200,000 square feet. The preliminary design concepts being considered in the Draft EIS/EIR are one three-story building or two two-story buildings. The new JOC would occupy approximately 16 acres of land, including access roads and parking lots.

The criteria used by Reclamation, DWR, NWS, and the California Department of General Services to identify alternative JOC locations require that the site:

- Be along or adjacent to a major traffic thoroughfare and within an approximately 25-minute drive time from downtown Sacramento (DWR headquarters);
- Be outside of the designated 200-year floodplain;
- Maintain a secure perimeter;
- Have a lower risk of incompatible adjacent development;
- Allow line-of-sight for specialized communications systems and equipment, as well as redundant communication systems;
- Have availability of reliable and redundant power service;
- Have access to public transportation such as bus service and/or light rail.

Copies of the Draft EIS/EIR are available for public review at the following locations:

- California Department of Water Resources, Division of Management Services, 1416 Ninth Street, Room 354, Sacramento, CA 95814.
- Rancho Cordova Public Library, 9845 Folsom Boulevard, Sacramento, CA 95827.
- Folsom Public Library, Georgia Murray Building, 411 Stafford Street, Folsom, CA 95630.

Complainant named Mipo International, Ltd. of Atlanta, Georgia ("Mipo"); Mextec Group Inc. of Miami, Florida ("Mextec"); Shanghai Angel Printer Supplies Co., Ltd. of Shanghai, China ("Shanghai Angel"); Shenzhen Print Media Co., Ltd. of Guangdong, China ("Shenzhen"); Zhuhai National Resources & Jingjie Imaging Products Co., Ltd. of Guangdong, China ("Zhuhai National"); Tatrix International of Guangdong, China ("Tatrix"); and Ourway Image Co. Ltd. of Guangdong, China ("Ourway") as respondents. Subsequently, Mipo, Mextec, and Shenzhen were terminated from the investigation based on either a settlement agreement with HP or because HP withdrew its allegations against them. The remaining respondents, i.e., Shanghai Angel; Zhuhai National; Tatrix; and Ourway (collectively, "Defaulting Respondents"), failed to answer the Complaint and Notice of Investigation and default judgments were granted against all the Defaulting Respondents.

On March 7, 2011, complainant HP filed a paper “Motion for Summary Determination That a Domestic Industry Exists and That There Have Been Violations of Section 337 of the Tariff Act of 1930 (Amended) By the Defaulting Respondents and Complainants’ Request for a General Exclusion Order.” Complainant sought a determination that a domestic industry exists and that there has been a violation of Section 337 and entry of a general exclusion order. Subsequently, HP filed a supplemental submission in support of its motion for summary determination. The IA supports HP’s motion as supplemented.

On August 3, 2011, the ALJ issued an ID (Order No. 14) granting complainant’s motion. No party petitioned for review of the ID. The ID contained, inter alia, the ALJ’s recommended determination on remedy and bond. The ALJ recommended issuance of a general exclusion order and cease and desist orders against the defaulting respondents. The ALJ also recommended that the Commission set a bond of 100 percent during the period of Presidential review.
