

Panel Decision: On April 14, 2010, the initial decision was issued by this panel remanding to the U.S. Department of Commerce to: (1) Recalculate Mexinox's dumping margins without zeroing, and (2) to recalculate the indirect selling expense ratio (ISE) in a manner not inconsistent with the panel's opinion and affirming Commerce's determinations on all other issues being contested. The Department's decision in the final results of the 2004/2005 antidumping review was, in all other respects, upheld.

On August 19, 2011, with two dissenting views, the panel majority remanded to Commerce its Remand Determination to comply with its instructions in the April 2010 initial decision. The panel directed Commerce to issue its Final Re-determination on this second remand within thirty (30) days from the date of this panel decision.
