

restructuring credit event is followed by a determination that such event did not in fact occur.⁶ The rule provides that if ICC has not matched buyers with sellers to form a Matched Restructuring Pair, then ICC will not do so. If ICC has matched sellers with buyers to form a Matched Restructuring Pair, but settlement (either auction settlement or fallback physical settlement) has not occurred, then ICC will reverse the matching. If fallback physical settlement is applicable, ICC will not reverse any matching to the extent that the matched CDS buyer or matched CDS seller has given notice to ICC that the parties have settled the relevant matched CDS contract within one Business Day following delivery of the matching reversal notice. If a CDS contract is reversed, ICC will recalculate the margin accordingly.

(B) Self-Regulatory Organization's Statement on Burden on Competition

ICC does not believe the proposed rule change would have any impact, or impose any burden, on competition.

(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments relating to the proposed rule change have not been solicited or received. ICC will notify the Commission of any written comments received by ICC.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period up to 90 days (i) As the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

- (A) By order approve or disapprove the proposed rule change or
- (B) Institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing,

⁶Determination of a credit event and a subsequent determination that a credit event did not occur are made by the ISDA relevant credit derivatives determinations committee ("DC"), or, in the event a request has been submitted to the relevant DC and ISDA has publicly announced that the relevant DC has resolved not to determine the answer, by the appropriate ICE Clear Credit Regional CDS Committee.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-65251; File No. SR-BX-2011-060]

Self-Regulatory Organizations; NASDAQ OMX BX, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Regarding a Clarifying Amendment To Direct Connectivity Services

September 2, 2011.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that, on August 31, 2011, NASDAQ OMX BX, Inc. (the "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes a clarifying amendment to Exchange Rule 7051 regarding the Exchange's direct connectivity services. The text of the proposed rule change is available at <http://nasdaqomxbx.cchwallstreet.com/>, at the Exchange's principal office, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of

⁷ 17 CFR 200.30-3(a)(12).

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange is amending Rule 7051 entitled "Direct Connectivity to BX" to clarify the Exchange's direct connectivity services. Currently, the Exchange assesses fees for direct 10Gb circuit connections, and fees for direct circuit connections capable of supporting up to 1Gb, for customers who are not co-located at the Exchange's datacenter.³ The Exchange noted in SR-BX-2010-064 that it makes available to both co-located and non-co-located customers direct connections capable of supporting up to 1Gb, with per connection monthly fees of \$500 for co-located customers and \$1000 for non co-located customers.⁴ Monthly fees are higher for non co-located customers because direct connection requires the Exchange to provide cabinet space and middleware for those customers' third-party vendors to connect to the datacenter and, ultimately, to the trading system.⁵ The Exchange also assesses an optional installation fee of \$925 if the customer chooses to use an on-site router (collectively "Direct Connectivity Fees").⁶ The Exchange provides direct connect services and assesses fees through NASDAQ Technology Services, LLC, as it does with similar co-location services.⁷

Subsequently, the Exchange amended these Direct Connectivity Fees to establish pricing for customers who are not co-located in the Exchange's data center, but require shared cabinet space and power for optional routers, switches, or modems to support their direct circuit connections. The Exchange assesses customers who are not co-located in the Exchange's data center monthly fees for space based on a height unit of approximately two inches high, commonly call a "U" space and a maximum power of 125 Watts per U space.⁸

The Exchange now seeks to add clarifying text to Exchange Rule 7051 to state that the direct connectivity services are provided by NASDAQ

Technology Services, LLC. The Exchange's proposal is the result of its desire to prominently place language in the Exchange Rule 7051 to make transparent that the connectivity services are provided by NASDAQ Technology Services, LLC. Such change will assist with easy identification of items not serviced, and billed, by the Exchange. This change merely codifies the practice of the Exchange.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,⁹ in general, and furthers the objectives of Section 6(b)(5) of the Act¹⁰ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest. The Exchange believes the proposed amendment to Exchange Rule 7051 makes transparent that the direct connectivity services are provided by NASDAQ Technology Services, LLC. The Exchange believes that this clarifying amendment will benefit all market participants by making transparent the source of the direct connectivity services.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(i) of the Act.¹¹ At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the

purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or

Self-Regulatory Organizations; The NASDAQ Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Regarding a Clarifying Amendment To Direct Connectivity Services

September 2, 2011.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b-4 thereunder,² notice is hereby given that, on August 31, 2011, The NASDAQ Stock Market LLC (the “Exchange” or “NASDAQ”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by NASDAQ. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes a clarifying amendment to Exchange Rule 7051 regarding the Exchange’s direct connectivity services. The text of the proposed rule change is available at <http://nasdaq.cchwallstreet.com/>, at the Exchange’s principal office, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this rule filing is to amend Rule 7051 entitled “Direct Connectivity to Nasdaq” to clarify the Exchange’s direct connectivity services. Currently, the Exchange assesses fees for direct 10Gb circuit connections, and fees for direct circuit connections capable of supporting up to 1Gb, for customers who are not co-located at the Exchange’s datacenter.³ The Exchange noted in SR-NASDAQ-2010-077 that it makes available to both co-located and non-co-located customers direct connections capable of supporting up to 1Gb, with per connection monthly fees of \$500 for co-located customers and \$1000 for non co-located customers.⁴ Monthly fees are higher for non co-located customers because direct connection requires the Exchange to provide cabinet space and middleware for those customers’ third-party vendors to connect to the datacenter and, ultimately, to the trading system.⁵ The Exchange also assesses an optional installation fee of \$925 if the customer chooses to use an on-site router (collectively “Direct Connectivity Fees”).⁶ The Exchange provides direct connect services and assesses fees through NASDAQ Technology Services, LLC, as it does with similar co-location services.⁷
