the accuracy and completeness of that information. See section 782(b) of the Act. Parties are hereby reminded that revised certification requirements are in effect for company/government officials as well as their representatives in all AD/CVD investigations or proceedings initiated on or after March 14, 2011. See Certification of Factual Information to Import Administration During Antidumping and Countervailing Duty Proceedings: Interim Final Rule, 76 FR 7491 (February 10, 2011) (“Interim Final Rule”) amending 19 CFR 351.303(g)(1) & (2). The formats for the revised certifications are provided at the end of the Interim Final Rule. The Department intends to reject factual submissions in investigations/proceedings initiated on or after March 14, 2011 if the submitting party does not comply with the revised certification requirements.

Pursuant to 19 CFR 351.103(d), the Department will maintain and make available a service list for these proceedings. To facilitate the timely preparation of the service list(s), it is requested that those seeking recognition as interested parties to a proceeding contact the Department in writing within 10 days of the publication of the Notice of Initiation.

Because deadlines in Sunset Reviews can be very short, we urge interested parties to apply for access to proprietary information under administrative protective order (“APO”) immediately following publication in the Federal Register of this notice of initiation by filing a notice of intent to participate. The Department’s regulations on submission of proprietary information and eligibility to receive access to business proprietary information under APO can be found at 19 CFR 351.304–306.

Information Required From Interested Parties

Domestic interested parties defined in section 771(9)(C), (D), (E), (F), and (G) of the Act and 19 CFR 351.102(b) wishing to participate in a Sunset Review must respond not later than 15 days after the date of publication in the Federal Register of this notice of initiation by filing a notice of intent to participate. The required contents of the notice of intent to participate are set forth at 19 CFR 351.218(d)(1)(i). In accordance with the Department’s regulations, if we do not receive a notice of intent to participate from at least one domestic interested party by the 15-day deadline, the Department will automatically revoke the order without further review.

See 19 CFR 351.218(d)(1)(iii).

If we receive an order-specific notice of intent to participate from a domestic interested party, the Department’s regulations set forth that all parties wishing to participate in the Sunset Review must file complete substantive responses not later than 30 days after the date of publication in the Federal Register of this notice of initiation. The required contents of a substantive response, on an order-specific basis, are set forth at 19 CFR 351.218(d)(3). Note that certain information requirements differ for respondent and domestic parties. Also, note that the Department’s information requirements are distinct from the Commission’s information requirements. Please consult the Department’s regulations at 19 CFR part 351 for definitions of terms and for other general information concerning antidumping and countervailing duty proceedings at the Department.

This notice of initiation is being published in accordance with section 751(c) of the Act and 19 CFR 351.218(c).

Dated: August 25, 2011

Christian Marsh,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

BILLING CODE 3510–05–P

* In comments made on the interim final sunset regulations, a number of parties stated that the proposed five-day period for rebuttals to substantive responses to a notice of initiation was insufficient. This requirement was retained in the final sunset regulations at 19 CFR 351.218(d)(4). As provided in 19 CFR 351.302(b), however, the Department will consider individual requests to extend that five-day deadline based upon a showing of good cause.

SUPPLEMENTARY INFORMATION:
I. Abstract
This request is for an extension of a
current information collection.
NOAA has established a program to
reduce excess fishing capacity by paying
fishermen to (1) surrender their fishing
permits or (2) surrender their permits,
and either scrap their vessels or restrict
vessel titles to prevent fishing. These
fishing capacity reduction programs, or
buybacks, can be funded by a Federal
loan to the industry or by direct Federal
or other funding. These buybacks are
conducted pursuant to the Magnuson-
Stevens Fishery Conservation and
Management Act, and the Magnuson-
Stevens Reauthorization Act (Pub. L.
109–479). The regulations implementing
the buybacks are at 50 CFR part 600.
Depending upon the type of buyback
involved, the program can entail the
submission of buyback requests by
industry, the submission of bids,
referenda of fishery participants, and
reporting of the collection of fees to
repay a Federal loan. For buybacks
involving State-managed fisheries, the
State may need to develop the buyback
plan and comply with other information
requirements. The information collected
by NMFS is required to request a
buyback, submit supporting data for
requested buybacks, to submit bids, and
to conduct referenda of fishery
participants.
The recordkeeping and reporting
requirements at 50 CFR parts 600.1013
through 600.1017 form the basis for this
collection of information on fee
payment and collection. NMFS requests
information from participating buyback
participants. This information, upon
receipt, tracks the repayment of the
Federal loans that are issued as part of
the buybacks, and ensures accurate
management and monitoring of the
loans during the repayment term.

II. Method of Collection
Paper reports or electronic reports are
required from buyback participants.
Methods of submittal include mailing of
paper forms, submission of forms via
the Internet, and/or facsimile
transmission of paper forms.
