The Department of Transportation (DOT) is amending the data collection for real property acquisition and relocation payments for Federal and federally-assisted programs to include correcting errors, refining and updating definitions, removing or revising collection methods, and discussing the public comments received in response to a previous submission. The public is invited to submit comments regarding the amended data collection.

**Title:** Relocation Assistance and Real Property Acquisition Statistics Collection on Federal and Federally Assisted Programs

**Type of Request:** Renewal without change, of a previously approved collection.

**Background:** The statistics collected concern acquisition and relocation of displaced persons for Federal and federally-assisted programs. This tabulates the real property acquisition and relocation of displaced persons for Federal and Federally-assisted programs. It tabulates the real property acquisition activity and residential and non-residential relocation activity on a state-by-state annual basis.

**SUPPLEMENTARY INFORMATION:**

**For Further Information Contact:**

Silvio Cutuli, 202–366–2025, Planning, Environment, and Realty, Federal Highway Administration, Department of Transportation, 1200 New Jersey Avenue, SE., Washington, DC 20590. The Department of Transportation, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue, SE., Washington, DC 20590.

The Department of Transportation, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue, SE., Washington, DC 20590, between 9 a.m. and 5 p.m. ET, Monday through Friday, except Federal holidays.

**ADDRESSES:** You may submit comments identified by DOT Docket ID Number 2011–0094 by any of the following methods:

- **Web Site:** For access to the docket to read background documents or comments received, go to the Federal eRulemaking Portal: http://www.regulations.gov. Follow the online instructions for submitting comments.
- **Fax:** 1–202–493–2251.
- **Mail:** Docket Management Facility, U.S. Department of Transportation, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue, SE., Washington, DC 20590.
- **Hand Delivery or Courier:** U.S. Department of Transportation, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue, SE., Washington, DC 20590.

**FOR FURTHER INFORMATION CONTACT:**

Ms. Ann Shemaka, Office of Bridge Technology, HIBT–30, (202) 366–1575, or Mr. Thomas Everett, Office of Bridge Technology, HIBT–30, (202) 366–4675, Federal Highway Administration, 1200 New Jersey Ave., SE., Washington, DC 20590. Office hours are from 8 a.m. to 4:30 p.m., e.t., Monday through Friday, except Federal holidays.

**SUPPLEMENTARY INFORMATION:**

In conformance with 23 U.S.C. 144(q), the FHWA has produced a report that summarizes the types of construction materials used in new bridge construction and bridge rehabilitation projects. Data on Federal-aid and non-Federal-aid highway bridges are included in the report for completeness. The December 2009 National Bridge Inventory (NBI) dataset was used to identify the material types for bridges that were new or replaced within the defined time period. The FHWA’s Financial Management Information System and the 2010 NBI were used to identify the material types for bridges that were rehabilitated within the defined time period. Currently, preventative maintenance projects are included in the rehabilitation totals.

The report, which is available at http://www.fhwa.dot.gov/bridge/brdgtabs.cfm, consists of the following tables:
- Construction Materials for Combined New, Replaced and Rehabilitated Bridges, a summary report which combines the first two tables cited above.

**FOR FURTHER INFORMATION CONTACT:**

Ms. Ann Shemaka, Office of Bridge Technology, HIBT–30, (202) 366–1575, or Mr. Thomas Everett, Office of Bridge Technology, HIBT–30, (202) 366–4675, Federal Highway Administration, 1200 New Jersey Ave., SE., Washington, DC 20590. Office hours are from 8 a.m. to 4:30 p.m., e.t., Monday through Friday, except Federal holidays.

**DEPARTMENT OF TRANSPORTATION**

**Federal Highway Administration**

**Annual Materials Report on New Bridge Construction and Bridge Rehabilitation**

**AGENCY:** Federal Highway Administration (FHWA), DOT.

**ACTION:** Notice.

**SUMMARY:** Section 1114 of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA–LU) (Pub. L. 109–59; 119 Stat. 1144) continued the highway bridge program to enable States to improve the condition of their highway bridges over waterways, other topographical barriers, other highways, and railroads. Section 1114(f) amended 23 United State Code (U.S.C.) 144 by adding subsection (t), requiring the Secretary of Transportation to publish in the Federal Register a report describing construction materials used in new Federal-aid bridge construction and bridge rehabilitation projects. As part of the SAFETEA–LU Technical Corrections Act of 2008 (Pub. L. 110–244), 23 U.S.C. 144 subsection (t) became subsection (q), but the reporting requirement remained the same.
2009, a detailed State-by-State report with counts and areas for Federal-aid bridges built or replaced in 2009.

Each table displays simple counts of bridges and total bridge deck area. Total bridge deck area is measured in square meters, by multiplying the bridge length by the deck width out-to-out. Culverts under fill are included in the counts but not in the areas because a roadway width is not collected. The data is categorized by the following material types, which are identified in the NBI: steel, concrete, pre-stressed concrete, aluminum, wrought iron, cast iron, and other. Material type is the predominating type for the main span(s).

Issued on: August 25, 2011.

Víctor M. Méndez,
Administrator.
