Stainless Steel Bar from India: Final
Results of the Antidumping Duty
Administrative Review, and Revocation
of the Order, in Part

AGENCY: Import Administration,
International Trade Administration,
Department of Commerce.

SUMMARY: On March 4, 2011, the
Department of Commerce (“Department”) published the
preliminary results of the administrative
review of the antidumping duty order
on stainless steel bar from India. The
review covers shipments of subject
merchandise to the United States for the
period February 1, 2009, through
January 31, 2010, by Facor Steels Ltd./
Ferro Alloys Corporation, Ltd.
(“Facer”), Mukand Ltd. (“Mukand”),
and Venus Wire Industries Pvt. Ltd.
(“Venus Wire”).1 Based on our analysis
of the comments received, we have
made changes to the preliminary results,
which are discussed below. For the final
dumping margins, see the “Final Results
of the Review” section below. Finally,
we are announcing our revocation of the
order on stainless steel bar from India,
in part, with respect to subject
merchandise produced and/or exported
by Venus to the United States.

DATES: Effective Date: September 13,
2011.

FOR FURTHER INFORMATION CONTACT:
Austin Redington, Scott Holland, or
Yasmin Nair, AD/CVD Operations,
Office 1, Import Administration,
International Trade Administration,
U.S. Department of Commerce, 14th
Street and Constitution Avenue, NW.,
Washington, DC 20230; telephone (202)
482–1664, (202) 482–1279, or (202) 482–
3813, respectively.

SUPPLEMENTARY INFORMATION:

Background
On March 4, 2011, the Department
published Stainless Steel Bar From
India: Preliminary Results of, and
Partial Rescission of, the Antidumping
Duty Administrative Review, and Intent
Not To Revoke the Order, in Part, 76 FR
12044 (March 4, 2011) (“Preliminary
Results”). After publishing the
Preliminary Results, the Department
conducted verification of the cost of
production responses from Venus Wire
and its affiliate, Sieves, from March 7,
2011, through March 18, 2011. The
results of this verification were
disclosed to the interested parties on
April 29, 2011. See Memorandum from
Angie Sepulveda and Heidi K. Schriefer
to Neal M. Halper, “Verification of the
Cost Response of Venus Wire Industries
Pvt. Ltd. in the Antidumping Review of
Stainless Steel Bar from India,” dated
April 29, 2011; see also Memorandum
from Angie Sepulveda and Heidi K.
Schriefer to Neil M. Halper, “Verification
of the Cost Response of Venus Wire Industries
Pvt. Ltd. in the Antidumping Review of
Stainless Steel Bar from India,” dated
April 29, 2011; see also Memorandum
from Angie Sepulveda and Heidi K.
Schriefer to Neil M. Halper, “Verification
of the Cost Response of Sieves Manufacturers
(India) Pvt. Ltd. Private Limited
in the Antidumping Review of
Stainless Steel Bar from India,” dated
April 29, 2011, which are on file in the
Central Records Unit (“CRU”) in room
7046 in the main Department building.

We preliminarily determined to treat
Venus Wire and its affiliate Hindustan
as a single entity for this review. See
Preliminary Results; see also
Memorandum from Austin Redington to
the File, “Whether to Collapse Venus
Wire Industries Pvt., Ltd. and Hindustan
Inox in the Preliminary Results,” dated
July 20, 2010. We invited comment on
this issue from the interested parties:
None was received. We are continuing
to treat Venus Wire and its affiliate
Hindustan as a single entity for the final
results of this review.

On April 14, 2011, the Department
extended the time limit for the
completion of the final results of this
review by 60 days (to August 31, 2011),
in accordance with section 751(a)(3)(A)
of the Tariff Act of 1930, as amended
(“the Act”), and 19 CFR 351.213(b)(2).
See Stainless Steel Bar From India:
Extension of Time Limit for the Final
Results of the 2009–2010 Antidumping
Duty Administrative Review, 76 FR
20950 (April 14, 2011).

We invited parties to comment on the
Preliminary Results. On April 4, 2011,
we received a letter from Venus
detailing and correcting administrative
errors in its questionnaire response and
verification. On April 25, 2011, we
received a response to Venus’ April 4,
2011 letter from Petitioners.2 On May 3,
2011, we received an additional letter
from Venus, which clarified its
comments of April 4, 2011.

On June 16, 2011, we received case
briefs from Venus and Petitioners. On
June 16, 2011, pursuant to a request
from Mukand, we extended the deadline
for submission of case briefs to June 20,
2011. See Memorandum from Seth
Isenberg to the File, “2009/2010
Administrative Review of Stainless
Steel Bar from India: Revised Briefing
Schedule,” dated June 16, 2011. On
June 20, 2011, we again extended the
deadline, pursuant to a request from
Mukand, Ltd. See Memorandum from
Seth Isenberg to the File, “2009/2010
Administrative Review of Stainless
Steel Bar from India: Revised Briefing
Schedule,” dated June 20, 2011. On
June 22, 2011, we received case briefs
from Mukand and Facor. On June 24,
2011, we extended the deadline for
submission of rebuttal briefs to June 29,
2011, pursuant to a request from
Petitioners. See Memorandum from the
Team to the File, “2009/2010
Administrative Review of Stainless
Steel Bar from India: Revised Briefing
Schedule,” dated June 24, 2011. We

1For the reasons explained in the Preliminary
Results, we have determined that Venus Wire and
its affiliates, Hindustan Inox, Precision Metals
(“Hindustan”) and Sieves Manufacturers (India) Pvt. Ltd. (“Sieves”), should be treated as a single
entity and collapsed for the purposes of this review. See
Memorandum from Patricia Tran and Austin
Redington to the File, “Whether to Collapse Venus
Wire Industries Pvt., Ltd. and Hindustan Inox in the
Preliminary Results” dated July 20, 2010; see also
Memorandum from Austin Redington to the File,
“Relationship of Venus Wire Industries Pvt. Ltd. and
Precision Metals,” dated May 20, 2010; see also
Memorandum from Austin Redington to the File,
“Relationship of Wire Industries Pvt. Ltd. and
Sieves Manufacturers (India) Pvt. Ltd.” dated May
20, 2010. The collapsed entity is referred to as
“Venus.”

2 Carpenter Technology Corporation, Valbruna
Slater Stainless, Inc., Electralloy Corporation, a
Division of G.O. Carlson, Inc., Universal Stainless
(collectively “Petitioners”).

Scope of the Order

Imports covered by the order are shipments of stainless steel bar. Stainless steel bar means articles of stainless steel in straight lengths that have been either hot-rolled, forged, turned, cold-drawn, cold-rolled or otherwise cold-finished, or ground, having a uniform solid cross section along their whole length in the shape of circles, segments of circles, ovals, rectangles (including squares), triangles, hexagons, octagons, or other convex polygons. Stainless steel bar includes cold-finished stainless steel bars that are turned or ground in straight lengths, whether produced from hot-rolled bar or from straightened and cut rod or wire, and reinforcing bars that have indentations, ribs, grooves, or other deformations produced during the rolling process.

Except as specified above, the term does not include stainless steel semi-finished products, cut-to-length flat-rolled products (i.e., cut-to-length rolled products where if less than 4.75 mm in thickness have a width measuring at least 10 times the thickness, or if 4.75 mm or more in thickness having a width which exceeds 150 mm and measures at least twice the thickness), wire (i.e., cold-formed products in coils, of any uniform solid cross section along their whole length, which do not conform to the definition of flat-rolled products), and angles, shapes, and sections.

The stainless steel bar subject to this review is currently classifiable under subheadings 7222.11, 7222.19, 7222.20, 7222.30 of the Harmonized Tariff Schedule of the United States (“HTSUS”). Although the HTSUS subheadings are provided for convenience and customs purposes, our written description of the scope of the order is dispositive.

Analysis of Comments Received

All issues raised in the case briefs are addressed in the “Issues and Decision Memorandum for the 2009–2010 Administrative Review of Stainless Steel Bar from India” (“Issues and Decision Memorandum”), which is dated concurrently with and hereby adopted by this notice. A list of the issues which parties raised and to which we responded in the Issues and Decision Memorandum is attached to this notice as an Appendix. The Issues and Decision Memorandum is a public document which is on file in the CRU, and is accessible on the web at http://www.ia.ita.doc.gov/frn. The paper copy and electronic version of the memorandum are identical in content.

Changes Since the Preliminary Results

Based on our analysis of the comments received, we made the following changes in calculating dumping margin for Venus: (1) We reversed our determination regarding Venus’ eligibility for revocation from the order; (2) we corrected a clerical error identified by Sieves regarding an incorrect size reported in its home market for two control numbers (“CONNUMs”); (3) we corrected a clerical error identified by Venus regarding an incorrect size reported for two U.S. market CONNUMs; (4) we corrected a clerical error identified by Venus regarding an incorrect credit expense that resulted from a misreported date of sale for one home market sale; (5) we made an adjustment to one of Venus’ U.S. sales to reflect a reimbursement it received for international freight expenses; (6) we recalculated Venus’ and Sieves’ annealing related charges based on the quantity processed, by grade series, regardless of size; (7) we revised Venus’ reported conversion costs to correct minor errors found in the calculation of the direct labor, selected variable overhead items, and depreciation amounts; (8) we revised Sieves’ reported conversion costs to allocate direct labor and selected variable overhead items only to stainless steel bright bar and to correct the processing related charges; (9) we increased Sieves’ reported direct material costs to account for inputs obtained from affiliates at less than market prices; (10) we revised Sieves’ general and administrative expense rate to exclude from the numerator the portion of the director remuneration expense reported as a selling expense; (11) we increased Hindustan’s reported cost of manufacture (“COM”) to include the unreconciled difference between the COM from its normal books and records and the reported COM; and (12) we changed the AFA rate applied to Mukand to the 21.02 percent rate calculated in the petition. See Issues and Decision Memorandum at Comment 25. For further details on how the changes relating to Venus were applied in the calculation, see Memorandum from Austin Redington to the File, “Final Results Calculation Memorandum for Venus Wire Industries Pvt. Ltd.,” dated August 31, 2011; see also Memorandum from Angie Sepulveda and Heidi K. Schriefer to Neal M. Halper, “Cost of Production and Constructed Value Calculation Adjustments for the Final Results—Venus Wire Industries Pvt. Ltd.,” dated August 31, 2011.

Use of Adverse Facts Available

The Department found in the Preliminary Results that Mukand failed to cooperate to the best of its ability by withholding information requested in the Department’s questionnaire and, thereby, impeding the proceeding. See Preliminary Results. Therefore, in accordance with sections 776(a) and (b) of the Act, and 19 CFR 351.308, the Department preliminarily selected 22.63 percent as the adverse facts available (“AFA”) dumping margin. For these final results, the Department continues to find that an AFA margin should be applied to Mukand; however, as stated above, the Department has changed the AFA margin applied to Mukand and is now applying the rate calculated in the petition. See Issues and Decision Memorandum at Comment 7 for further discussion.

Revocation

Under section 751(d)(1) of the Act, the Department “may revoke, in whole or in part” an antidumping duty order upon completion of a review. Although Congress has not specified the procedures that the Department must follow in revoking an order, the Department has developed a procedure for revocation that is set forth at 19 CFR 351.222. Under 19 CFR 351.222(b)(2), the Department may revoke an antidumping duty order in part if it concludes that (A) an exporter or producer has sold the merchandise at not less than normal value for a period of at least three consecutive years; (B) the exporter or producer has agreed in writing to its immediate reinstatement of the order if the Secretary concludes that the exporter or producer, subsequent to the revocation, sold the subject merchandise at less than normal value, and (C) the continued application of the antidumping duty order is no longer necessary to offset dumping.

A request for revocation of an order in part for a company previously found dumping must address three elements. The company requesting the revocation must do so in writing and submit the following statements with the request: (1) The company’s certification that it sold the subject merchandise at not less
than normal value during the current review period and that, in the future, it will not sell at less than normal value; (2) the company’s certification that, during each of the consecutive years forming the basis of the request, it sold the subject merchandise to the United States in commercial quantities; (3) the company’s agreement to reinstatement in the order if the Department concludes that, subsequent to revocation, the company has sold the subject merchandise at less than normal value. See 19 CFR 351.222(e)(1). For these final results, we find that Venus’ revocation request dated February 24, 2010, meets all of the criteria under 19 CFR 351.222(e)(1).

With regard to the criteria of 19 CFR 351.222(b)(2), we have determined that application of the antidumping duty order to Venus is no longer warranted for the following reasons: (1) The company had zero or de minimis margins for a period of at least three consecutive years; (2) the company has agreed to immediate reinstatement of the order if we find that it has resumed making sales at less than fair value ("LTFV"); (3) the continued application of the order is not otherwise necessary to offset dumping.

Therefore, for the final results, we determine that Venus qualifies for revocation from the order on stainless steel bar from India pursuant to 19 CFR 351.222(b)(2)(i). We received comments concerning the revocation of the order on stainless steel bar from India produced and/or exported by Venus to the United States. For further discussion of this issue, see Issues and Decision Memorandum at Comment 1. See also Memorandum from Scott Holland to the File “Determination to Revoke the Antidumping Duty Order on Stainless Steel Bar from India for Venus Wire Industries Pvt., Ltd.; Precision Metals, Sieves Manufacturers (India) Pvt., Ltd., and Hindustan Inox, Ltd.,” dated August 31, 2011. In accordance with 19 CFR 351.222(b)(2)(ii), we are revoking the order on stainless steel bar from India produced and/or exported by Venus to the United States, effective February 1, 2010.

Cost of Production

As discussed in the Preliminary Results, we conducted an investigation to determine whether Venus and Facor made home market sales of the foreign like product during the POR at prices below their costs of production ("COP") within the meaning of section 773(b) of the Act. See Preliminary Results. For these final results, we performed the cost test following the same methodology as discussed in the Preliminary Results.

We found 20 percent or more of each respondent’s sales of a given product during the reporting period were made at prices less than the weighted-average COP for this period. Thus, we determined that these below-cost sales were made in “substantial quantities” within an extended period of time and at prices which did not permit the recovery of all costs within a reasonable period of time in the normal course of trade. See sections 773(b)(1) and (2) of the Act.

For purposes of these final results, we continue to find that Venus and Facor made below-cost sales not in the ordinary course of trade. Consequently, we disregarded these sales for each respondent and used the remaining sales (if any) as the basis for determining normal value, pursuant to section 773(b)(1) of the Act. Where there were no home market sales made in the ordinary course of trade, we based normal value on constructed value.

Final Results of the Review

We determine that the following weighted-average dumping margins exist for Venus, Mukand, and Facor for the period February 1, 2009, through January 31, 2010.

De minimis

Assessment Rates

The Department shall determine, and U.S. Customs and Border Protection (“CBP”) shall assess, antidumping duties on all appropriate entries, in accordance with 19 CFR 351.212(b)(1). The Department intends to issue appropriate assessment instructions for the companies subject to this review to CBP 15 days after the date of publication of these final results.

Pursuant to 19 CFR 351.212(b)(1), for all sales made by the respondent for which it has reported the importer of record and the entered value of all the U.S. sales to that importer, we have calculated importer-specific assessment rates based on the ratio of the total amount of antidumping duties calculated for the examined sales to the total entered value of those sales. Where the respondent did not report the entered value for all U.S. sales to an importer, we have calculated importer-specific assessment rates for the merchandise in question by aggregating all home market sales of the foreign like product during the POR at prices below the costs of production ("COP") within the meaning of section 773(b) of the Act. See Preliminary Results. For these final results, we performed the cost test following the same methodology as discussed in the Preliminary Results.

We found 20 percent or more of each respondent’s sales of a given product during the reporting period were made at prices less than the weighted-average COP for this period. Thus, we determined that these below-cost sales were made in “substantial quantities” within an extended period of time and at prices which did not permit the recovery of all costs within a reasonable period of time in the normal course of trade. See sections 773(b)(1) and (2) of the Act.

For purposes of these final results, we continue to find that Venus and Facor made below-cost sales not in the ordinary course of trade. Consequently, we disregarded these sales for each respondent and used the remaining sales (if any) as the basis for determining normal value, pursuant to section 773(b)(1) of the Act. Where there were no home market sales made in the ordinary course of trade, we based normal value on constructed value.

Final Results of the Review

We determine that the following weighted-average dumping margins exist for Venus, Mukand, and Facor for the period February 1, 2009, through January 31, 2010.

Cash Deposit Requirements

Because we are revoking the order with respect to Venus’ exports of subject merchandise, we will order CBP to terminate the suspension of liquidation for exports of such merchandise entered, or withdrawn from warehouse, for consumption on or after February 1, 2010, and to refund all cash deposits collected.

The following deposit rates will be effective upon publication of the final results of this administrative review for all shipments of stainless steel bar from India entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rates for the companies listed above will be the rates established in the final results of this review, except if the rate is less than 0.5 percent and, therefore, de minimis, the cash deposit will be zero; (2) for previously reviewed
or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent final results in which that manufacturer or exporter participated: (3) if the exporter is not a firm covered in this review, a prior review, or the original LTFV investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent final results for the manufacturer of the merchandise; and (4) if neither the exporter nor the manufacturer is a firm covered in this or any previous review conducted by the Department, the cash deposit rate will be 12.45 percent, the “all others” rate established in the LTFV investigation. See Notice of Final Determination of Sales at Less Than Fair Value: Stainless Steel Bar from India, 59 FR 66915 (December 28, 1994). These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

This notice serves as the only reminder to parties subject to administrative protective order (“APO”) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

These final results of review are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: August 31, 2011.

Ronald K. Lorentzen,
Deputy Assistant Secretary for Import Administration.

Appendix—Issues in Decision Memorandum

Comment 1: Whether to Revoke the Order as it Applies to Venus

Comment 2: Whether to Compare U.S. Sales to Home Market Sales of Similar Merchandise

Comment 3: Whether to Accept Venus’ Minor Corrections

Comment 4: Whether Venus’ Air Freighted Sales are Outside the Ordinary Course of Trade

Comment 5: Whether to Grant a Level of Trade (“LOT”) Adjustment to Facor

Comment 6: Whether Application of Total Adverse Facts Available (“AFA”) is Warranted

Comment 7: Whether the AFA Rate is Corroborated

Comment 8: Whether to Use Zeroing Methodology in this Administrative Review

DEPARTMENT OF COMMERCE

International Trade Administration, North American Free-Trade Agreement (NAFTA), Article 1904 Binational Panel Reviews

AGENCY: NAFTA Secretariat, United States Section, International Trade Administration, Department of Commerce.

ACTION: Notice of Decision of Panel.

SUMMARY: On August 29, 2011, the binational panel issued its decision in the review of the United States International Trade Commission’s (the Commission) final injury determination in Large Diameter Line Pipe and Tube from Mexico (NAFTA Secretariat File Number USA–MEX–2007–004–03) affirming the Commission’s remand determination. Copies of the panel decision are available from the U.S. Section of the NAFTA Secretariat.

FOR FURTHER INFORMATION CONTACT: Ellen M. Bolon, United States Secretary, NAFTA Secretariat, Suite 2061, 14th and Constitution Avenue, Washington, DC 20230, (202) 482–5438.

SUPPLEMENTARY INFORMATION: Chapter 19 of the North American Free-Trade Agreement (“Agreement”) establishes a mechanism to replace domestic judicial review of final determinations in antidumping and countervailing duty cases involving imports from a NAFTA country with review by independent binational panels. When a Request for Panel Review is filed, a panel is established to act in place of national courts to review expeditiously the final determination to determine whether it conforms with the antidumping or countervailing duty law of the country that made the determination. Under Article 1904 of the Agreement, which came into force on January 1, 1994, the Government of the United States, the Government of Canada and the Government of Mexico established Rules of Procedure for Article 1904 Binational Panel Reviews (“Rules”). These Rules were published in the Federal Register on February 23, 1994 (59 FR 8686). The panel review in this matter has been conducted in accordance with these Rules.

Dated: September 6, 2011.

Patricia Vidangos,
NAFTA Trade Specialist.

DEPARTMENT OF COMMERCE

MINORITY BUSINESS DEVELOPMENT AGENCY

Meeting of the National Advisory Council on Minority Business Enterprise

AGENCY: Minority Business Development Agency, U.S. Department of Commerce

ACTION: Notice of an open meeting.

SUMMARY: The National Advisory Council for Minority Business Enterprise (NACMBE) will hold its third meeting to discuss the work of the three subcommittees and deliverables to fulfill the NACMBE’s charter mandate. The agenda may change to accommodate Council business.

DATES: The meeting will be held on Thursday, September 29, 2011 from 8 a.m. to 5 p.m. Eastern Time (ET).

ADDRESSES: The meeting will be held at the Marriott Wardman Park Hotel, 2660 Woodley Road, NW, Washington, DC 20008.

FOR FURTHER INFORMATION CONTACT: Demetria Gallagher, National Director’s Office, Minority Business Development Agency (MBDA), U.S. Department of Commerce at (202) 482–1624 e-mail: dgallagher@mbda.gov.

SUPPLEMENTARY INFORMATION: Background: The Secretary of Commerce established the NACMBE pursuant to his discretionary authority and in accordance with the Federal Advisory Committee Act, as amended (5 U.S.C. App. 2) on April 28, 2010. The NACMBE is to provide the Secretary of Commerce with recommendations from the private sector on a broad range of policy issues that affect minority businesses and their ability to access successfully the domestic and global marketplace.

Topics to be considered: During the meeting the three subcommittees will
