

Link2Health Solutions is in the unique position to carry out the activities of this grant announcement because it is the current recipient of SAMHSA's cooperative agreement to manage the National Suicide Prevention Lifeline. As such, Link2Health Solutions has been maintaining the network communications system and has an existing relationship with the networked crisis centers.

The crisis centers that comprise the National Suicide Prevention Lifeline are a critical part of the nation's mental health safety net. Many crisis centers are experiencing significant increases in calls and the Disaster Distress Helpline would be a free, confidential 24/7 crisis support service that connects residents who are experiencing emotional distress as a result of a disaster with a local crisis center responder. The National Suicide Prevention Lifeline crisis centers require assistance to continue to play their critical role in providing support as well as emergency services to callers in distress during and after any natural or manmade disaster.

SUPPLEMENTARY INFORMATION:

Public Participation and Request for Comments

This Notice relies on the authority of the Paperwork Reduction Act of 1995; 44 U.S.C. chapter 35, as amended. An ICR is an application to OIRA seeking the approval, extension, or renewal of a Coast Guard collection of information (Collection). The ICR contains information describing the Collection's purpose, the Collection's likely burden on the affected public, an explanation of the necessity of the Collection, and other important information describing the Collections. There is one ICR for each Collection.

The Coast Guard invites comments on whether these ICRs should be granted based on the Collections being necessary for the proper performance of Departmental functions. In particular, the Coast Guard would appreciate comments addressing: (1) the practical utility of the Collections; (2) the accuracy of the estimated burden of the Collections; (3) ways to enhance the
