Requested Administrative Waiver of the Coastwise Trade Laws

AGENCY: Maritime Administration, Department of Transportation.

ACTION: Invitation for public comments on a requested administrative waiver of the Coastwise Trade Laws for the vessel MAHIYA.

SUMMARY: As authorized by 46 U.S.C. 12121, the Secretary of Transportation, as represented by the Maritime Administration (MARAD), is authorized to grant waivers of the U.S.-build requirement of the coastwise laws under certain circumstances. A request for such a waiver has been received by MARAD. The vessel, and a brief description of the proposed service, is listed below. The complete application is given in DOT docket MARAD–2011–0014 at <http://www.regulations.gov>. If MARAD determines, in accordance with 46 U.S.C. 12121 and MARAD's regulations at 46 CFR Part 388, that the issuance of the waiver will have an unduly adverse effect on a U.S.-vessel builder or a business that uses U.S.-flag vessels in that business, a waiver will not be granted. Comments should refer to the docket number of this notice and the vessel name in order for MARAD to properly consider the comments. Comments should also state the commenter's interest in the waiver application, and address the waiver criteria given in § 388.4 of MARAD's regulations at 46 CFR Part 388.

DATES: Submit comments on or before October 11, 2011.

Title: Monroney Label Consumer Research.

Requested Expiration Date of Approval: Three years from approval date.

Abstract: The National Highway Traffic Safety Administration (NHTSA) was established by the Highway Safety Act of 1970 (23 U.S.C. 101) to carry out a Congressional mandate to reduce the mounting number of deaths, injuries, and economic losses resulting from motor vehicle crashes on the Nation's highways. In support of this mission, NHTSA proposes to conduct a limited number of focus group sessions with members of the general public to help inform future revisions to the Monroney label and guide the development of a consumer education program.

Summary of the Collection of Information: In this collection of information, NHTSA is requesting to explore how consumers evaluate the Monroney label, and comprehension of the 5-Star Safety Ratings and understand the potential tradeoffs consumers make among the items included on the Monroney label. The research will also consider the location and size of the safety rating label and compare with other areas of the Monroney label and explore adding the advanced crash avoidance safety information to the safety rating label. Additional areas of exploration will be evaluated, including:
