DEPARTMENT OF EDUCATION

Tests Determined To Be Suitable for Use in the National Reporting System for Adult Education

SUPPLEMENTARY INFORMATION: On January 14, 2008, the Secretary published in the **Federal Register** final regulations for 34 CFR part 462, Measuring Educational Gain in the National Reporting System for Adult Education (NRS regulations) (73 FR

2306). The NRS regulations established the process the Secretary uses to determine the suitability of tests for use in the NRS.

On April 16, 2008, the Secretary published a notice in the **Federal Register** providing test publishers an opportunity to submit tests for review under the NRS regulations. (73 FR 20616).

On February 2, 2010, the Secretary published a notice in the **Federal Register** listing the tests and test forms he determined were suitable for use in the NRS (75 FR 5303).

Tests and test forms were determined to be suitable for a period of either seven or three years. A seven-year approval requires no additional action on the part of the publisher, unless the information the publisher submitted as a basis for the Secretary's review was inaccurate or unless the test is substantially revised. A three-year approval is issued with a set of conditions that must be met by the completion of the three-year time period. If these conditions are met, the test is approved for continued use in the NRS.

The Secretary publishes here an update to the list published on February 2, 2010, that includes delivery formats. This update clarifies that some, but not all, tests using computer-adaptive or computer-based delivery formats are suitable for use in the NRS. The staffs of adult education programs are cautioned to ensure that only approved computer delivery formats are used. If a particular computer delivery format is not explicitly specified for a test in this notice, it is not approved for use in the NRS.
