[Docket No. USCG-2011-0734]

RIN 1625-AA00

Safety Zone; Thunder on the Gulf, Gulf of Mexico, Orange Beach, AL

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone for a portion of the Gulf of Mexico for the waters off Orange Beach, Alabama. This action is necessary for the protection of crews, vessels, persons, and spectators on navigable waters during the Thunder on the Gulf high speed boat races. Entry into, transiting or anchoring in this zone is prohibited to all vessels, mariners, and persons unless specifically authorized by the Captain of the Port (COTP) Mobile or a designated representative.

DATES: This rule is effective from 10 a.m. October 6, 2011, until 4 p.m. October 9, 2011.

ADDRESSES: Documents indicated in this preamble as being available in the docket are part of docket USCG-2011-0734 and are available online by going to <http://www.regulations.gov>, inserting USCG-2011-0734 in the “Keyword” box, and then clicking “Search.” They are also available for inspection or copying at the Docket Management Facility (M-30), U.S. Department of Transportation, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue, SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays and U.S. Coast Guard Sector Mobile (spw), Building 102, Brookley Complex South Broad Street Mobile, AL 36615, between 8 a.m. and 3:30 p.m., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

Regulatory Information

The Coast Guard is issuing this temporary final rule without prior

notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because there is insufficient time to publish a NPRM. This recurring safety zone is included in a separate ongoing rulemaking project to update the list of recurring events and safety zones in the CFR. At this time, a NPRM could not be published without causing unnecessary delay for this year’s occurrence of this event and need for a safety zone. Additionally, the Coast Guard received the application for a Marine Event Permit related to this event on July 19, 2011, from the Gulf Coast Powerboat Association, noting their intention to hold their Thunder on the Gulf high speed boat races starting on October 6, 2011. Publishing a NPRM is impracticable because it would unnecessarily delay the required safety zone’s 2011 effective date. The safety zone is needed to protect persons and vessels from safety hazards associated with a high speed boat race and will be enforced with actual notice for short periods of time during the four day event.

Basis and Purpose

The Gulf Coast Powerboat Association applied for a Marine Event Permit to conduct a high speed boat race on the Gulf of Mexico, south of Orange Beach, Alabama to occur from October 6, 2011 through October 9, 2011. This event will draw in a large number of pleasure crafts and the high speed boats pose a significant safety hazard to both vessels and mariners operating in or near the area. The COTP Mobile is establishing a temporary safety zone for a portion of the Gulf of Mexico, Orange Beach, Alabama to protect persons and vessels during the high speed boat races.

The COTP anticipates minimal impact on vessel traffic due to this regulation. However, this safety zone is deemed necessary for the protection of life and property within the COTP Mobile zone.

Discussion of Rule

The Coast Guard is establishing a temporary safety zone for a portion of the Gulf of Mexico for the waters off Orange Beach, Alabama, enclosed by a box starting at a point on the shore at approximately 30°15’39” N, 087°36’42”

W, then south to 30°14'54" N, 087°36'42" W, then east, roughly parallel to the shore line to 30°15'22" N, 087°33'31" W, then north to a point on the shore at approximately 30°16'13" N, 087°33'31" W. This temporary safety zone will protect the safety of life and property in this area. Entry into, transiting or anchoring in this zone is prohibited to all vessels, mariners, and persons unless specifically authorized by the COTP Mobile or a designated representative. The COTP may be contacted by telephone at 251-441-5976.

The COTP Mobile or a designated representative will inform the public through broadcast notice to mariners of changes in the effective period and enforcement times for the safety zone. This rule is effective from 10 a.m. October 6, 2011, until 4 p.m. October 9, 2011.

Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on 13 of these statutes or executive orders.

Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under that those Orders.

The temporary safety zone will restrict vessel traffic from entering, transiting or anchoring in a small portion of the Gulf of Mexico, south of Orange Beach, Alabama for short periods of time during the four day event. The effect of this regulation will not be significant for several reasons: (1) This rule will only affect vessel traffic for a short duration; (2) vessels may request permission from the COTP to transit through the safety zone; and (3) the impacts on routine navigation are expected to be minimal. Notifications to the marine community will be made through local notice to mariners and broadcast notice to mariners. These notifications will allow the public to plan operations around the affected area.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601-612), we have considered whether this rule would have a significant economic impact on a substantial number of small entities. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities. This rule will affect the following entities, some of which may be small entities: the owners or operators of vessels intending to transit or anchor in affected portions of the Gulf of Mexico, south of Orange Beach, Alabama during the high speed boat races. This safety zone will not have a significant economic impact on a substantial number of small entities for the following reasons. The zone is limited in size, is of short duration and vessel traffic may request permission from the COTP Mobile or a designated representative to enter or transit through the zone.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104-121), we offer to assist small entities in understanding the rule so that they can better evaluate its effects on them and participate in the rulemaking process.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1-888-REG-FAIR (1-888-734-3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

Collection of Information

This calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531-1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule will not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That

Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant energy action” under that order because it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023-01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321-4370f), and have concluded this action is one of a category of actions which do not individually or cumulatively have a significant effect on the human environment. This rule is categorically excluded, under figure 2-1, paragraph (34)(g), of the Instruction. This rule involves safety for the public and environment and is not expected to result in any significant adverse environmental impact as described in NEPA. An environmental analysis checklist and a categorical exclusion determination will be made available as directed under the ADDRESSES section.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR Part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

■ 1. The authority citation for part 165 continues to read as follows:

Authority: 33 U.S.C. 1231; 46 U.S.C. Chapter 701, 3306, 3703; 50 U.S.C. 191, 195; 33 CFR 1.05-1, 6.04-1, 6.04-6, 160.5; Pub. L. 107-295, 116 Stat. 2064; Department of Homeland Security Delegation No. 0170.1.

■ 2. Add § 165.T08-0734 to read as follows:

§ 165.T08-0734 Safety Zone; Thunder on the Gulf, Gulf of Mexico, Orange Beach, AL.

(a) *Location.* The following area is a safety zone: a portion of the Gulf of Mexico for the waters off Orange Beach, Alabama, enclosed by a box starting at a point on the shore at approximately 30°15'39" N, 087°36'42" W, then south to 30°14'54" N, 087°36'42" W, then east, roughly parallel to the shore line to 30°15'22" N, 087°33'31" W, then north to a point on the shore at approximately 30°16'13" N, 087°33'31" W.

(b) *Enforcement dates.* This rule will be enforced daily from 10 a.m. until 4 p.m. on October 6, 2011 through October 9, 2011.

(c) *Regulations.* (1) In accordance with the general regulations in 33 CFR part 165, subpart C, entry into this zone is prohibited unless authorized by the Captain of the Port Mobile or a designated representative.

(2) Vessels desiring to enter into or passage through the zone must request permission from the Captain of the Port Mobile or a designated representative. They may be contacted on VHF-FM channels 16 or by telephone at 251-441-5976.

(3) If permission is granted, all persons and vessels shall comply with the instructions of the Captain of the Port or designated representative. Designated representatives include commissioned, warrant, and petty officers of the U.S. Coast Guard.

(d) *Informational Broadcasts:* The Captain of the Port or a designated representative will inform the public through broadcast notices to mariners of the enforcement period for the safety zone as well as any changes in the planned schedule.

Dated: August 4, 2011.

D.J. Rose,

Captain, U.S. Coast Guard, Captain of the Port Mobile.
