used for WOTC national office program performance management and outcome reporting. (2) The “Individual Characteristics Form—Work Opportunity Tax Credit” (ICF). ETA Form 9061 is a form required to be used, without modification, by all employers or their representatives. The purpose of the ICF is to expedite certification processing by enabling the individual for whom a certification is requested to be identified with a specific target group and to match the ICF with IRS form 8850. (3) The “Conditional Certification—Work Opportunity Tax Credit,” ETA Form 9062 is a required form that must be used, without modification, by all SWAs, participating agencies and programs to which the SWAs may delegate responsibility for Conditional Certification authority. The Conditional Certification form establishes that the named individual has been tentatively determined eligible as a member of the WOTC targeted group indicated, and therefore hiring this person may lead to an employer Certification under the WOTC program. (4) The “Employer Certification—Work Opportunity Tax Credit,” ETA Form 9063 is an optional form. The form provides the employer with a record of the results of the SWA’s eligibility determination on the employer’s certification request. In accordance with Public Law 104–188, this form can only be issued by a State Employment Security Agency (now SWA) created under the Wagner-Peyser Act of 1933, as amended, or a Designated Local Agency (DLA). SWAs that opt to design and use a state-specific employer certification form must ensure the state-specific form contains all of the information that appears on the optional ETA form. This form can only be issued by the SWA or DLA. (5) The “Agency Declaration of Verification Results—Work Opportunity Tax Credit.” ETA Form 9065 is an optional ETA form for internal SWA use in recording the results of verification activities conducted by the SWA. If the SWA elects to use an alternative form to record verification results, the alternative form must contain all of the information that appears in the optional form.

The American Recovery and Reinvestment Act of 2009 (ARRA) (Pub. L. 111–5), created the following two target groups: (1) Unemployed Veterans and (2) Disconnected Youth. The legislative authority for these two groups expired on December 31, 2010. Current revisions to the reporting and administrative/processing forms include removal of the two expired ARRA groups and related instructions.
