In connection with the final disposition of this investigation, the Commission may (1) issue an order that could result in the exclusion of the subject articles from entry into the United States, and/or (2) issue one or more cease and desist orders that could result in the respondent(s) being required to cease and desist from engaging in unfair acts in the importation and sale of such articles. Accordingly, the Commission is interested in receiving written submissions that address the form of remedy, if any, that should be ordered. If a party seeks exclusion of an article from entry into the United States for purposes other than entry for consumption, the party should so indicate and provide information establishing that activities involving other types of entry either are adversely affecting it or likely to do so. For background, see In the Matter of Certain Devices for Connecting Computers via Telephone Lines, Inv. No. 337–TA–360, USITC Pub. L. No. 2843 (December 1994) (Commission Opinion).

If the Commission contemplates some form of remedy, it must consider the effects of that remedy upon the public interest. The factors the Commission will consider include the effect that an exclusion order and/or cease and desist orders would have on (1) The public health and welfare, (2) competitive conditions in the U.S. economy, (3) U.S. production of articles that are like or directly competitive with those that are subject to investigation, and (4) U.S. consumers. The Commission is therefore interested in receiving written submissions that address the aforementioned public interest factors in the context of this investigation.

If the Commission orders some form of remedy, the U.S. Trade Representative, as delegated by the President, has 60 days to approve or disapprove the Commission’s action. See Presidential Memorandum of July 21, 2005, 70 FR 43251 (July 26, 2005). During this period, the subject articles would be entitled to enter the United States under bond, in an amount determined by the Commission and prescribed by the Secretary of the Treasury. The Commission is therefore interested in receiving submissions concerning the amount of the bond that should be imposed if a remedy is ordered.

Written Submissions: The parties to the investigation are requested to file written submissions on the issues identified in this notice. Parties to the investigation, interested government agencies, and any other interested parties are encouraged to file written submissions on the issues of remedy, the public interest, and bonding. Such submissions should address the ALJ’s recommendation on remedy and bonding set forth in the RD. Complainants and the IA are also requested to submit proposed remedial orders for the Commission’s consideration. Complainants are also requested to state the dates that each of the asserted patents are set to expire and the HTSUS numbers under which the accused products are imported. The written submissions and proposed remedial orders must be filed no later than close of business on Friday, September 16, 2011. Reply submissions must be filed no later than the close of business on Friday, September 23, 2011. No further submissions on these issues will be permitted unless otherwise ordered by the Commission.

Persons filing written submissions must file the original document and 12 true copies thereof on or before the deadlines stated above with the Office of the Secretary. Any person desiring to submit a document to the Commission in confidence must request confidential treatment unless the information has already been granted such treatment during the proceedings. All such requests should be directed to the Secretary of the Commission and must include a full statement of the reasons why the Commission should grant such treatment. See 19 CFR 210.6. Documents for which confidential treatment is requested must meet the conditions set forth in the RD.

If the Commission determines that the public interest so requires, an exclusion order and/or cease and desist orders must be filed no later than close of business on Friday, September 23, 2011.
used for WOTC national office program performance management and outcome reporting. (2) The “Individual Characteristics Form—Work Opportunity Tax Credit” (ICF). ETA Form 9061 is a form required to be used, without modification, by all employers or their representatives. The purpose of the ICF is to expedite certification processing by enabling the individual for whom a certification is requested to be identified with a specific target group and to match the ICF with IRS form 8850. (3) The “Conditional Certification—Work Opportunity Tax Credit,” ETA Form 9062 is a required form that must be used, without modification, by all SWAs, participating agencies and programs to which the SWAs may delegate responsibility for Conditional Certification authority. The Conditional Certification form establishes that the named individual has been tentatively determined eligible as a member of the WOTC targeted group indicated, and therefore hiring this person may lead to an employer Certification under the WOTC program. (4) The “Employer Certification—Work Opportunity Tax Credit,” ETA Form 9063 is an optional form. The form provides the employer with a record of the results of the SWA’s eligibility determination on the employer’s certification request. In accordance with Public Law 104–188, this form can only be issued by a State Employment Security Agency (now SWA) created under the Wagner-Peyser Act of 1933, as amended, or a Designated Local Agency (DLA). SWAs that opt to design and use a state-specific employer certification form must ensure the state-specific form contains all of the information that appears on the optional ETA form. This form can only be issued by the SWA or DLA. (5) The “Agency Declaration of Verification Results—Work Opportunity Tax Credit,” ETA Form 9065 is an optional ETA form for internal SWA use in recording the results of verification activities conducted by the SWA. If the SWA elects to use an alternative form to record verification results, the alternative form must contain ALL of the information that appears in the optional form.

The American Recovery and Reinvestment Act of 2009 (ARRA) (Pub. L. 111–5), created the following two target groups: (1) Unemployed Veterans and (2) Disconnected Youth. The legislative authority for these two groups expired on December 31, 2010. Current revisions to the reporting and administrative/processing forms include removal of the two expired ARRA groups and related instructions.

II. Review Focus

The Department of Labor is particularly interested in comments which:

• Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

• Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

• Enhance the quality, utility, and clarity of the information to be collected; and

• Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.
