

used for WOTC national office program performance management and outcome reporting. (2) The “Individual Characteristics Form—Work Opportunity Tax Credit” (ICF), ETA Form 9061 is a form required to be used, without modification, by all employers or their representatives. The purpose of the ICF is to expedite certification processing by enabling the individual for whom a certification is requested to be identified with a specific target group and to match the ICF with IRS form 8850. (3) The “Conditional Certification—Work Opportunity Tax Credit,” ETA Form 9062 is a required form that must be used, without modification, by all SWAs, participating agencies and programs to which the SWAs may delegate responsibility for Conditional Certification authority. The Conditional Certification form establishes that the named individual has been tentatively determined eligible as a member of the WOTC targeted group indicated, and therefore hiring this person may lead to an employer Certification under the WOTC program. (4) The “Employer Certification—Work Opportunity Tax Credit,” ETA Form 9063 is an optional form. The form provides the employer with a record of the results of the SWA’s eligibility determination on the employer’s certification request. In accordance with Public Law 104–188, this form can only be issued by a State Employment Security Agency (now SWA) created

under the Wagner-Peyser Act of 1933, as amended, or a Designated Local Agency (DLA). SWAs that opt to design and use a state-specific employer certification form must ensure the state-specific form contains all of the information that appears on the optional ETA form. This form can only be issued by the SWA or DLA. (5) The “Agency Declaration of Verification Results—Work Opportunity Tax Credit,” ETA Form 9065 is an optional ETA form for internal SWA use in recording the results of verification activities conducted by the SWA. If the SWA elects to use an alternative form to record verification results, the alternative form must contain ALL of the information that appears in the optional form.

The American Recovery and Reinvestment Act of 2009 (ARRA) (Pub. L. 111–5), created the following two target groups: (1) Unemployed Veterans and (2) Disconnected Youth. The legislative authority for these two groups expired on December 31, 2010. Current revisions to the reporting and administrative/processing forms include removal of the two expired ARRA groups and related instructions.

SUMMARY: The U.S. Department of Labor (USDOL), Bureau of International Labor

Affairs (ILAB), intends to award a sole source award to DAI/Nathan Group LLC (DAI) for the purpose of implementing a program to strengthen compliance with international labor standards in Vietnam, focusing specifically on improving labor administration, freedom of association, collective bargaining and dispute resolution.

Total Estimated Value of the Grant/Agreement Action: \$1,500,000.

Anticipated Length of Agreement: Two (2) years (9/30/2011 to 9/30/2013).

Grant Authority: Department of Labor Manual Series (DLMS)-2, Chapter 830(g)(3): The Recipient, DAI, has unique qualifications to perform the type of activity to be funded. DAI, through its Industrial Relations Promotion Project (IRRP), is the only organization that has the recognized authority and capacity to fulfill the intent of the IRRP Phase II in Vietnam. DAI/IRRP has worked closely with the Government of Vietnam and worker and employer organizations. Given the complexity of building working relationships and trust with Vietnamese counterparts, DAI has made great strides on that front and, as a result, is uniquely positioned to be an effective implementing partner, particularly in building labor inspectorate capacity. DAI/IRRP is the only organization that can continue these efforts without interruption in support of the implementation of Vietnam's new legislation and consistent with USG trade and Labor Dialogue-related efforts. The Project will continue to work in coordination with other USAID funded DAI projects in Vietnam. DAI's Support for Trade Acceleration Project (STAR Plus) supports the Government of Vietnam's efforts to implement trade and investment reform to attract investment and promote private sector growth and has worked with the Ministry of Justice on law and judicial reform. DAI's Vietnam Competitiveness Initiative Phase II Project (VNCI) works with STAR Plus and the Government of Vietnam to improve government administration, reduce the regulatory burden on the private sector, and generate new employment. In Phase I, IRRP has engaged in a number of activities that directly support Phase II objectives. The US embassy provided a letter in support of continued funding of DAI/IRRP based, on part, on the importance of the objectives and DAI/IRRP unique qualifications to achieve them.

Recipient Involvement:

DAI will:

- Strengthen the effectiveness of Vietnam's labor administration, with a focus on the labor inspection system, its

management, regulations, data collection, training, research and related areas.

- Promote collective bargaining and the prevention and resolution of collective disputes and sound industrial relations by developing approaches in cooperation with trade unions/worker organizations, employers and MOLISA.

- Help develop dispute resolution systems in new legislation for interest-based and rights-based disputes.

- Strengthen capacity in worker organizations to organize and effectively represent workers in the private sector.

Key Dates: This notice will remain open for approximately three days from posting in the **Federal Register**. The Cooperative Agreement is projected for award on or before September 30, 2011.

Submission Information: This funding announcement is not a request for applications. This announcement is only to provide public notice of The U.S. Department of Labor (USDOL), Bureau of International Labor Affairs intention to fund the following project activities without full and open competition.
