Polyethylene Terephthalate Film, Sheet and Strip From India: Rescission, In Part, of Countervailing Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* September 20, 2011.

FOR FURTHER INFORMATION CONTACT: Elfi Blum or Toni Page, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-0197 or (202) 482-1398, respectively.

Background

On July 1, 2011, the Department of Commerce (Department) published a notice of opportunity to request an administrative review of the countervailing duty (CVD) order on polyethylene terephthalate film, sheet and strip from India covering the period January 1, 2010, through December 31, 2010. *See Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity To Request Administrative Review*, 76 FR 38609, 38610 (July 1, 2011). The Department received a timely request for a CVD administrative review from Petitioners¹ for five companies: Ester Industries Limited, Garware Polyester Ltd., Jindal Poly Films Limited of India, Polyplex Corporation Ltd., and SRF Limited. The Department also received timely requests for a CVD review from Vacmet India Ltd. (Vacmet) and Polypacks Industries of India (Polypacks). On August 26, 2011, the Department published a notice of initiation of administrative review with respect to Ester Industries Limited, Garware Polyester Ltd., Jindal Poly Films Limited of India, Polyplex Corporation Ltd., SRF Limited, Vacmet and Polypacks. *See Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocation in Part*, 76 FR 53404 (August 26, 2011). On August 23, 2011, Vacmet and Polypacks withdrew their requests for a CVD administrative review.

¹ Petitioners are DuPont Teijin Films, Mitsubishi Polyester Film, Inc., SKC, Inc. and Toray Plastics (America), Inc.

Rescission, In Part

Pursuant to 19 CFR 351.213(d)(1), the Secretary will rescind an administrative review, in whole or in part, if a party that requested the review withdraws the request within 90 days of the date of publication of notice of initiation of the requested review. Vacmet's and Polypacks's requests were submitted within the 90-day period and, thus, are timely. Because Vacmet's and Polypacks's withdrawals of request for a CVD review are timely and because no other party requested a review of Vacmet and Polypacks, in accordance with 19 CFR 351.213(d)(1), we are rescinding this CVD review with respect to Vacmet and Polypacks.

Assessment

The Department will instruct U.S. Customs and Border Protection (CBP) to assess countervailing duties on all appropriate entries. Vacmet and Polypacks shall be assessed countervailing duties at rates equal to the cash deposit of estimated countervailing duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). The Department intends to issue appropriate assessment instructions directly to CBP 15 days after publication of this notice.

Notification Regarding Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This notice is issued and published in accordance with section 777(i)(1) of the Tariff Act of 1930, as amended, and 19 CFR 351.213(d)(4).

Dated: September 14, 2011.

Christian Marsh,

Deputy Assistant Secretary, for Antidumping and Countervailing Duty Operations.

DEPARTMENT OF COMMERCE

National Institute of Standards and Technology

Proposed Information Collection; Comment Request; NIST Three-Year Generic Request for Customer Service-Related Data Collections

AGENCY: National Institute of Standards and Technology (NIST), Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce (DOC), as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before November 21, 2011.

ADDRESSES: Direct all written comments to Diana Hynek, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or a copy of the collection instruments and instructions should be directed to Darla Yonder, Management Analyst, NIST, (301) 975-4064 or via e-mail to darla.yonder@nist.gov.

SUPPLEMENTARY INFORMATION:**I. Abstract**

In accordance with Executive Order 12862, the National Institute of Standards and Technology (NIST), a non-regulatory agency of the Department of Commerce, proposes to conduct a number of surveys, both quantitative and qualitative. The surveys will be designed to determine the type and quality of the products, services, and information our key customers want and expect, as well as their satisfaction with and awareness of existing products, services, and information. In addition, NIST proposes other customer service satisfaction data collections that include, but may not be limited to focus groups, reply cards that accompany product distributions, and Web-based surveys and dialog boxes that offer customers the opportunity to express their level of satisfaction with NIST products, services, and information and for ongoing dialogue with NIST. NIST will limit its inquiries to data collections that solicit strictly

voluntary options and will not collect information that is required or regulated. No assurances of confidentiality will be given. However, it will be completely optional for survey participants to provide their name or affiliation information if they wish to provide comments for which they elect to receive a response.

II. Method of Collection

NIST will collect this information by electronic means, as well as by mail, fax, telephone, and person-to-person interaction.

III. Data

OMB Control Number: 0693-0031.

Form Number: None.

Type of Review: Regular submission (extension of a currently approved information collection).

Affected Public: Business or for-profit organizations, individuals or households, not-for-profit institutions.

Estimated Number of Respondents: 6,000.

Estimated Time per Response: Less than 2 minutes for a response card, 2 hours for focus group participation. The average estimated response time is expected to be less than 30 minutes.

Estimated Total Annual Burden Hours: 3,500.

Estimated Total Annual Cost to Public: \$0.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: September 14, 2011.

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.

Notice of Availability of Proposed Low Effect Habitat Conservation Plan for Tumalo Irrigation District's Tumalo Conservation Project

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of availability; receipt of application.

SUMMARY: NMFS advises interested parties of Tumalo Irrigation District's (TID) application for an incidental take permit, pursuant to the Endangered Species Act of 1973, (ESA). The requested 50-year permit would authorize the incidental take of Middle Columbia River Steelhead in the Deschutes River basin that may occur from irrigation activities and construction of water conservation projects implemented by TID. NMFS is requesting comments on the permit application and on Tumalo Irrigation District's low effect Habitat Conservation Plan (HCP). The application and HCP are available for public review.

DATES: Written comments must be received no later than 5 p.m. Pacific Standard Time on October 20, 2011.

ADDRESSES: All comments concerning the proposed issuance of an incidental take permit and the HCP should be addressed to: Scott Carlon, National Marine Fisheries Service, 1201 NE Lloyd Blvd., Suite 1100, Portland, OR 97232, facsimile number 503-231-2318. Comments may be submitted by e-mail to the following address: TumaloHCP.nwr@noaa.gov. In the subject line of the e-mail, include the document identifier: Tumalo Irrigation District HCP.

FOR FURTHER INFORMATION CONTACT: Scott Carlon, NMFS (503) 231-2379.

SUPPLEMENTARY INFORMATION:

Availability of Documents

Individuals seeking copies of the proposed HCP should contact NMFS by telephone (see **FOR FURTHER INFORMATION CONTACT**) or by letter (see **ADDRESSES**). Copies of the subject documents also are available for public inspection during regular business hours at NMFS' Hydropower Division Office (see **ADDRESSES**) and are available at the following Web site: <http://www.nwr.noaa.gov>.

Statutory Authority

Section 9 of the ESA prohibits the taking of any listed species. The definition of "take" under the ESA (16 U.S.C. 1532(19)) includes to harass, harm, hunt, shoot, wound, kill, trap, capture, collect, or attempt to engage in any such conduct. NMFS' definition of "harm" includes significant habitat modification or degradation where it actually kills or injures fish or wildlife by significantly impairing essential behavioral patterns, including breeding, feeding, spawning, migrating, rearing, and sheltering (64 FR 60727, November 8, 1999).

Section 10 of the ESA and implementing regulations specify requirements for the issuance of incidental take permits (ITP) to non-Federal entities for the incidental take of endangered and threatened species. NMFS's regulations governing permits for incidental taking of threatened and endangered species are at 50 CFR 222.307. Any proposed take must be incidental to otherwise lawful activities, not appreciably reduce the likelihood of the survival and recovery of the species in the wild, and minimize and mitigate the impacts of such take to the maximum extent practicable. In addition, the applicant must prepare and submit an HCP describing the impact that will likely result from such taking, the conservation measures to minimize and mitigate the take, the funding available to implement such steps, alternatives to such taking, and the reason such alternatives are not being implemented.

Background

The Tumalo Irrigation District (TID) is an 8,200-acre irrigation project located northwest of Bend in Deschutes County, Oregon. TID is seeking a permit from NMFS for the incidental take of ESA-listed Middle Columbia River (MCR) steelhead (*Oncorhynchus mykiss*) that are being reintroduced into historic habitat downstream of TID. The ITP would provide ESA regulatory certainty for TID's existing operations and proposed water conservation projects providing that TID meets the permit conditions. Existing operations included in the HCP as covered activities include the diversion of flow from Tumalo Creek and the Deschutes River, maintenance activities associated with diversion structures and conveyance systems, and water conservation projects including piping portions of the irrigation canals.

TID has a total water right of 211.25 cubic feet per second (cfs) and diverts water from two locations: Tumalo Creek
