#### SUPPLEMENTARY INFORMATION:

##### Background

The NACMPI provides advice and recommendations to the Secretary of Agriculture pertaining to the Federal and State meat and poultry inspection programs, pursuant to sections 7(c), 24, 205, 301(a)(3), 301(a)(4), and 301(c) of the Federal Meat Inspection Act (21 U.S.C. 607(c), 624, 645, 661(a)(3), 661(a)(4), and 661(c)) and sections 5(a)(3), 5(a)(4), 5(c), 8(b), and 11(e) of the Poultry Products Inspection Act (21 U.S.C. 454(a)(3), 454(a)(4), 454(c), 457(b), and 460(e)).

The Administrator of FSIS is the chairperson of the Committee. Membership of the Committee is drawn from representatives of consumer groups; producers, processors, and marketers from the meat, poultry and egg product industries; State and local government officials; and academia. The current members of the NACMPI are: Patricia K. Buck, Center for Foodborne Illness Research and Prevention; Dr. Fur-Chi Chen, Tennessee State University; Brian R. Covington, Keystone Foods LLC; Dr. Catherine N. Cutter, Pennsylvania State University; Nancy J. Donley, STOP Foodborne Illness; Veneranda Gapud, Fieldale

Farms Corporation; Dr. Craig Henry, Deloitte & Touche LLP; Dr. Cheryl D. Jones, Morehouse School of Medicine; Dr. Heidi Kassenborg, Minnesota Department of Agriculture; Sarah A. Klein, Center for Science in the Public Interest; Dr. Shelton E. Murinda, California State Polytechnic University; Dr. Edna Negrón, University of Puerto Rico; Robert G. Reinhard, Sara Lee Corporation; Dr. Craig E. Shultz, Pennsylvania Department of Agriculture; Stanley A. Stromberg, Oklahoma Department of Agriculture, Food, and Forestry; Dr. John D. Tilden, Michigan Department of Agriculture and Rural Development; Carol L. Tucker-Foreman, Consumer Federation of America; Steve E. Warshawer, Mesa Top Farm; Dr. J. Byron Williams, Mississippi State University; and Leonard W. Winchester, Public Health—Seattle & King County.

The Committee will discuss pre-harvest and validation:

- As was initially discussed at the 2010 NACMPI meeting, exploring and implementing pre-harvest hazard controls is of continuing interest to FSIS. The Agency tracks illnesses caused by the three pathogens, *Salmonella*, *Listeria monocytogenes* (*Lm*), and *E. coli* O157:H7, as part of its corporate “All-Illness” performance measure. Significant progress has been made towards reducing illnesses caused by *Lm* and *E. coli* O157:H7. The same cannot be said about *Salmonella*. *Salmonella* spp., especially multi-drug resistant strains, are being increasingly identified as the cause of human illness from the consumption of ground poultry and beef products. Since 2009, over 37 million pounds of raw ground beef and ground turkey products have been recalled over five separate recalls because they were implicated in salmonellosis outbreaks. FSIS’ goal is to reduce and eliminate pathogens before products reach consumers. This meeting will expand on the pre-harvest discussions begun at the 2010 NACMPI meeting and more thoroughly explore options of preventing hazards from entering establishments on source animals or products.

- FSIS intends to make available updated guidelines concerning validation for the meat and poultry industry. At this meeting, FSIS will make available for comment by the Committee a draft of the updated

guidance. FSIS seeks comment on whether validation, when properly implemented, effectively helps prevent or control relevant hazards.

All interested parties are welcome to attend the meeting and to submit written comments and suggestions concerning issues the Committee will review and discuss.

The comments and the official transcript of the meeting, when they become available, will be kept in the FSIS Docket Room, 1400 Independence Avenue, SW., Patriots Plaza 3, Mailstop 3782, Room 163A, Washington, DC 20250-3700, and posted on the Agency's NACMPI Web site, [http://www.fsis.usda.gov/about\\_fsis/nacmpi/index.asp](http://www.fsis.usda.gov/about_fsis/nacmpi/index.asp).

Members of the public will be required to register before entering the meetings. Registration will begin at 8:30 a.m. at the meeting site and the meetings will begin at 9 a.m.
